## BRANDON TEACHERS WITHOUT JOBS

Whole Teaching Staff of  
Manitoba Town Replaced  
By Substitutes at Lower  
Salaries — East Sends  
Money to Workless.

Toronto, June 14.—Though public school pupils, their parents and even some trustees in eastern Canada may see a deal of humor in the situation existing in Brandon (Man.), where the entire teaching staff of the city's educational system is out of employment, displaced by lower salaried substitutes—teachers in this part of the dominion are vitally concerned, says the Toronto Globe in a news column feature.

Already the teachers of this city, of the province of Ontario, and, doubtless, of the eastern provinces are giving of their substance to aid the teachers of Brandon.

"We are not giving this as 'strike pay,'" said a prominent pedagogue to the Globe last night. "We are giving it, gladly, because these men and women in Brandon are without means of subsistence. They ask merely a settlement."

## Phenolax Wafers

The Safe Laxative  
The Ten Wafer Package  
The Thirty Wafer Package  
The One Hundred Fifty  
Wafer Package

## FEELING FINE

A few days ago though, I felt pretty miserable—kind of tired and drowsy. I must have been very much run down, until someone recommended

## Dr. Wilson's Herbine Bitters

An old-fashioned, natural preparation made from Dandelion, Mandarin, Burdock and other purifying herbs, which tend to relieve dyspepsia, jaundice, liver complaints and constipation. It purifies, enriches the blood and builds up the whole system.

Try a bottle and get back that peppy feeling you used to have. 50c. a bottle. Family size four times as large, \$1.00. Try a bottle.

THE BRAYLEY DRUG CO., LIMITED  
ST. JOHN, N. B.

## CONVENTION WILL LIKELY DECIDE ON THE SCOTT AWARD

Sydney, N. S., June 14.—Whether the miners of Nova Scotia will sign a contract with the British Empire Steel Corporation at the Scott conciliation board rates will depend upon the action of the District 26. United Mine Workers of America convention at Toronto, June 20. J. B. McLachlan, secretary, said today. The miners will give a referendum vote on June 28 but it is expected their decision will be guided largely by the advice of the convention. Mr. McLachlan declared himself not at all satisfied with the award of the conciliation board. "To be frank with you," he added, "I wasn't at all surprised at the finding of the Scott board, whatever others may have been."

## HOLLAND'S INDUSTRY.

Holland looks with confidence to the future prosperity of her industry, in spite of the invasion of her market by cheap German goods. This confidence is reflected by her continued allegiance to her traditional policy of free trade and the view of her leading industrialists. One of Holland's best known economists and manufacturers expresses it in the following words:

"I cannot believe that the competition which is felt by our industry, as a result of the low exchange in Germany, will continue to harm us indefinitely although such competition has in it the possibility of inflicting enormous damage if the government and the workmen do not take it into account. In the first place, Germany cannot always go on exporting without supporting to a corresponding degree and as soon as such import takes place—for which it will have to pay the price—current on the world market, it will also be obliged to raise the price of its products. In the second place, Germany goes under a much heavier burden than is borne by our own country and it is not conceivable that it will be able to continue selling its products far below the prices which exist here. In this respect, encouraging signs are already becoming evident. In the third place, Germany is not able to exclusively supply the world. Should the condition mentioned above be observed, therefore, and however disagreeable the effects may be at the moment, the question of German competition gives me no uneasiness as regards the future."

## CUTICURA HEALS ITCHY SCALP

Was Sore and Red. Hair  
Fell Out. Head Disfigured.

"From using the same brush and comb as my sister, whose scalp was troubled with dandruff, it caused my scalp to be itchy. My scalp was sore and red, and the dandruff scaled off and could be seen on my clothing. My hair fell out gradually and my head was disfigured. This trouble lasted six months. Then I sent for a free sample of Cuticura Soap and Ointment. I afterwards bought more, and I only used two cakes of Soap and two boxes of Ointment when I was healed." (Signed) Miss Frances Burns, St. Basile, Quebec.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

Write for Free Sample of Cuticura Soap and Ointment. Send 10c. in stamps to The Cuticura Soap Co., Montreal, P. Q.

