

DELEGATES HEAR OF HYDRO SYSTEM

Two Hundred Addressed by Sir Adam Beck at Yesterday's Meeting.

NONE HAVE DEFAULTED

Municipalities' Only Responsibility That Debt is Paid in Thirty Years.

as Laid Before It Would Be Directed.

Members of the Ontario and Stoveholders' Association, who are interested at the King's Hotel, where their conference is being held.

and by President McArthur, who characterized the inspection of some of the hydro-electric plants.

These sixty-five municipalities have invested in lands, buildings, equipment, etc., \$15,677,000. They have a reserve fund of \$374,000 and a surplus of \$755,000. "In no single case has a municipality defaulted in a scheme in which \$25,000,000 is invested, and the only responsibility they have is to see that the debt is wiped out in thirty years," said the speaker.

Can Get Lower Rate. Sir Adam put particular stress on the fact that the successful outcome of the hydro-electric scheme placed the people of the Province of Ontario in a position where they could go to the money markets of the world in connection with any provincial undertaking of a similar nature and get money at a lower rate than any private corporation. "The bonds are practically a first mortgage on the whole system," said he.

In going into the facts in regard to the hydro-electric system, it was Sir Adam's intention to bring to the attention of the delegates the fact that the hydro-electric system, which is the backbone of the province, is the only one of its kind in the world. It is the only one of its kind in the world. It is the only one of its kind in the world.

Two hundred delegates from the municipalities of Ontario to the Hydro Radial Union of Ontario were addressed for about an hour by Sir Adam Beck in the assembly hall of the Labor Temple yesterday afternoon. Sir Adam told how he and his associates had developed the hydro-electric system and brought it up to its present state of efficiency. The sixty-five municipalities now using hydro power are getting it at a less rate than their contract called for, in spite of the fact that many of them are not using the amount stipulated by a considerable margin.

These sixty-five municipalities have invested in lands, buildings, equipment, etc., \$15,677,000. They have a reserve fund of \$374,000 and a surplus of \$755,000. "In no single case has a municipality defaulted in a scheme in which \$25,000,000 is invested, and the only responsibility they have is to see that the debt is wiped out in thirty years," said the speaker.

Can Get Lower Rate. Sir Adam put particular stress on the fact that the successful outcome of the hydro-electric scheme placed the people of the Province of Ontario in a position where they could go to the money markets of the world in connection with any provincial undertaking of a similar nature and get money at a lower rate than any private corporation. "The bonds are practically a first mortgage on the whole system," said he.

In going into the facts in regard to the hydro-electric system, it was Sir Adam's intention to bring to the attention of the delegates the fact that the hydro-electric system, which is the backbone of the province, is the only one of its kind in the world. as we are, the hydro-electric radicals of this province cannot help but be a success.

Executive Meeting. An executive meeting of the union was held in the council chamber of the city hall in the morning, at which Mayor Church introduced a resolution calling upon the Ontario municipalities to combine to tender the Hon. Adam Beck a presentation as a mark of the province's appreciation in connection with his work on the hydro-electric and hydro-radials.

A constitution was adopted and the officers elected were as follows: Honorary president, Sir Adam Beck; honorary vice-presidents, I. B. Lucas, W. K. McNaught; president, James W. Lyon; first vice, Mayor T. L. Church; second vice, ex-Mayor Graham, London; third vice, A. F. Wilson, Markham; fourth vice, Mayor Buller, Peterborough.

District executives were appointed in the following order: Ex-Mayor Evans, Prescott; T. F. Matthews, Peterborough; J. H. Downey, Whitby; Controller John O'Neill, Toronto; Peter Ray, East Flamboro; G. B. Thomas, Mayor Clay, Windsor; R. Sturtevant, Petrolia; D. McLaughlin, Stratford; W. C. Bush, St. Catharines; R. Lush, Clarkson.

ASSESSMENT BILL AFFECTS FARM LANDS Purpose is to Prevent Heavy Taxation in Villages and Small Towns.

W. C. Chambers of West Wellington introduced yesterday an assessment bill of unusual character. The purpose of it is to prevent the heavy taxation of farm lands in villages and small towns. Assessments in general and those on improvements are both excluded in the provisions.

The first clause rules in all centres having 3000 persons or under, in which lands are held for farm purposes only, and in sections of not less than five acres under ownership of one man, they shall be assessed only as farm lands, irrespective of subdivision.

