INSANITY AND CANCER CURE

Remarkable Results Attained in England Reported by Returned Gotham Physician.

New York, Sept. 16.—A new remedy for insanity, from which English scientists expect much, was brought here to-day by Dr. G. Tracy of this city, who has been active in the investigation of the wonderful new power which promises to revolutionize the science of medicine.

Dr. Tracy returned from London, where he has spent a month in hospital, studying the application of radium in medicine. There experiments were made with demented patients, and the results were so remarkable that the doctor has returned to his native city with a new method of applying radium for the cure of insanity.

"The manner of application," said Dr. Tracy, "is by means of a sort of cap, closely fitted to the patient's head. This is charged with radium and barium of moderate activity. This radium activity has produced really remarkable results in cases not only of insanity, but of locomotor ataxia, tho, of course, further experimentation will be necessary before the usefulness of the new remedy is established.

"Perhaps quite as interesting is the new method of applying radium for the cure of cancer and cancerous growths. This method was suggested by Sir William Roentgen, the distinguished English scientist. Its great cost puts it out of the reach of the mass of patients who are afflicted with these diseases.

"The method consists of dissolving radium in water, and from the solution of this forming a second solution. This second solution is injected into the patient with a hypodermic syringe. The amount of radium dissolved is 100 milligrams, and this costs \$300, but after the powder has been once dissolved, it can be precipitated and again dissolved, and this repeated for an indefinite number of times.

"Such cases are under experimentation in London, and it is reported that the results are successful. They have not yet been subjected to scientific scrutiny, long enough to prove the cure, however.

"Here is another cure, also new," continued Dr. Tracy, drawing a small disc of lead-colored metal from a case. "This is blamuth impregnated with radium, and is applied externally."

THE WAY TO REFORM A MAN.

Rev. Isaac Couch Discusses a Problem in a Practical Way.

In Woodgreen Methodist Church last night the pastor, Rev. Isaac Couch, preached on "The Atonement." He viewed the subject from both the divine and the human side, spending most of his time discussing two questions: first, is it right for one person to suffer for another? and secondly, is it right for one to receive the benefit of the suffering of another?

In the past, he said, men have made heroes of themselves in suffering for others, and their actions were universally praised and approved of to this day. It is the spirit of sacrificing love, as seen in Christ, that was universally applied, it would transform this world and make life a paradise of peace and happiness. It would solve the vexed problem of labor and capital and run every business enterprise according to the golden rule.

In the course of his remarks Mr. Couch declared that if he had his way he would take striped clothing from every man in the industrial schools. No man was brought nearer to God and redemption by being compelled to wear clothing one half of which is a dirty brown and the other half is a bright black. We transformed a man by appealing to the good and the God within him and not by dressing him.

Officers in charge of prisoners should be appointed because of their wisdom, patience, tenderness of heart and natural good judgment, and not because of any special political influence. Some people, by their actions, thought that God intended to do His worst by the fallen, forgetting that He has everywhere promised to do His best. He says the Herero halibut is spreading, that Chief Witbo's followers are well armed, and that their members are constantly increasing.

PLAY CRICKET IN SEPTEMBER.

Grace Church Won League Game From St. Clements by 64 Runs.

The Grace Church cricket team won a C. and M. League game from St. Clements Saturday at Leslie Park by 64 majority, score being 118 to 54. Walter Rawlinson, for the winners, threw up a splendid score by hitting and gave a masterly exhibition of batting, and gave a masterly exhibition of bowling, and gave a masterly exhibition of fielding.

St. Albans Won Two Games.

At St. Albans on Saturday, St. Albans won by 61 to 12 for the winners, the captain, C. Edwards, set him a good example by leading the top score of 21. Wheatley and Dawson also made double figures, the former getting six wickets for 20 runs, including a hat-trick, and the latter, as in the former game between the two clubs, carried off the bowling honors, getting four for 14.

Wheatley, c. Stokess, b. Clarke, 12; Hamilton, b. Clarke, 4; Lumber, b. Clarke, 0; Dawson, c. Davis, b. Clarke, 21; Ricketts, c. Clarke, b. Wood, 4; C. A. Edwards, b. Wood, 8; Carter, c. Wise, b. Wood, 2; Jackson, not out, 2; Extras, 6; Total, 65.

Holt, c. Edwards, b. Hamilton, 3; Colborne, b. Hamilton, 0; Lumber, b. Hamilton, 0; Ash, b. Hamilton, 0; P. J. Davis, b. Hamilton, 0; Cox, c. Lumber, b. Hamilton, 0; A. Ledger, b. Hamilton, 1; Total, 12.

Yorkshire v. St. Albans.

At Riverside Park on Saturday, St. Albans beat Yorkshire by 10 to 6. The bowling, getting three for 20 and six for 20, was done by the Yorkshire batsman, making top score of 32 (not out).

Yorkshire, c. St. Albans, b. Wood, 10; Holt, c. Edwards, b. Hamilton, 3; Colborne, b. Hamilton, 0; Lumber, b. Hamilton, 0; Ash, b. Hamilton, 0; P. J. Davis, b. Hamilton, 0; Cox, c. Lumber, b. Hamilton, 0; A. Ledger, b. Hamilton, 1; Total, 12.

Montreal Has Collected It Not Worth 15, But Too Well.

Brookville, Sept. 16.—(Special.)—The report recently sent from England by Mr. Bristol, one of the Canadian consular agents relative to the finding of Canadian filled cheese in the English market occupied some attention at the meeting of the Brookville cheese board to-day.