## MERCHANT'S BANK OFFICIAL INDICTED

Montreal, June 14.—The grand jury which considered the case of D. C. Macarow, general manager of the Merchants Bank this afternoon brought in "true bill" on the charge levelled against him that he wilfully signed a false statement of the bank's financial condition to the Dominion government for October, 1921.

## TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur bring back its grey, color, gloss and youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn grey, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

White, wispy, gray faded hair is not unattractive, but it is not attractive. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

## SCIENCE HELPS FISH INDUSTRY

A report has just been issued by the Honorary Advisory Council for Scientific Research which should be of particular interest to the fishermen and fish buyers of the maritime provinces. The report details the result of an investigation conducted by F. C. Harrison, D. Sc., principal of Macdonald College, to ascertain the reason why dried codfish sometimes acquires a pink or red color, rendering it unmarketable or seriously affecting its value. In 1921 the value of the green salted, cured and dried codfish of the Atlantic coast exceeded \$5,000,000. In some years as much as forty per cent. of this product has been affected by a pink or red discoloration to the serious detriment of the trade and the financial loss to the producer. This discoloration is not peculiar alone to the Canadian fish trade, but it occurs in the fish exported by other countries as well. For some years scientists of other countries have been investigating the cause, but it has remained for Canadian scientists to solve the problem.

Some time ago the Honorary Research Council of Canada, of which Dr. A. Stanley Mackenzie, president of Dalhousie University, is a prominent member, had its attention directed to the matter and deputized Dr. Harrison to make an investigation. As a result of prolonged and detailed scientific study, Dr. Harrison has discovered the cause and the remedy. Science, and the Research Council in particular, have rendered a substantial service to the people of the maritime provinces. This service is one that can be valued in dollars, for it is said that some times as much as forty per cent. of the product of cured fish is affected by this discoloration and its value thereby substantially diminished. This involves a direct loss in dollars to the fishermen and the fish handlers of the provinces. The result of Dr. Harrison's scientific investigation is that the cause has been disclosed and the remedy discovered. All this has been accomplished by an expenditure of government funds of less than three thousand dollars, which, if it saves only one hundred thousand dollars a year to the fishermen, is a magnificent return and a most valuable piece of work.

Dr. Harrison has discovered, in brief, that the red color in dried codfish is due to a bacterial organism, that this organism is found in the salt, and particularly in tropical salt, that is salt obtained by the evaporation of sea water in warm or tropical regions. Mined salt can be made free from the organism by subjecting it to low dry heat, at a temperature of 212 degrees Fahrenheit, for thirty minutes. The simple remedy, therefore, is to use mined salt or sea salt which has been heated to extent sufficient to kill the organism.

Dr. Harrison has also ascertained that the red organism has infected the fish establishments. The tanks, floors, storage places and implements in these places have become impregnated or infected with the organism. He recommends that all curing establishments should be disinfected. On this point Dr. Harrison says:

"All curing establishments which have used solar or tropical salts should clean and disinfect thoroughly all material which has come into contact with salt or fish. Steam, if available, may be used for this purpose. Punctures, etc., etc., should be steamed inside and out, also all utensils, racks, etc. All parts of the factory that have become infected should be washed well in fresh water. This will have two results: the removal of salt from woodwork, thus preventing the organism from growing, and the fresh water causes the disintegration of the red organism, breaking it down into a silty mass. All places infected, and all utensils may be washed in a disinfecting solution of one part sulphurous acid in fifty parts of water. A good

## SORES SPREAD ALL OVER FACES AND BODIES

Mrs. Howard Houlette, Wankarem, Sask., writes:—I wish to tell you of the benefit we have received by using your valuable medicine Burdock Blood Bitters.

