

BROKE NEW RULE FOR BOY SCOUTS

Property Committee Will Allow Free Use of North Toronto Hall.

MARKETS IN OPEN AIR

Will Be Established on Spadina Avenue and Indian Road.

North Toronto Ratepayers' Association and the Boy Scouts asked the property committee yesterday for the free use of the old town hall there for their meetings.

"At the beginning of this year we decided that to give the use of civic hall without charge is too costly to the city," said Ald. Weston. "A series of charges was adopted. We should not fall down on our decision now."

A majority of the committee contended that an exception should be made in this case, and the association and scouts may meet in the old town hall in North Toronto free of charge.

Ald. Burgess put through a motion urging the board of control to nominate a city architect at once.

Ald. Wanless moved that truck farmers be given permission to occupy each morning for market purposes, the east side of Spadina avenue, north of Baldwin street, and the east side of Indian road south of Dundas street, provided the commissioner of works and police commissioners will recommend it.

Need Rock Pavement.

"We would need a trap rock road at those market places to stand the wear and tear," Ald. May remarked.

"It will be an experiment in market," Ald. Wanless said. "Other cities have tried out open-air market stands with much success." His motion was adopted.

Ald. Wanless offered another motion that an open-air market be established in North Toronto, and that the assessment and property commissioners report upon the property required. This was carried.

Civic Garage, Soho Street.

Commissioner Chisholm recommended that if the basement of St. Lawrence Market be arranged the civic garage there be abandoned and each department provide garage accommodation for its cars. The council recommendation was not approved. Instead the board of control is to be asked to provide funds to fit up St. Andrew's Market for a storage place for the works department, and that the civic premises on Soho street, now used by the works department, be fitted up as a civic garage.

Charges Against Chief Fiall.

On Saturday night, in the Masonic Hall, St. Catharines, Chas. M. Henderson of this city, submitted various lots in the original townsite of Port Hope to public competition. Between 600 and 800 people attended and great public interest was displayed. The bidding being very spirited. A large number of lots were sold realizing several thousand dollars.

Port Weller, on the new Welland ship canal, is undoubtedly destined to become an important industrial centre. The amount of money now being expended in the canal by the government is a sufficient guarantee of the future of the town which offers an unusual opportunity to the small investor. One special feature of Port Weller is that the interest taken in the town is almost entirely local instead of, as commonly, coming from outside districts. The utmost confidence is felt that the entire subdivision will find a ready market.

HOLD-UP MAN AT KINGSTON.

KINGSTON, Oct. 6.—(Special.)—While sitting on a bench in the city park last night with a lady, Harry Blackman, a member of "A" Battery, was held up at the point of a revolver by a stranger who demanded money. When Blackman said he had no money, the stranger questioned the lady, but getting nothing for his trouble passed over to another bench where a couple was sitting, and again flourished the revolver and demanded money. The girl screamed. The hold-up man ran away. Three men who noticed him run gave chase, but he eluded his pursuers. About half an hour before the hold-up occurred, the home of Cornelius Birmingham, near the park, was entered and robbed of a gold watch and two chains. Members of the family were horrified, but did not hear anyone enter the house.

ATTEMPTED TRAIN WRECKING.

KINGSTON, Oct. 6.—(Special.)—An open switch suddenly turned by some person to wreck a train on the Grand Trunk Railway, caused two coaches on the early morning suburban train, backing into the station, to pass passengers to go off the track. Trainmen had to jump to save their lives. An investigation is being held. Luckily there were no passengers on the train.

STANDARDIZE COMMERCIAL LAW.

MADRID, Oct. 6.—(Can. Press.)—The International Law Congress at its final sitting today, recommended the standardization of commercial laws, and especially with regard to bills of exchange and cheques. The next congress will be held at The Hague.

CHEESE MARKETS.

LONDON, Oct. 6.—At the Victoria Cheese Board today six factories sold 11,140 cwt. and three at 12,140 cwt.

What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physiological culture stunts and rub-on creams resign themselves to lifelong skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and thus additional fats that thin people need are provided. Leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

LIVED UNDER SIX SOVEREIGNS.

KINGSTON, Oct. 6.—(Special.)—Mrs. Laing, mother of Rev. Douglas Laing, pastor of the First Baptist Church, died today, aged 96 years. She was the widow of the late Rev. Douglas Laing, born in Roxburghshire, Scotland, who lived under six British sovereigns. Mrs. Laing was a descendant of one of the Douglas family, famous in border warfare in Scotland. She is survived by twenty-four grandchildren and six great-grandchildren.

