INCOMING C. P. R. TRAINS DELAYED BY ACCIDENTS

Collision Near Adamsville, Quebec, in Which Two Men Were Killed, Holds Atlantic Express Back—Last Night's Boston Train in Collision in Maine.

The C. P. R. Atlantic express from Montreal is reported 5 1/2 or 6 hours late, owing to a delay west of Moncton. The road was blocked for a time, as the result of a collision between two engines yesterday about a mile east of Adamsville, Quebec, when Engineer George Trux and Roadmaster Garvin Shanks, were killed. The accident happened at 6 a.m. yesterday, one mile east of Adamsville, when light engine No. 630, through mistake orders, ran into freight engine No. 611.

SCOTT MUST FIND ANOTHER LODGING

Magistrate Says He Must Either Vacate His House By March 27 or Pay Rent

James Scott deserves to rank high among the marvells of the twentieth century, for he has not accomplished the achievement of residing for six months in his present abode and the landlord is so eager that James and his family vacate the premises that he will also incur lawyer's fees and court costs. Before Judge Forbes this morning, Scott said he had no deliberate intention to deprive the landlord of the rent, but continued to procrastinate through lack of monetary resources. He transferred the burden of the blame to his wife's shoulders, who he considered should maintain the household, but who, instead of displaying time-wisely devotion, was maligning him. A threat of a jail term and a summary ejection from the apartments, moved Scott to reluctantly express his assension to his honor's mandate that he must seek other quarters before the 27th inst. If he fails to comply, a writ will be issued which Scott will be cast into jail, whilst his wife will be cast on the street.

NEW YORK BUSINESS BLOCK IS ON FIRE

Six Story Broadway Building Caught and Considerable Damage Done

New York, March 19.—Fire started at 8.40 a.m. today in a six-story brick building at 181 Broadway, occupied on the ground floor by the hat store of Dunlap & Co. and on the upper floors by an optician and tailor. The blaze quickly spread through the building and burst through the roof. The burning building stands in the middle of a short block of five or six story buildings, between Broadway and Dey streets on the west side of Broadway. Traffic on the down town section, approaching the financial district was blocked while the fire was in progress.

Newark, March 19.—A despatch from Bald Knob, Ark., says that two bank buildings were dynamited and the town of Bald Knob terrorized by a small band of men. Citizens who ventured from their houses were met by a fusillade of bullets and in the running fight which followed one citizen was wounded. The robbers escaped. Poses are in pursuit.

CANADA IS NO PLACE FOR THE ROWDY ENGLISHMAN

Magistrate Ritchie Emphasizes This Fact Upon Prisoners in the Police Court—Six Months for One of This Type.

Twenty dollars or six months in the hard labor squad. That was the penalty imposed by Judge Ritchie this morning on Robert Balfour an Englishman for committing an aggravated assault on Edward Footie of Liverpool, N. S. in the Seaman's Institute on Prince William street last night. Balfour was first accused of common assault, but when it was found that he had immediately substituted the more serious charge to which the prisoner pleaded guilty, Footie in a statement said that Balfour tore his coat and struck him three times with two men were on the prisoner's back attempting to subdue him. S. L. Gorbell testified to conversing with Footie and being interrupted by some intoxicated belligerents. Balfour was one of the number and without provocation he attacked Footie, who was standing next to the door of the Seaman's Institute. He was practically torn from his body. One of the blows inflicted a nasty gash over the left eye. Mr. Gorbell stated that his four Peter Fraser, a man named Anderson and one or two others invariably displayed their gratitude for kind treatment to the institute by creating trouble and for the greater portion of the winter have been collecting money by bull-dozing men who frequent the rooms. Recently Mr. Gorbell said, he overheard a conversation between two of the party in which one said he accumulated \$10 for that day, extorted on threats of violence from passers by between the Duke and King street intersections of Prince William street. Mr. Gorbell added that he received a warning this morning that his wife would be the penalty for prosecuting Balfour and Fraser.

In sentencing Balfour his honor referred to the necessity of teaching his type of foreigners that they will receive no leniency in Canada and said that in the course of their bull-dozing they might encounter somebody who would not submit to the interference of the police but would give them a sound thrashing and sarcastically murmuring "Is that so," would hit his seat on the bench. Peter Fraser, a Scotchman and the ringleader of the gang added to the confusion at the institute last night and the iron hand of justice also descended heavily on him. He was charged with drunkenness and assaulting John Butler, a boy, and after pleading guilty to inebriation pressed

SAD PLIGHT OF ENGLISHMEN

Two of Them Found in a Shack in Fernie, One Dead and the Other Almost Frozen to Death

Fernie, B. C., March 19.—(Special)—Two Englishmen were found in a shack near the Great Northern station yesterday, one dead and the other in a dying condition. The latter is demented, and can give no account of himself, or of the dead man. By labels on their baggage the men appear to have left England in February last by the Empress of Britain. On the bed by the dead man was a purse containing nine sovereigns. There were also in the place two Waltham watches, four ten dollar bills, several new suits of clothes and a pipe. The sick man was taken to the hospital, where it was found his feet had been badly frozen, as the skin came off with his stockings.

