AUCTION SALES

260 Horses

Every Sale a Special Sale.

We have made full arrangements for securing consignments of the best stock, carefully selected from the foremost breeding districts of Canada, and at all times during the season we will be prepared to offer to buyers an UNEQUALLED SELECTION OF HEAVY WORKERS, warranted thoroughly sound in every way.

We will also have on hand A LARGE NUMBER OF GOOD, USEFUL HEAVY HORSES, SERVICEABLY SOUND and guaranteed true in harness. We are always prepared to meet the demands of this market for GENERAL-PURPOSE, EXPRESS, DELIVERY and HIGH-CLASS HARNESS and SADDLE HORSES.

TUESDAY, FEB'Y 5th,

Sale Commencing at 11 o'clock sharp.

160 Horses

ALL CLASSES, CONSISTING OF

Heavy Draught, Delivery, Express, General Purpose, Drivers and Workers.

Business houses, Northwest buyers, and others in need of horses will find this sale a particularly good opportunity to select what they require. Our consignments are principally from the following well-known dealers, who are all highly capable judges, and well acquainted with the requirements of this market:

W. McMURRAY, Watford.
JAS. WILLIAMSON, Sr., Keswick.
JAS. WILLIAMSON, Jr., Barrie.
KETTLE BROS., Sarnia.
W. WILLIAMSON, Mount Forest.
A. V. WESE, Lindsay.
CHARLES BARRETT, Parkhill.

ISAAC WILLIAMSON, Glencoe.
A. G. BEDFORD, Chatham.
W. C. KIDD, Listowel.
C. COULTER, Woodbridge.
T. JACQUES, Bolton.
C. WILLIAMSON, Beaverton.
R. WILLIAMSON, Stayner.

We will sell on this date 25 HEAD OF HORSES that have been used on the canal near Beaverton. These horses are right out of hard work, and are a lot of good, serviceable workers.

We will also sell a BAY MARE, 5 years, 15.2 hands, thoroughly city-broken. This mare has gone a half-mile in 1.09, with very little training, and wears no straps; and a BAY GELDING, 6 years, 16 hands, thoroughly broken, which has been a mile in 2.18. These two horses have exceedingly good racing prospects.

We have received instructions from a gentleman in the city to sell a CHESTNUT GELDING, 6 years, 15.2 hands, broken to saddle and harness, and perfectly reliable. This is a very handsome horse, and up to carrying 200 lbs.

We will also sell A VERY FINE NEW DOGCART SLEIGH.

FRIDAY, FEBRUARY 8th

SALE COMMENCING AT 11 O'CLOCK.

100 HORSES, ALL CLASSES,

Heavy Draught, Delivery, General Purpose, Express, Drivers and Workers.

All horses sold at the Repository with a warranty are returnable any time before 12 o'clock noon of the day following date of sale, if not as represented.

STRENGTH FREE TO MEN.

HOW TO REGAIN IT WITHOUT COST UNTIL CURED

Needs it my world-famed DR. SANDEN'S ELECTRIC BELT AND SUSPENDER. It is FREE UNTIL CURED. You pay nothing down, you deposit nothing, you risk nothing, but upon request I will furnish you with the Belt to use, and if it cures you pay me my price in many cases not over \$5.00. If you are not cured or satisfied, return the Belt to me and that ends it. As I am the originator of this method of treatment and have made it a great success, there are many imitations of my Belt; but my great knowledge, based on 40 years' experience, is mine alone. My advice is given free with the Belt.

This offer is made especially to men who lack strength and vitality, who have drains, losses, impotency, varicocele, etc., but I also give my Belt on Liver and Stomach Troubles.

Call or write for a Belt to-day; or, if you want to, look into the matter further. I have two of the best books ever written on Electricity and its medical uses, which I send free, sealed, by mail.

COMMISSION TO BE CALLED

Continued From Page 1.

hundred gathered in the Labor Temple to draw up a line of campaign and a committee was appointed to prepare a resolution as to the course to be pursued providing the company refused to arbitrate.