Provision is also made for exemption from prevailing charges for local improvements and water services. The owner applies for this privilege and where the local assessment board fails to uphold his claim, may proceed to the county judge.

DEBATE ON SINGLE TAX. James R. Brown, president of the Manhattan Single Tax Club, New York, and field lecturer of the New York State Single Tax League, will deliver a single tax with Gordon Wadron, editor of The Farmers' Sun, at the Queen Mary, 1144 Yonge street, on Friday evening at 6.30.

DIRECTED TO PAY SHARE OF PROFITS

Partnership Existed Between Parties in Operating Sand and Gravel Pits.

OSGOODE JUDGMENT

Joseph Bennett Entitled to Recover as Active Partner in Silverthorne Co.

Mr. Justice Sutherland at Osgoode Hall yesterday gave judgment in the application of Joseph Bennett for a declaration that a partnership existed between him and A. Pearce in the working of a gravel pit, known as the Silverthorne Sand and Gravel Pits.

The plaintiff declared that the defendant approached him in May, 1914, for the purpose of forming a partnership in the distribution of gravel from the pits, the property for which he had leased. He endeavored to have the defendant put the agreement in writing, but he states that Pearce kept putting it off from time to time. It was verbally agreed that Bennett should have charge of the distributing of the gravel and Pearce was to have charge of the books. The first week of the working of the pits Bennett supplied horses and wagons to clear the property and Pearce paid them. This was to have no effect on the partnership.

Secured Lease Himself. The plaintiff's horses and wagons were used in the operation from about May 24, 1914, until the end of the year, when the partnership was dissolved. Not being able to secure any profits, which he considered he was entitled to, and being treated as an employee by the defendant, Bennett found out that the lease could be terminated at any time and that it did not exist for three years, as he was led to believe. He then secured the lease in his own name.

The defendant denies that the plaintiff was a partner and states that he voluntarily agreed to give him a share of the profits. He submitted that a partnership did not exist. In his judgment his lordship stated that it was impossible to come to any other conclusion than that a partnership did exist and each one was to have an equal share of the profits. In support of his contention he points out that the plaintiff signed cheques relating to the firm of Bennett and Pearce. He finds that the arrangements made were in the same relation as that existing between men in com-

mon with a view to a sharing of profits. The plaintiff is entitled to a half of the profits in the working of the pits from about May 24, 1914, until the close of the same year. The first appellate court list for today is: Baird v. Clarke, Cayland v. H. G. and B. Railway, re G. T. R. v. Ramsay, re Harris Estate, Boyer v. Campbell, Matchler v. Jasperston, Chapman v. Chapman.

ELECTED TO BOARD OF INDUSTRIAL SCHOOL

J. Wanless and W. W. Hiltz Become New Members and Corporal Punishment Discussed.

At the regular monthly meeting of the industrial school board yesterday afternoon the resignation of H. W. H. Foster, who is going to the war, from the board, was accepted. John Wanless was appointed in his place, and W. W. Hiltz was also appointed to another vacancy on the board. The rest of the meeting was taken up in the discussion, adoption and arrangement of the bylaws. Discipline of the school was thoroughly looked into, and it was decided that as corporal punishment is still found to be a necessity in a school of 700 boys, that steps would be taken to see that no officer harmed a boy in fulfilling his duty to the school. G. Tower Ferguson presided.

VIC COLLEGE LIT. ELECTION CAMPAIGN

C. C. James, C.M.G., was elected hon. president of the Union Literary Society at Victoria College, by acclamation on Tuesday. The slate for the coming election, to be held March 6, is as follows for the Independent and Democratic parties: Independent, president, J. B. S. Nehercott; vice, E. J. Rodston; critic, L. H. Hutton; leader of party, J. E. Mitchell; treasurer, A. L. Humphrey; secretary, P. Galloway. Democratic, president, A. R. Wilmot; vice, N. B. Luck; critic, W. G. Martin; leader of party, B. J. Roberts; treasurer, L. B. Pearson; secretary, G. A. Blackford.

LANDSLIDE DETAINS PASSENGER TRAINS

Yesterday morning about 3 a.m., a landslide in a cut near Westleyville wrecked a number of C. P. R. freight cars. Westleyville is one of the stations on the new division about five miles from Fort Hope. It is thought that the landslide was caused by the rain and melting snow. Fortunately it occurred at that hour as the Montreal train was due to pass that spot a few minutes later. Several trains were held up by the accident, including the Montreal passenger and the Trenton local.