WROTE HIS RESIGNATION AND THEN HE FELL DEAD

Brooklyn Fire Chief Died of Heart Failure When an Alarm Was Rung in

New York, March 19.—Brooklyn Fire Department, had been feeling a little bit of sorrow for no long a time, had he yielded to his wife's persuasion yesterday, and prepared his resignation after 38 years in the service. He was writing at headquarters last evening to have his resignation countersigned by his deputy chief, when he was suddenly overcome. This did not mean a call for McCarthy, for it was out of his district, but the going and the coming hours worked on him. He straightened up, looked, and fell dead with his resignation in his hand. McCarthy had many medals for bravery. He leaves six children besides his widow.

THREE YEARS IN PENITENTIARY

James Fitzgerald Sentenced for Theft by Judge Forbes This Morning.

After one of the shortest trials yet recorded, James Fitzgerald was sentenced to three years in the penitentiary for the theft of a bearskin coat and a rubber coat which the combined value, the owner, George Zache, estimated at \$15. At 11.08 a.m. Fitzgerald was arraigned and pleaded not guilty. George Zache, Harris Gilbert, Joseph Gilbert, and Detective Egan were examined in rotation. The detective said Fitzgerald had an evil reputation and on a previous occasion was arrested for assaulting a little girl in a confectionery store on Garden street. He added that Fitzgerald was a nuisance to the community. Fitzgerald said he had no defence, but claimed that he was not the man who sold the coats to the Jews in Gilbert's pawnshop on Mill street. He said his brother, who leased the room in the store to store his goods, would not materially aid him to escape conviction. He said he was blamed for the theft and was powerless to stem the tide of evidence against him. At 11.28 a.m. his honor pronounced sentence on him, and Fitzgerald accepted his fate philosophically and was hurried to jail. He will be escorted to Dorchester tonight or tomorrow. The alleged theft occurred on December 12, and Fitzgerald was arrested and subsequently committed for trial after Zache returned from the woods. He elected to be tried under the Speedy Trial Act.

PLENTY OF TALK BUT NO ACTION

Civic Committee Will Again Fight With the Re-organization Scheme.

After a rest of some weeks the members of the re-organization committee of the common council will meet on Monday afternoon to again take up the matter of reorganizing the civic departments. It seems unlikely that anything of any importance will be done as the chairman, Alderman Kelley, when asked if this was a final meeting said he did not think they could finish their work at the next session. Asked if Engineer Mitchell's report of his recent trip would be considered he said there was nothing in it for them to take up as no resolutions were made. As the civic election is approaching, the presentation will be allowed to die a natural death.

DR. ROBERTS CANED

North End Physician Receives Handsome Gift From Alexandra Temple Members

An interesting feature of the 30th anniversary celebration of Alexandra Temple, held at the assembly hall last evening in the new temple building, Main street, was a presentation by the members of Alexandra to Dr. W. P. Roberts, Chief of the Riverside Council, of a gold headed ebony cane. The presentation was made by George Blewett, Grand Chief Templar, and was a mark of appreciation of the admirable work done by Dr. Roberts for the Temple, more especially for his untiring efforts in organizing and carrying through the building of the new hall. Dr. Roberts, though taken completely by surprise, made a fitting reply, thanking the donors.

FREDERICK STILL TALKING ABOUT IT

Fredericton, March 19.—(Special)—The Hanson-Crockett assault case is still a fruitful topic for conversation about the city. Mr. Hanson has been called out of town on business and consequently the warrant sworn out by Mr. Crockett for his arrest has not been served. In a letter to the press Mr. Hanson claims that he had no part in the assault upon Mr. Crockett and intimates that but for the intervention of Mayor Chestnut, the M. P. would not have escaped so easily.