W. L. Mackenzie King, deputy minister of labor, and J. Armstrong, secretary of the Labor Bureau, held several conferences with Manager Dunstan yesterday. In the afternoon a letter was handed to Mr. King by Manager Dunstan, which said in part:

"On behalf of the company I beg to state that had this request (for a conference) been received before the operating staff, or rather a portion of it, precipitated trouble by striking yesterday about 1 p.m., the company would gladly have acceded. The difference is one of principle. What was originally a temporary strike to offset the discomforts of operating while the main exchange was being reconstructed, has now become an experiment based upon the principle of rapid work for five hours at smaller salary, as against the usual practice of a regular day's work at a higher rate of payment."

The experiment was tried exhaustively and under most favorable conditions. It has proved an absolute failure, detrimental to the service, injurious to the health of the operators, and those in direct charge of the traffic department who were most favorable to its adoption are now most pronounced in its condemnation. In view of the practical knowledge and experience gained during this experiment, the company cannot, in justice to its subscribers or to the health and comfort of its operating staff, continue the plan contemplated by all who are charged with the duty of maintaining the service.

The First Trouble.

"The company appreciate highly the motives by which you are actuated and the fact that you have come to Toronto to act in the capacity named in your letter and strongly desire to give you the best possible treatment. Your government, the general public and the operators who will make a full investigation in order that you may form an accurate judgment upon the course the company has taken. I can only again assure you of our willingness to give full information and to recognize your duty to the public and believe that at the present moment satisfactory service is being furnished to all subscribers, as every operator holds position at every exchange the city is now filled by a competent operator."

"There may be matters of detail capable of improvement, and these will be adjusted as satisfactorily as possible with our staff. In conclusion I would add that as an evidence of the fact that this company has not abused its position, and that no previous strike during the 27 years of its history."

At the night meeting over four hundred operators were present. J. W. Curry, K.C., addressed the meeting, explaining the situation minutely. He submitted the following resolution, which was carried unanimously:

Call for Commission.

"Whereas, by the arbitrary action of the manager of the Bell Telephone Company at Toronto, the operators, supervisors and monitors were compelled to leave the company's employ in a body and thereby disorganize the service, and cause serious inconvenience and delay to the general public of the City of Toronto;

"And whereas the said employees, having every confidence in the fairness and justice of their demands, proposed and agreed to submit all questions in dispute to a board of arbitration;

"And whereas the said company, thru its manager, has refused a conference and such submission to arbitration;

"And whereas the said employees are confident that the force of public opinion would upon all the facts being made known upon oath compel the said company to treat its employees fairly and justly;

"And whereas the said employees are anxious that all the facts should be made public upon oath before a board of public enquiry now therefore this meeting of operators, supervisors and monitors to the number of over four hundred request the minister of labor to cause public enquiry to be made under oath into all matters in dispute between them and the said company, agreeing that in case said enquiry is ordered to return to the company's employ, in order to prevent inconvenience to the public and a general disorganization of business and to be bound by the finding of said board in all matters between themselves and the said company."

If the Girls Go Back.

When interviewed, Mr. Dunstan stated that there were many sides to the question, and that he courted a full investigation.

"Will the girls be taken back in a body?" he was asked.
"I cannot say as to that. I have considerable sympathy for the girls who have been carried away by the more impetuous ones, and I can say this, if all the girls who have gone out to come back each case will be considered on its merits."

It was announced last night that the night operators had joined the strikers, and also that the Junction operators, who have been working on the eight-hour schedule, have petitioned the company for a five-hour day. This move was made in sympathy with the strikers.

Country Council Sympathizes.

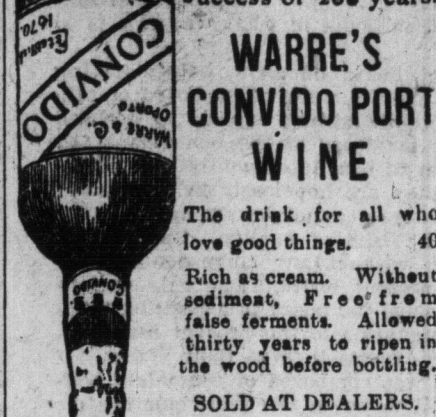

The York County Council yesterday passed the following resolution: "Resolved, that we, the members of the York County Council in session assembled, consider that the action of the Bell Telephone Company in lengthening the hours of the operators, is inhuman, a menace to business, and against the best interests of the motherhood of our country, and should not be tolerated in this free Canada of ours."

