**Announcing Our** 

# Semi-Annual Piano Sale

Of seventy-eight Organs, Squares, Uprights and Players at "Economy" prices and terms SALE OPENS FRIDAY, 8.30 a.m.; CLOSES TUESDAY, 9.30 p.m.

IN announcing our regular Semi-Annual Sale of accumulated instruments this Spring, we call your attention to the sound reasons that have made these sales so attractive and successful.

## The Instruments and the Seller

1st. While most of the instruments are used, they are all standard, established makes, from many Toronto's finest homes. They are all overhauled and put into condition by our own repair men. You purchase them from a house that assures satisfaction and value.

## The Selling Plan

2nd. By disposing of all these instruments in a few short days we practically eliminate the usual heavy selling and overhead expense. This, combined with the fact that we also reduce our own profit, enables us to present prices considerably lower than usual—either here or elsewhere.

## The Easy Terms

The terms on every instrument are very low-lower than is customary, despite the reductions in price. This permits any home to take advantage of this ofthe low prices possible.

OPEN SATURDAY EVENING

This year the sale is, we believe, better and more attractive than before. There are more bargains and the unusual conditions have put them in our hands on better terms. It would be impossible to give a good idea of all the bargains in this space. You should see them.

THEY INCLUDE: 8 organs .....\$ 12.50 up 12 square pianos . . . . . . . . . . . . \$5 up 43 upright pianos ..... \$65 up

15 player-pianos ..... \$295 up Terms from 50c weekly up.