"My children started to break out on their faces in small white pimples which kept getting larger each day. Pus would form under the scales and they would come off, and each time the sores would be larger; some were as large as a twenty-five cent piece, and would spread all over their bodies. I was nearly in despair and sent to the village for a bottle of good blood medicine. The drug-bitter sent me a bottle of Burdock Blood Bitters which I commenced giving them once."

"In about ten days I saw an improvement and they grew steadily better each day, and in one month the sores had all disappeared."

All blood and skin diseases are caused by bad blood, and to get it pure and keep it pure you must remove every trace of the impure and morbid matter from the system by a blood cleansing medicine such as

BURDOCK BLOOD BITTERS  
a remedy that has been on the market for the past forty-five years, and one without an equal for all diseases and disorders of the blood.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## FLYER IN EVERGLADES TIED BY A PANTHER

Aradale, Fla., June 15.—Tied by a panther, devoured by mosquitoes, his clothes torn to tatters by the saw grass of the Florida swamps, without food for nearly forty hours—these were among the experiences of Cadet Raymond White, Carlstrom Field aviator, who plain crashed into the wilds of southeastern Lee county last Thursday. He was brought back to the flying field in the steamer Lucile B., from St. John, N. B., for St. Pierre, Miquelon, with the cadet.

Cadet White, whose home is at Pithers, Texas, was ordered to make a practice flight from Carlstrom Field to Okechobee city and return last Thursday. The first part of the flight was completed without accident, and Cadet White, flying alone, started on the return trip, when he lost his direction, and instead of flying northwesterly, headed his plane almost due south.

While at point about forty miles southeast of Immokalee, Lee county, his fuel tank ran dry and his plane fell. The plane was completely wrecked, but the cadet escaped injury.

## Just One Application and the Hairs Vanish

(Modes of Today.)  
A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after two or three minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package. Mix fresh as wanted.

## \$100,000 WORTH OF WHISKY SAVED FROM THE OCEAN

Canoe, N. S., June 14.—Whiskey with an estimated value of \$100,000 escaped the dilution which would follow loss in the waters of the Atlantic Ocean from the steamer Lucile B., from St. John, N. B., for St. Pierre, Miquelon, with the cadet.

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots.  
How to Remove Easily.  
Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

## Liver and Bowels Right—Always Feel Fine

There's one right way to speedily tone up the liver and keep the bowels regular.

Carters' Little Liver Pills—never fail! Millions will testify that there is nothing so good for good for

jaundice, indigestion, headache or colic, pimples, skin. Purely vegetable. Small Pills—Small Dose—Small Price.

## KEATING'S KILLS

BUGS  
FLEAS  
FLIES  
ROACHES  
Packages 10c, 20c, 40c.

Use Keatings to protect furs against moths.

## CHURCHILL REGRETS TREATMENT GIVEN CARDINAL LOGUE

London, June 14.—Winston Churchill, the colonial secretary, expressed regret in the House of Commons today over the treatment which Cardinal Logue, primate of Ireland, received when he was held up on two occasions recently by Ulster specials.

"His Eminence," said the secretary, "had just delivered a speech, the whole object of which was to bring about a more rational Christian temper in Ireland. I was glad to learn those concerned had been officially rebuked."

Mr. Churchill said he had a conversation with the Ulster premier on the subject and Sir James Craig delivered him to say it was far from the wishes of the northern government that any want of consideration should have been shown Cardinal Logue or any other high dignitary of the Catholic Church.

Joseph Devlin who brought up the particulars of the holding up of Cardinal Logue and Archbishop O'Donnell at Lisnall, Armagh, on June 6, saying the specials not only made a minute search of all their papers, but even the box in which were holy oils for confirmation purposes was opened, although the Archbishop explained what was in it.

Mr. Devlin also raised the question of arrest and detention without charge of two Catholic members of the conciliation committee established under the Craig-Collins pact, asking whether Mr. Churchill had been informed that warrants had been issued for three other Catholic members of that committee.