MADE IN CANADA.

THE CAR WITH THE

VALVE-IN-HEAD MOTOR

Why do the leading builders of Aeroplanes, Submarines and Marine Gas Engines (where power and absolute dependability are necessary), use "Valve-in-Head" Motors?

For the same reason we use it. Because it is the best type of motor; and the McLaughlin-Buick is the best motor of the type.

Come in and let us show you. McLaughlin 1915 models are the embodiment of power, grace and refinement.

Please visit our Opening this week at our Showrooms.

AMBULANCE GIVEN BY LINCOLN COUNTY
McLaughlin Company Also Makes Presentation to Red Cross Society.

Another valuable and patriotic contribution was made yesterday, when Louis H. Collard, warden of Lincoln County (Niagara district), and four of his colleagues in the county council visited Toronto and purchased a McLaughlin Motor Ambulance, which their county will present to the Canadian Red Cross Society.

This ambulance is to be an exact duplicate of the one presented this week by the makers themselves, the McLaughlin Carriage & Motor Car Co., to the same society. This latter ambulance has been the object of much admiration and close inspection, not only of the different members of the Red Cross executive, but the general public, since its exhibition at the McLaughlin showrooms, corner Church and Richmond streets.

Bad Spells With the Heart

Mrs. A. D. Cameron, Birch Brook, Pictou county, N.S., writes:—"For two or three years I was in a run-down condition, very nervous, lost strength, and was drowsy and sleepy. Then I began to have bad spells with the heart, and cold feelings would creep over me until I felt like death and as if I were sinking away. I would smother, and my hands would become stiff and cold, and windows and doors would be thrown open being proper to life. A year ago I read about Dr. Chase's Nerve Food and began its use, and can now say that I am practically cured. As I am still gaining strength I shall continue its use for a time. During my illness I had two different doctors, but as I could get little benefit from them, I turned to Dr. Chase's Nerve Food, with great advantage. I will gladly answer anyone who wishes to hear direct from me."

Weak Heart—Palpitation

Mr. Stephen J. Leard, North Tryon, P.E.I., writes:—"At seventy-five years of age my heart gave out and became very irregular and weak in action and became very palpitate. My nerves also became weak, and I could do nothing but lie in bed in a languishing condition, losing strength and weight. In that condition I began using Dr. Chase's Nerve Food, and am cured. Had I not obtained this treatment I would now be in the box with the roof over my nose. At eighty-one I have an energy which I turned to Dr. Chase's Nerve Food, with great advantage. I will gladly answer anyone who wishes to hear direct from me."

Blood Weak—Nerves Exhausted

Miss Effie Bancroft, Longwood, Ont., writes:—"A year ago I was very much run down in health. The blood seemed to be weak and the nerves very much exhausted. Having heard of Dr. Chase's Nerve Food and of its success in curing cases similar to mine, I began to use it, and was very greatly benefited by continuation of this treatment. Two of my sisters also used this medicine, and found it to be a splendid means of building up the system."

Stomach Trouble—Fainting Spells

Mrs. A. A. Currie, ladies' tailress, Bideford, P.E.I., writes:—"I had stomach trouble and fainting spells, and the gas would form on my stomach, so that I would feel like smothering. Often I could not sleep at night without being propped up in bed, as I couldn't get a breath. For about five years I was like that, and consulted four doctors, without being benefited. By using Dr. Chase's Nerve Food and Kidney-Liver Pills I have obtained the greatest benefits imaginable. No medicine I ever took did me so much good, and I want to recommend them."

Chorea—St. Vitus Dance

Mrs. Geo. Chisholm, R.R. No. 1, Grafton, Ont., writes:—"I have used Dr. Chase's Nerve Food for my little girl for what the doctors pronounced Chorea, a disease of the nerves. I consulted our family doctor, and he gave her liquid medicine, but do what we would, we could not get her to swallow it. A neighbor advised the use of Dr. Chase's Nerve Food, and, being in pill form, she took it without any trouble. She was about seven years old, and got pale and run down. The muscles of the face were affected, and she became a pitiful sight. She seemed to improve right along under this treatment, and was entirely cured by using six boxes. She is nine years old now, and you cannot find a larger, healthier-looking child for her age. I shall always be grateful to what Dr. Chase's Nerve Food has done for us, and I can recommend it to all nervous people. You are at liberty to use this letter, so that others may benefit."

