ELECTRIC VACUUM
CLEANER
BIG BRUSH—POWERFUL SUCTION
How you can save the money for a vacuum cleaner
If in addition to your regular housework, you have a "cleaning woman" come in once a week to help you, a Torrington Electric Vacuum Cleaner would actually pay for itself by saving this added expense.
The Torrington, with its carpet-sweeper brush and powerful suction, will cut in half your need for outside help, and the money you would pay a maid for these one or two days each month would easily take care of the payments on a Torrington.
Let us demonstrate to you that a Torrington Cleaner means cleaner cleaning and less fatigue.

AN APT ILLUSTRATION.
Speaking in Bathurst this week on the question of importing liquor into the province, Rev. W. D. Wilson dealt with the personal liberty plea that was used by many people in opposing the temperance cause. "There is something higher than personal liberty," he said, "and that is the public welfare." In this connection he told a story of driving to Bathurst and noting on route a signboard which read "School; go slow." They were in a hurry and it annoyed them to have to slow up, but they realized nevertheless that the public welfare, as represented by the school children, was infinitely more important than their personal liberty as represented by the right to race along as fast as they could and jeopardize the lives of the school children.

INSURE PARCELS IN POST NOW
New System in Effect—Parcel Registration Discontinued.

In order to relieve congestion in the registration system of the post office department, and to facilitate the handling of registered letter mail, the registration of parcel post was discontinued last evening, and beginning this morning an insurance of parcel post has been introduced. Under the new regulations parcels posted for delivery in Canada will be accepted for insurance up to \$100 against loss, rilling or damage while in the custody of the postal service. The fees are three cents for insurance not exceeding \$5; six cents not exceeding \$25; twelve cents not exceeding \$50; and thirty cents, not exceeding \$100. The fee is paid by means of postage stamps affixed to the parcel by the sender. A receipt will be given the sender in every case.

Parcels to be insured must be taken to the post office and must not be dropped in a collection box. Any packages containing glass, china or other fragile goods must be marked "Fragile." Parcels containing food, fish, fruit, vegetables, glass crockery, semi-liquids, liquids and grease will not be accepted for insurance. The officials of the local post office wish the citizens of St. John to bear these exceptions in mind so that there will be no trouble.

In the case of parcels damaged in transit the person for whom the parcel is intended must give notice to the post office before accepting. Otherwise indemnity will not be paid. In the case of articles mentioned which are accepted by the department without knowing the contents, if damage is suffered in transit the department will not be liable for indemnity.

CALL FOR 600 VOLUNTEERS

Twelve Hundred Would be Better.

Word in Churches About Home Visitation—Schools to Close That Afternoon—Leading Men and Women Urged to Volunteer.

Calls will be made in all Protestant and Catholic churches and Sunday schools tomorrow for 600 volunteers to give two hours to the St. John Home Visitation on Friday afternoon, October 1. This was made today in the Jewish Synagogue, and many of their most prominent people are interested in the work, and it is expected that a large number will join the leaders in the plans.

The leaders in the movement said today that while 600 volunteers could do the work in two hours under ordinary conditions, they were finding the city more congested in some sections than even the local people realized, and St. John as a whole, covers much territory, since other sections are scattered. It is also planned not only to cover all of West St. John, East St. John and Fairville, but to go as far beyond the city limits as they have visitors and vehicles, and if 1,200 volunteers could be secured, few would have to work more than one hour.

The school authorities have followed the action of those in Toronto, Montreal, and other cities in Canada and the United States, and have declared a holiday for the afternoon of the visitation, Friday, October 1, from one o'clock on. This will assist in the cancellation of only one period on Friday afternoon, and will greatly aid in the success of the work, since all teachers and young people above fifteen years of age will be free to assist, and the younger people will go to their homes and inform their families that the visitors will call between two and four o'clock personally invite them to attend the church, synagogue and Sunday school of their choice, if they are not already attending some religious organization, and if they are, to extend greetings from all.

Mr. Dunham cautioned the pastors in the meeting yesterday afternoon, not to depend upon the young people alone to do the work, as no young person will be sent out unless there is some person of experience to send with each young person. He also urged that they enlist their busiest and most prominent men and their most influential women to give just two hours to this important work, as the busiest men and most prominent women do in all other cities, that their personality and influence may count for most. He told the business men present that there would not be much business between the hours of two and four o'clock Friday, the 7th, since most of the people would either be out in the work, or would be at home to welcome the visitors, but he assured them that if this work was a success there would be more business because of it in the future, since character was the greatest commercial and civic asset, and this was all for the things which make for better character.

Volunteers to Be Instructed.
Those who volunteer need not be anxious as to what they will be asked to do, since the plan is very simple, and all they need do now is to give their names and addresses to their pastor at the service tomorrow, and attend a meeting for complete instructions, to be held in the Knights of Pythias Castle Hall on Thursday night, October 6, promptly at eight o'clock. Mr. Dunham will give the full instructions at that time. They are not only simple but very interesting.

Great Interest.
Regarding the prospect of a great movement which has created so much interest throughout the city. Leaders in all educational, social, commercial, industrial and civic work are as much interested in this general betterment plan, as those engaged and directing the religious work. The St. John Rotary Club have mailed invitations to all pastors of all faiths and denominations inviting them to be their guests at their regular luncheon at Bond's on Monday, November 3, at noon. The leaders declare that the spirit of confidence and co-operation which the movement is bringing must be of great value to all interests for all time. Other cities of the maritime provinces are also anxious for the work.

LIKES ST. JOHN; WILL COME HERE FROM CHICAGO

Writing from Chicago, a man, who has resided there for many years but spent all of the last year near this city, says a lot of nice things about St. John, and incidentally hands a bouquet to the Evening Times-Star, in a letter which was received here yesterday subscribing to this paper.

He says that he has never seen a place he would like better than St. John, that the laws are just and "my" what a beautiful harbor and the scenery all round is magnificent—the Reversing Falls, the hills, valleys, rivers and woods. You people who live there do not realize what a beauty spot St. John is." He expects to move here.

MAYOR SPEAKS TO POLICEMEN

As an outcome of the recent trouble following a union parade when several street cars were stoned, Mayor Schofield last evening addressed thirty-six members of the local police force in connection with police matters. The rest of the force will come before the mayor either today or on Monday. The mayor said this morning that he would not at the present time give out the details of his address, but might make a statement after he had spoken with all members of the force.
