LOCAL MARKET.

London, Thursday, June 21.

The supply of strawberries was the feature of the market today. Garden trucks were in large supply, as were also the small produce of the farm. On the whole it was a lively market for this day of the week.

Grain—The 20 loads of oats that were offered sold quickly at \$1.17 to \$1.20 per cwt.

Hay and Straw—Hay sold well again today. There were 20 loads on the stand; nearly all of the sales were made at \$9.50 per ton. A couple of loads of straw were offered, while brought \$3 and \$3.50 per ton.

Butter and Eggs—Butter was steady in price at 12c for crocks and 11c for pound rolls in wholesale lots. Eggs were firm at 16c to 17c per dozen by the crate.

Strawberries—There were quite a few loads offered. Prices were lower at the early part of the morning, 7c to 8c being asked by the load; later 6c to 7c per box were the ruling figures for large lots. Several loads were sold at 5c per box.

Vegetables and Roots—Potatoes were scarce at \$1.10 per bag. Green peas were in demand at 20c per quart; green onions 20c per dozen; other kinds of vegetables numerous and sales were reported fairly good.

For poultry, butchers' meat and wool there was no change in price.