Old and Young Pay Tribute to the Great Restorative and Upbuilding Influence of Dr. Chase's Nerve Food

From Ocean to Ocean Come Letters of Gratitude to Tell of the Benefits Derived From This Great Food Cure.

Cheering Messages to Nervous Sufferers

Throwing aside all prejudice, the real test of any medical treatment must after all be, "Will it Cure?" Apply this test to Dr. Chase's Nerve Food and you find the answer on this page from men and women who have no other object in writing these letters than the benefit of their fellow men and women.

From bitter experience they can sympathize with all who are run down in health, nervous, irritable and discouraged. They know how slow and tedious nervous diseases usually are, and how difficult it is to find a real cure. They are grateful for benefits received, and anxious that others may know about Dr. Chase's Nerve Food, the great food cure.

Dr. Chase's Nerve Food is for sale at all dealers at 50 cents a box, 6 for \$2.50, or sent postpaid on receipt of price by Edmondson, Bates & Co., Limited, Toronto.

Chronic Indigestion Cured

Mrs. Herbert Arbuckle, Deschene, Que., writes:—"I had a bad attack of Chronic Indigestion after the birth of my baby, and though I went to three doctors they all failed to cure me. I read about a lady being cured by Dr. Chase's Nerve Food and began its use. It was only a short time until the trouble was overcome, and I can eat anything I want now without ill effects. My weight now is 130 pounds, and I am writing this so other women may know of the Nerve Food and get well and strong."

Anaemia—Extreme Weakness

Mr. T. Hyndman, farmer, Rupert, Que., writes:—"I had been gradually falling in health for two years, and tried many remedies. Among others I used Dr. Chase's Kidney-Liver Pills, and found them doing me good. Some neighbors told me the doctors said they were dangerous, so I quit their use and went to the doctor. Under his treatment I got so weak I was unable to raise my head from the pillow, and he told me that I had anaemia of the blood and could never be better again, so I sent for another doctor, and he told me the same. I could not take their medicine and was continually vomiting, so I gave them up and said, 'Kill or cure, I will again try Dr. Chase's medicine.'"

"I used altogether fourteen boxes of Dr. Chase's Nerve Food and six boxes of Dr. Chase's Kidney-Liver Pills, and now I can work from 6 o'clock in the morning until 7 at night, and I don't poke at anything. Any man that works a farm knows what kind of a job it is. I honestly believe that I owe my life to Dr. Chase's Nerve Food and Pills, and I praise them everywhere I go. Many of the people here use them to keep the system in good condition and prevent disease."

Dizzy Spells—Peculiar Feelings

Mrs. T. P. Cullen, Fairview Farm, Shepard, Alta., writes:—"My nervous system was so run down and exhausted that terrible dizzy spells would come over me, and I would have most peculiar feelings. Everything appeared as if it was falling on me, and caused me to jump after taking a few steps. While in this frightful nervous condition I heard of Dr. Chase's Nerve Food and began using it. This treatment built up my nervous system and completely cured me, and for this reason I am always glad to recommend it for the sake of those who suffer as I did."

Nerves Exhausted—Feared Future

Mrs. R. J. Billings, nurse, North Bay, Ont., writes:—"I am happy to be able to say that Dr. Chase's Nerve Food is fully worth all the praise given it. I have used Dr. Chase's Nerve Food for some time, and would not be without it in the house. I know that if it had not been for Dr. Chase's Nerve Food I would have been out of my mind. My nerves were so far gone that I had gloomy forebodings of the future, and feared the loss of reason. I feel fine now, and do not lose an opportunity of recommending this treatment to my patients."

Nervous Breakdown—Sleeplessness

Mr. R. B. Hillman, Furber, Muskoka, Ont., writes:—"About four years ago I was all run down, and could not work, and as to writing a letter, I could not do it on account of my hand shaking so badly. My nerves were unstrung and I was troubled with a nervous breakdown. I could not sleep soundly and would start up so suddenly as to almost jump out of bed. My kidneys were bad, too, and I had awful pains in the back all day. I doctored with our family doctor, but he did not seem to know what I needed. I was recommended to try Dr. Chase's Nerve Food, and could sleep well three nights after starting the use of the Nerve Food and Kidney-Liver Pills. I take great pleasure in recommending these medicines, as I have proved that they do all that is claimed for them."