M. K. Everett, a leading salesman, launched the discussion, and advocated the compulsory branding of all Canadian cheese whereby the frauds could be easily traced to the parties guilty of perpetrating the same.

Dr. Derbyshire, M.P., pointed out that several years ago a similar fraud was committed in the case of the Derbyshire cheese, and he feared that such cases would crop up periodically by the foolish act of some dishonest dealer.

During the meeting, it was read from the manager of the Montreal clearing house, stating that at a meeting held on the 15th inst., it was proposed that all guarantees of credit for purchases at cheese boards or dairy stores should be cancelled from the 15th inst.

Mr. Derbyshire took this as showing the way to financial ruin, and in many respects to the cheese trade. It indicated that prices have been altogether too high, and that the accumulation of 30,000 boxes of cheese at Montreal had made the bankers conclude that too much money is being tied up in the trade.

REAL ROMANCE OF THE WAR.

A. F. and Leslie's Correspondents at the Front Get Married.

New York, Sept. 17.—Martin Egan, representative for the Associated Press in Tokio, is now on his way to San Francisco with his bride, who was Miss Eleanor Franklin, war correspondent for Leslie's Weekly.

Miss Egan came to New York to get the right from Indiana. One of her articles, submitted to Leslie's Weekly, led to her employment regularly by that publication as dramatic critic.

She was taken suddenly ill, and for a time her life was despaired of. While preparing to return to New York she met the steamer Saratoga, on which Mr. Egan, and the ceremony was at once performed.

Bellevue, Sept. 15.—The 7-year-old son of Sam Hibbard was playing with some other children yesterday morning, and in some way got the fingers of one of his hands jammed between two of them had to be amputated.

Ladder Truck and Trolley in Perhaps Fatal Collision.

New York, Sept. 17.—Fireman Andrew P. McManus was probably fatally injured and Deutepolter suffered a broken collar bone, a dislocated shoulder and a fractured leg, in a collision between a hook and ladder truck and a street car at Hudson and West 113rd-street to-day. The truck was overturned in an effort to avoid a moving car, and McManus was pinned beneath its six tons of weight.

STORE CLOSÉS AT 8.30 P. M. DAILY

The New Fall Overcoat

Some people try to bridge the gulf between Summer and Winter by an ingenious juggling of underwear, waistcoats, etc., but the changeable Autumn weather puts them in some strange predicaments. When the sun comes out and it feels like July, the man in the street can't very well take off his underwear. Here are the alternatives our clothing man recommends:

Men's New Fall Overcoats, in light weight Oxford grey English cheviot, made up in three-quarter length Chesterfield style—the correct thing for early Fall wear—lined with fine Italian cloth, silk sewn throughout, sizes 36 to 44. 8.00 Tuesday.

Men's Fine Fancy Cover Cloth Raincoats, in a neat grey and brown mixture, showing light stripe effect, cut long and loose with broad shoulders and close-fitting collars, also deep Venetian Italian cloth, perfect fitting, sizes 36 to 44. Tuesday 11.50

Men's Stylish Topper Overcoats, in medium and light fawn cover cloth, also greenish fawn with light box overplaid, cut full and boxy, 33 inches long, with vents at back, perfectly tailored, sizes 33 to 42. Tuesday.. 11.50

Fur-Lined Coats \$33.00

If you've been promising yourself from year to year that this Winter you'll have a fur-lined coat, this early offer of ours—so far ahead of the season—ought to clinch the matter. Here is a fur-lined coat for little more than a tailor would charge you for your Winter overcoat. If you can arrange to see these coats, it will help you come to a decision. There are other coats, too, that will interest you if you are willing to pay a little more.

Men's Fur-lined Coats, shells made from good quality black beaver cloth, marmot lined, German otter, 33.00

Other Fur-lined Coats in Muskrat, Beaver and Mink linings—prices from 50.00 to 150.00.

Men's Fur Coats, Caps, Mitts, Gloves and Collars, in large assortment, at close prices, in Richmond Street Section.

Men's Underwear and Boys' Belts

Each item represents a saving to the purchaser. Our Men's Furnishing Department is replete with everything the cold weather and the fashion of the day and season make it advisable for a man or boy to wear.

400 Men's Heavy Ribbed Wool Shirts and Drawers, double breast, fitting, absolutely unshrinkable, regular price 75c per garment. 50c Tuesday.

500 Men's English Natural Wool Shirts and Drawers, full weight, double breast, ribbed skirt, cuffs and ankles, guaranteed unshrinkable, sizes 34 to 44—Tuesday, per garment. 1.00

200 Boys' and Girls' White Kid "Teddy" Belts, gilt and steel buckles, all sizes, regular price 25c. Tuesday. 12c

Umbrellas Half Price

Rain or no rain, between one and two hundred people will be carrying their umbrellas on Tuesday—unless they want them delivered. You're wise, and have something laid aside for a rainy day, no doubt, but you'll be wiser to exchange one dollar of it for the two dollars' worth of real silver-mounted protection our umbrella man will be handing out at 8 o'clock to-morrow.

144 only—just 12 dozen—Men's Close-rolling Umbrellas, covers are fine mercerized taffeta, all are fitted with cases, best tubular steel frames, handles are natural woods, —Price of Wales, opera crooks, straight or club styles—nearly every one is sterling silver "hall marked" mounted, regular price 2.00.
