Baseball No Game. The game between the Marathons and Fredrickson was scheduled for Sunday afternoon but was postponed on account of the rain. The Fredrickson team were in the city, however, and the Marathons management had to pay out \$30 to the visitors for a rain guarantee.

Keating a Storm-Centre. Jose P. Sullivan, of Lawrence, made another attempt Saturday to prevent meeting next Tuesday of the directors of the Lawrence Baseball association of the New England League to ratify the lease of Fisher Key H. Keating to the New York Americans for \$5,000. Sullivan fired a new bill in equity in the Superior court and presented the matter to Judge Morton, who issued an order of notice returnable next Monday, for the defendants, Louis P. Piper, Daniel A. Noonan and others to appear and show cause why the proposed meeting should not be enjoined. Sullivan, Piper and Noonan are the sole directors of the club. Sullivan said he was not consulted in the trade which was made by Piper and Noonan. The club, he said, has received an offer of \$9,000 for Keating from a major league club.

Yachting Canadian Challenger Best.

Chicago, Aug. 10.—First honors in the series of yacht races between the United States and Canada, at the water carnival and annual review, went to the United States today. In a thrilling race, the Chicago, flying the colors of the Chicago Yacht Club, defeated the Patricia, representing Canada, flashing over the finish line three lengths ahead of the Canadian challenger. Just twenty-two seconds separated the two 30-foot sloops at the finish. The official time over the ten and three quarter mile course, was 2:47.42.

RUBE MARQUARD MAKES A FORTUNE PLAYING BASEBALL

That baseball can make real fortunes for owners of major league clubs has been demonstrated time and again. That it can do almost as well for ball players is about to be proven by Rube Marquard, this year's sensation in a pitching way. Ability and application are requisites when it comes to making money, but the combination possessed by Rube, ability and luck, is the happiest.

PALZER AND O'Rourke PATCH UP DIFFERENCES

When Albert Palzer, the Iowa heavyweight, enters the ring again, he will be under the management of Tom O'Rourke—no doubt. That is the story that neither would deny. Palzer and his former manager, with whom he has been at odds for several months, have had a number of quiet talks. Palzer, it appears, has begun to realize that his attempt to beat his partnership agreement with O'Rourke, and the subsequent court proceedings, have decreased his popularity and have made leading promoters steer clear of him.

U. S. Defaults in Davis Cup Match. Boston, Aug. 11.—America is to default its place in the Davis international tennis challenge cup matches. Robert W. Wren, president of the United States National Lawn Tennis Association, has been diligently searching for players from the top class who would possibly make the team during the last week or two of the tournament.

Palmer's Associates, who tried to manage his affairs after the split with O'Rourke, have severed their relations with the burly boxer. Palmer refused to pay them for their services and advice. He hired Bob Armstrong as his trainer and chased everybody else away from his Stateside headquarters. Armstrong is said, so together with O'Rourke to contact and together in court, but it is believed that Palmer will soon decide to live up to it; but he must also agree to obey O'Rourke in every particular. If he does O'Rourke will probably secure a match with the winner of the Lather McCarty-Jim Stewart bout in the Garden next Monday night.

Baseball Notes. Umpire O'Brien is some monarch according to reports from the west. He runs his game and bosses the job every minute. Ping Bodie and Clark Griffith say he is a man who isn't to be trifled with, but they recently banished from the limelight. Dale of the Cardinals will go to Montreal for the remainder of the season. Mgr. Brennan thinks this college lad will develop in a short time. He is but 19 years of age. Umpire Tommy Murray speaks highly of President Hooper, the Maine and New Brunswick league. Murray says Hooper is qualified to handle a bigger job than that which he is now holding. Pitecher Jim Maroney's ambition to be a member of the Highlanders brigade has been rudely rebuffed by Harry Wolverton refusing to give him a berth. If Maroney had signed it would have been his third major league berth within three months. If Joe Wood can beat his opponent with a sore arm and a dislocated wrist, that will be when he rounds into form. Ty Cobb may buy a franchise in a minor league some day in the future, but it won't be this year or next, not if the Detroit management has anything to say about Ty's career. A valuable asset will be lost when Cobb quits Detroit. While Ty is a card for the Michigan team there is no chance of Navin and company turning Ty's loss to join the magnates.

Athletic Woods Beats Quail. Newark, N. J., Aug. 11.—In a ten mile race over a four and one-half lap cinder track in the Valley Forge Stadium today, A. Woods of England, defeated Billy Quail of Alexandria (N. Y.), by two laps. The winner's time was 56 minutes, 11.35 seconds. During the race Quail was taken with a "witch" and lost half a lap before he recovered again. He had to ease up three times, however, during the latter part of the race.

The Tax on Laborers (Chatham World) Chatham is entering upon a growing period, when the question of the work will be, not, "Where can we get work?" but, "Where can we get men to do the work that is to be done?" And in view of this, would it not be wise to repeal the bylaw that imposes a special tax in the form of license on men who come from abroad to work in our mills and shops? It seems to be just and fair to leave some form of taxation on men who live outside of the town and who work in town, but when men come here to live and work, it does not seem right to make them pay a license fee for the privilege. Chatham employers will not send away for men if they can get them in town. Every Chatham man, who can do the work will be employed before an outsider is taken on. Every newcomer is one more citizen, one more prospective taxpayer. Is it wise to discourage the importation of workmen? Is it not just the same as the levying of a head tax on immigrants? We want more people to help build up the town and why penalize their coming? THE GRAND FALLS PROJECT. THE CHATHAM WORLD.—We understand that is the International Paper Co. that has secured control of the Grand Falls. We, Van Horne and other capitalists, are in the deal, but the big paper company has the controlling interest. Big pulp and paper mills are to be erected there.

Two Auto Parties. (Chatham World, Saturday) A St. John automobile party in two cars spent Friday in town, numbering Mr. and Mrs. J. Fraser Gregory, George Murray and members of the Gregory and Murray families, composed the party. Mr. and Mrs. W. J. P. Wilson will be in the bushes as he has been since McCraw took hold of him, and it was undoubtedly his early teaching that made him take McCraw's abuse so calmly. Well, as every one knows, he came up, was sent back, and came up again. He is a grateful nor a good fighter today, after these who say he would be out playing but for his luck, but he is getting more money than an overwhelming majority of us and he has taken enough verbal punishment to deserve it.