During the course of Mr. Ruddle's testimony he gave out a great deal of interesting information concerning the tendency of the royal navy. This has now been printed in a pamphlet of fourteen pages for free distribution to all who apply for it to the publications branch of the department of agriculture at Ottawa.

For only Six Certificates of consecutive dates (printed daily elsewhere in these columns) and the expense amount of \$1.18 for the large volume, or 48 cents for the smaller size, which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary expenses.

ACT QUICKLY...THEY'RE GOING FAST

Magnificent Colored Illustrations

Many of the pictures in this book represent scenes far removed from the trodden path of the tourist—views of the jungle, of strange natives residing within the borders of the Zone, quite unknown outside of their own narrow world because of the difficulty in reaching them. These pictures are rare and are found only in this volume. The beautiful large colored plates in the book are reproduced in splendid full pages from water-color studies made by E. J. Read, the well-known artist, who spent many months in the study of Canal scenes. No book of similar character contains such a wealth of magnificent color.

More Than 600 Illustrations

including full pages in natural colorings

Well Worth \$4 as a Modern Work of Art

Given to Newspaper Readers Thruout the Country at the Mere Cost of Distribution

All that we can say of this book—all the words of praise from pleased readers who get their copies—all the exclamations of delight from callers who see this book for the first time—none can describe its rare beauty. Artists have paid tribute to it; poets have gone into raptures over it; critics are delighted with its charms. Yet none can do it justice. Words are indeed weak when called upon to set forth the magnificence of this artistic creation.

DAIRY PRODUCTS STAY IN CANADA

Canadians Are Consuming More Butter and Cheese Than Formerly.

PAMPHLET PREPARED

For Distribution by Department at Ottawa, Sums Up Situation.

Conditions affecting the marketing of the dairy industry in Canada have undergone rapid changes during recent years. In the past it has been the custom to estimate the growth of the industry on the basis of export trade. This, however, has become an entirely unreliable guide, because Canada no longer has butter to spare, but finds it necessary to import from other countries. Cheese exports, too, have greatly decreased.

These facts were brought to the attention of the select standing committee on agriculture and colonization during the past session of parliament by Mr. J. A. Ruddle, dairy and storage commissioner, who showed very clearly that the industry is not losing ground, but is making steady progress. It was brought out that Canadian people are consuming relatively more milk and milk products than heretofore and that an increasing quantity of milk is being manufactured into condensed milk, casein and other products.

During the course of Mr. Ruddle's testimony he gave out a great deal of interesting information concerning the tendency of the royal navy. This has now been printed in a pamphlet of fourteen pages for free distribution to all who apply for it to the publications branch of the department of agriculture at Ottawa.

AGED GALTONIAN CALLED BY DEATH

GALT, Oct. 6.—(Special.)—Richard Sidney S. Strong, one of Galt's oldest and most respected citizens, passed away this morning at the ripe old age of 89. Death was due to natural causes, but hastened by an incurable ailment of many years' standing. Up to the last Mr. Strong retained his acute mental faculties and was able to transact business, although he had abandoned all financial activities on retirement from the management of the Gore District Fire Insurance Co. seven years ago.

The late Mr. Strong was a native of Dorset, England, and the son of Capt. Talbot Strong of the royal navy. He had lived in Galt 60 years. His earlier business life was spent as chemist and druggist. A gifted musician, he for years conducted the choir of Trinity Church, of which he was a devoted member. He is survived by one son, Arthur, of Galt; and two daughters, Mrs. MacWhinney, London, and Mrs. Lewis, Ottawa.

USE STAG ISLAND AS PEACE PARK

SARNIA, Oct. 6.—(Special.)—G. H. H. Williamson, Dominion Government engineer, was at Stag Island yesterday and today, on orders from Dr. Roche, minister of the interior, looking over the island, as the government may take steps in the near future to use it as a peace park commemorating the 100 years of peace between this country and the States. Last summer a most successful peace assembly was held there, and the matter was brought to the attention of the government thru the efforts of several prominent men in parliament.

The island, which is about 400 acres in extent, is valued at \$200,000 by the owners. If the government takes over the property it will be used as a peace park and summer resort, and if not, it will be developed by the present owners. At this time the property on the island is valued at \$150,000, which includes docks, hotel and summer cottages.

YOU MAY HAVE THIS BOOK ALMOST FREE

It is a big, beautiful book that would quickly sell at \$4 under ordinary conditions, but on account of its timely educational features it is now presented to

Readers of The Toronto World

For only Six Certificates of consecutive dates (printed daily elsewhere in these columns) and the expense amount of \$1.18 for the large volume, or 48 cents for the smaller size, which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary expenses.