The colonial secretary replied that the northern government had informed him charges were to be brought against the two committee men. It was a pity, he added, that the committee had achieved so little success and after better conditions were restored he would urge the committee to persevere with its work.

## THREE DIE IN CRASH OF AUTO AND CYCLE

Philadelphia, June 15.—Three persons were killed and two injured, one believed fatally, in a collision between a motorcycle and an automobile on the Boulevard. The victims were George George, his five-year-old daughter and Charles Eckstrom, his brother-in-law. A three-year-old daughter of Eckstrom had her skull fractured and was injured internally, and a seven-year-old son of George was badly hurt.

Prins and Eckstrom had taken the children for a ride to visit relatives in

Philadelphia.

Another section of the city, and were on the way home when the accident occurred. An electrical storm threatened, and they were hurrying to avoid it. In making a sharp turn into the boulevard they collided with the automobile head-on.

## Movie Beauty Gains 10½ Pounds in 22 Days through IRONIZED YEAST

ANOTHER startling evidence of Ironized Yeast's value as a weight-builder! In a test conducted under the supervision of a registered physician, Miss Dorothy Byrne, pretty artist's model and movie beauty, gains 10½ pounds—in only 22 days! Miss Byrne's measurements, taken before and after the test, are given below.

A striking example—yet by no means an exceptional one. For it is not at all unusual for thin, nervous, over-worked or run-down folks to gain five pounds and more on the very first package of Ironized Yeast!

Results in Half the Usual Time!

Ordinary yeast vitamin preparations have in many cases been known to bring good results. But thousands now know that Ironized Yeast, the scientifically correct vitamin tonic treatment, brings results often in just half the usual time!

One reason for this marked superiority is that Ironized Yeast, besides containing just the right amount of all three essential vitamins, contains a type of yeast which has positively no equal as a reconstructive agent—a yeast which is cultured expressly for medicinal purposes, and which is entirely different from the yeast found in ordinary "yeast tablets."

## Yeast Best When Ironized

But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly.

## Watch the Quick Improvement

You will certainly be amazed at the quick improvement IRONIZED YEAST shows in you. Note how it immediately increases your appetite and how quickly you begin putting on good firm flesh. See how quickly pimples, blackheads, etc., disappear and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset your stomach. Special directions for children.

## Money Back Guarantee

IRONIZED YEAST is sold at all drug stores on a positive guarantee that the first package will bring satisfactory results—or your money instantly refunded. Or mail coupon for the amazing Three Day Free Trial Treatment. In either case you do not risk a single penny to learn of the wonderful benefits Ironized Yeast holds for you. Get it today!

## HEART WOULD BEAT LIKE A Trip Hammer

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitations, throbs, or beats with such rapidly and violence you think it is going to burst.

You have weak and dizzy spells, shivering sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy, normal condition as will

## MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes:—"I had palpitation of the heart, and the least exertion, such as going upstairs or up a hill, my heart would beat like a trip-hammer, and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now, although in my 60th year, I feel like a young girl, no dizziness or heart-throbbing, and can walk miles without fatigue. At time of sickness I weighed 120 lbs., now I weigh 150."

Price, 50c. a box at all druggists, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Jo-Bel THE WONDER SALVE (Registered)

"It's great stuff for piles. I had the bleeding, itching and protruding. Second application stopped the bleed! and I have had comfort ever since. I'm not cured, but it's my own fault. I have not let myself neglect myself. You can refer anyone to me!"—A well known citizen's unqualified testimony.

Sale all druggists, or Jos. A. Murdoch, 137 Orange street, St. John, N. B. Price 50 cents and \$1.00. Mail orders promptly filled.

Another section of the city, and were on the way home when the accident occurred. An electrical storm threatened, and they were hurrying to avoid it. In making a sharp turn into the boulevard they collided with the automobile head-on.

Philadelphia.