This motion, introduced by Dr. Irwin of Weston, and seconded by Reeve Knowles of Aurora in the York County Council, was carried by a large majority. Speaking briefly to his motion, Dr. Irwin declared that the nervous strain and the telephone operators were of such a nature as to constitute a source of danger that would eventually prove a national calamity.

Dr. Sheard said yesterday: "The company are demanding vastly too much. It is an unreasonable amount of strain to ask of girls under that condition. It is a distinct menace to the healthfulness of the women who engage in it here or anywhere else. Think of their having that electric band around their heads and sitting in one position at constant attention

for a period of four hours, twice a day.

"Those who demand it of them can't know the physical strain the girls are under, or they wouldn't do it. It is not a question of wages, but of physical endurance."

"The company ought to give some consideration to the stand that every body of medical men in the land would take."

At the meeting of the council of the board of trade yesterday afternoon it was decided that, unless invited to do so, the board of trade would take no action in the present strike.

In Other Places.

At Montreal the telephone girls work 10 hours a day at wages practically the same as in Toronto. At Ottawa 8 1/2 hours is the time.

At Rochester there are two companies. The regular operators work nine hours and relief operators eight hours. Switchboard operators receive \$5 a week and beginners \$4.

In Chicago there are three shifts, 7.30 a.m. to 4 p.m., 4 to 10 p.m. and 10 p.m. to 7.30 a.m. Operators get \$5.00 a week and supervisors \$11. per week. Apprentices get \$4.50 a week.

At Cleveland the all operators work nine hours a day. The average wages are \$5 a week and supervisors \$11. per week. The Cuyahoga (independent) Company hours and wages are practically the same.

In Detroit, where the telephone girls have many advantages that other telephone companies do not give their employees, their average day's work is eight hours a day, and their average pay is \$21 a month. The girls, when

they begin as operators, draw \$12 a month for the first month, and the second month they are paid \$15. After that their pay depends entirely upon their own merits, as they receive raises according to their ability until they pay reaches \$30. The hours of the telephone girls in Detroit are divided into three classes—the relief, day and night girls. The relief girls go to work at 11 o'clock in the morning and work until 1 o'clock, returning to work at 5 o'clock. The day girls go to work at 7 o'clock in the morning and work until 11 o'clock, return at 12 o'clock and work until 5 o'clock. The night girls go to work at 11 o'clock at night and work thru until 7 o'clock the next morning.

Six Hours in Buffalo.

At Buffalo there are two telephone companies, the Bell and an Independent Company. The working conditions of girl operators employed by both companies are about alike. The working hours vary from six to ten a day. In the-outlying exchanges girls go on duty at 7 a.m. and work thru to 2 p.m., with one hour rest for lunch. In the downtown exchange, where business is heavy, the girls work about six hours a day in the Bell exchange. One relay begins at 9.30 a.m. and works until 12.30 p.m. That relay goes on duty then and returns at 2.30 and works until 5.30. At that time students and inexperienced operators are put on, most of whom work until 10.30 p.m., when the night force comes on and works thru until 7 a.m. Beginners are paid about \$2 a week. The salaries go as high as \$6 and \$8 for experienced operators. There is no regular scale, but each girl is judged for her work on the recommendation of her supervisor.

ST. GEORGE'S SOCIETY.

72nd Annual Meeting Held Last Night—J. M. Gander President.

The 72nd annual meeting of the St. George's Society was held last evening. President George Harman in his annual report stated that the society had received six new life and thirty-one annual members during the past year. The total receipts, including a balance from the preceding year of \$318.65, amounted to \$297.72. Balance on hand, \$406.07, with a surplus deposit of \$284.71 in the bank, bring the total cash on hand to \$680.78. Included in the above is a gift of \$300 from the Warren Trust of Montreal.

J. M. Gander suggested that a monument of Shakespeare be erected in one of the parks by the society. This will be taken up in the near future. Next officers: President, J. M.