ALD. MCGOLDRICK AFTER JUNK MEN

Stanley Ward Representative Sues Every Member of Jewish Junk Firms Should Pay Licenses

Alderman McGoldrick is going after the Hebrew junk dealers and incidentally will get after the mayor and the ex-mayor. The alderman contends that the practice of granting a junk license to a firm of junk dealers is illegal and that each individual engaged in the business should take a license. His contention is supported by an opinion of the recorder which was given three years ago. The recorder in a written opinion given in 1906 stated that after looking into the matter very thoroughly he had decided that each individual in a partnership firm would have to pay the license fee of \$25. Alderman McGoldrick says this has not been done but on the contrary firms composed of two or three Jewish residents have been doing business under one license. He said this morning that he intended to bring the matter up at the next meeting of the council and suggested that the mayor and ex-mayor should pay the city the amount that has been issued. The alderman further contends that the license as issued does not cover anything but permission to keep a shop for handling junk and that dealers who have teams going around have no legal right to do so.

REPORTS SHOW STANDING OF PROVINCE FOR YEAR

Considerable Increase Reported in Territorial Revenue and Stumpage Collections—What it Costs to Run the Provincial Hospital and Some Interesting Statistics Concerning the Institution.

Fredericton, March 19.—(Special)—It is unusually quiet around the legislative building this morning. This afternoon the debate on the address will be resumed by the premier. He will be followed by Mr. McKeown and the provincial secretary. Whether others will speak or not depends on what is said. There will be no evening session as Prof. Robertson is to speak on agriculture in the chamber. The Crown land report which was distributed this morning shows the territorial revenue for 1908 at \$43,290.77 against \$21,550.49, 1907. The stumpage collections increased \$11,000, lumber licenses \$800, hunting licenses \$3,000. The other sources were about the same as last year. The cost of collecting stumpage was \$11,648.22. The report of the superintendent of the provincial hospital shows that the total expenditures for fifteen months was \$104,094.48. The receipts from municipalities were \$14,705.38 and from paying patients \$9,946.74. The cost of maintaining each patient in the institution at the beginning of the year and 185 were admitted. NEW BRUNSWICK LANDS AT \$1 PER ACRE

George Ham Tells of Inducements Which Will be Offered to Settlers

H. P. Timmerman, industrial agent of the C. P. R., and George H. Ham, of the same line, returned from Fredericton today where, after addressing the Farmers and Dairymen's Association yesterday, they saw Mr. Haen on immigration matters. Mr. Haen said the government intended entering upon a vigorous campaign and expected, with the assistance of the Canadian Pacific railway and the Salvation Army, they would recapture the province in a short time. The appointment of Mr. Wilton, Mr. Ham said, would be followed by the organization of an immigration bureau in England. Later on offices would be opened in the old country to make known the resources of New Brunswick. The province has between 40,000 and 50,000 acres of land, 15,000 of which have been surveyed, and these will be offered to settlers at \$1 per acre on very easy terms. So far as the C. P. R. is concerned Mr. Ham says he had already got some material for a booklet on New Brunswick, which will be especially devoted to the St. John valley and which will be issued at once.

THE COLD STORAGE PLANT HAS HAD A BUSY SEASON

The Development of Sheep Raising in New Brunswick May be a Result—New Market for New Brunswick Mutton and Lamb.

That St. John is to take its place among the largest cold storage centres, if not become the largest in Canada, would seem to be indicated by the volume of business done by the New Brunswick Cold Storage Company during the last year. It is estimated that 2,000 cars of goods have been handled, with a value of about \$1,000,000 (one million) dollars. The bulk of the goods were, of course, of perishable nature. The largest quantity of any one class stored was apples, which totalled 90,000 barrels, probably the record for any cold storage plant in Canada. Probably the feature of the business here has been the western market for New Brunswick sheep. There has been shipped to Winnipeg the immense number of 15,000 carcasses. The opening of this market had far to mean much for New Brunswick farmers, as the sheep already shipped have surpassed the western article to such an extent that the New Brunswick product is in demand. The fish business amounting to 100 cars within the last three months, has been a feature. A very large quantity of live and lost fish has been stored/ the winter port steamers alone taking for their own use 100 cars. This beef is principally western beef. The feature in the fish business has been the shipment from here of large quantities of cod to the United States, English and German markets, about 50 tons being exported largely. A considerable quantity of butter and eggs has also been handled by the company. Superintendent Crawford, talking with a Times man today, said his company had been most unfairly criticised on this score, having been accused of being responsible for the high prices of these articles during the past winter. "I will say," said Mr. Crawford, "in the butter and eggs question, the cold storage company had nothing to do with the prices. People here have taken the idea to the extent that it would have had any effect on the market. The market was affected by cold storage houses in other parts of the country. While the people locally have not taken hold with the price, the company would have wished, Mr. Crawford says there is every indication of improvement in this regard. Mr. Crawford showed the Times man some blueberries stored all winter, which were in excellent condition. The same local dealer had a large quantity of strawberries, which he sold all winter.
