GIVEN THEM A CALL. Messrs. Keenan & Hatchell, two St. John boys, have returned from Boston where they have been for the last 10 years engaged in the manufacture of hardware and tinware. They have now begun business for themselves at 8 and 10 Water street, in the store lately occupied by Brown & Leitch, and have on hand an excellent stock of stoves and ranges, and a varied assortment of tinware, the latter being entirely of their own workmanship. The experience which these gentlemen have gained in Boston, being connected as they were with the best workmen in that place, prepares them in every respect to meet the demand of the patronage they will supply, and they are in a position to supply anything in their line well made, or to repair the same with a neatness and finish peculiar to skilled American workmen. Messrs. Keenan & Hatchell have devoted much of their time to the manufacture of tin ware and have in their workshop all the necessary machinery connected with that business. They have too, a first class stock of boilers, pans, tea and coffee pots, coal scuttles, gas-traps and tin shovels and a line of tinware, complete in every particular. They deserve much credit for returning to the old town and beginning business.
