

THE STAR, ST. JOHN, N. B. TUESDAY, JULY 9, 1907.

# REFUSED TO SIGN THEIR TENDER

Flood & Bates Wanted \$2,500  
Additional.

B. Mooney & Sons, Whose Tender was  
the Next Lowest for Weldon Lot  
School, Accepted.

A meeting of the Board of School  
Trustees was held last evening in the  
board rooms on Union street for the  
purpose of discussing tenders for the  
building of the new school house to be  
erected on the Weldon lot.

The chairman said that he went to  
Fredericton and met with the govern-  
ment. He had a nice reception, and  
the government had no hesitation in  
granting their request to be allowed to  
issue debentures for the additional \$25-  
000, coupled with the condition that the  
city council should be consulted in the  
previous instance. The government  
requested before he came away that the  
usual petition be forwarded. In  
addition to the application for the is-  
sue of debentures he asked if the board  
would have the power to issue debentures  
at a higher rate than in the past  
not exceeding 4 1/2 per cent per an-  
num. The petition was approved of.

On motion it was decided that the  
chairman appoint a committee to wait  
upon the Treasury Board at 3 o'clock  
today, and that Dr. Bridges be one of  
the committee. The following were  
appointed: Trustees Maxwell, Keefe,  
Allan, Nave, Russell, Leckhart, Mrs.  
Skinner, Mrs. Dever, Dr. Bridges and  
the chairman.

Flood and Bates had refused to sign  
the contract for the amount for which  
they had tendered, viz: \$35,800. Mr.  
Mott said that he saw Mr. Bates on  
the fourth of July and he said that  
his tender did not include plumbing  
and did not include the whole of the  
steel work, the amount for fire-escapes  
being left out. These they said they  
would furnish for \$2,500 additional.  
The specifications called for fire-  
escapes.

The matter was discussed at some  
length. Mr. Maxwell thought that the  
only fair thing to do under the circum-  
stances was to award the contract to  
the next lowest tender.

It was decided that B. Mooney &  
Sons be tendered the job for a total of  
\$41,465.25. The amount is made up of  
the following tenders: B. Mooney &  
Sons, for mason work, \$20,100; R. G.  
Green, for carpenter work, etc., \$14,150;  
Willard H. Reed, for steel work, \$425;  
Frank E. Jones, for plumbing and  
system, \$124.25; Jas. Fleming, for steel  
work, \$5,500; James McDade, for gal-  
vanized iron work and steel ceiling,  
\$2,771; J. H. Dooly, for heating and  
plumbing, \$7,500.

Chairman Coll will complete the ar-  
rangements with B. Mooney & Sons.  
Owing to the fact that one of the  
painters had carried off the specifi-  
cations it was decided to have the  
specifications of tenders for painting the  
High School to Thursday evening next  
at 3 o'clock.

Mr. Maxwell moved that the secretary  
notify the Common Council that the  
term of Mrs. Skinner and Robert  
Maxwell, as trustees, had expired.

The meeting was then adjourned.

## YOUR NERVES.

The Most Unruly of All Are Those of  
the Heart.

The most easily tired nerves of the  
body are the nerves of smell. They  
can detect the faintest whiff of per-  
fume. As you pass a rose in the gar-  
den the quantity of perfume that gets  
into your nostrils must be many mil-  
lions of billions of times smaller than  
the tiniest grain of sand. But rub the  
strongest perfume on your upper lip  
and in a few seconds you fail to notice  
it, the nerve of smell is so quickly  
fatigued.

The heat nerves and cold nerves,  
which are quite distinct from the  
nerves of ordinary sensation, also give  
over working very quickly. A hand  
that seems quite hot when you step  
into it very soon ceases to cause any  
particular feeling.

Nerves of hearing and sight can go  
through an enormous amount of work.  
For sixteen hours a day they work  
hard and are still willing to do more.  
The nerves of the heart are the  
most unruly of all. From the first  
dawn of life until the last gasp they  
work without stopping for one instant.  
And even after death if some salted  
water is pumped into the heart it com-  
mences to beat again, showing that the  
nerves are still willing—Pearson's  
Weekly.

It's a sad predicament to be in, when  
you need help and  
can't get it. A

will find help, and  
that quickly for you

Open up a tin of Clark's Lunch  
Tongue and notice how fresh, juicy  
and good looking it is.

That is the result of using only fine, young and  
tender tongues and then cooking them properly—  
preparing them so as to retain all their delicate flavor  
and appetizing qualities.

# CLARK'S LUNCH TONGUE

For breakfast, lunch or for supper, there is nothing better than Clark's Lunch Tongue. It has a beautiful flavor  
and is just as appetizing as it can possibly be.

But insist on having Clark's. That name is your guarantee of food purity, high quality and fine flavor.

Do not accept imported canned meats of only average quality upon which you have to pay a high duty, when  
you can get the very best by insisting on and getting Clark's Meats.

GRAND CHIEF TEMPLAR.

The Grand chief templar's report re-  
ferred to the fact that twelve years ago  
the grand lodge met here. That many  
changes had taken place since then, but  
the need of work today was as great as  
then. It would not be time to go out of  
business until the liquor trade had gone  
out of business.

Twelve years ago St. John was our  
stronghold. Now it is not so. Our  
stronghold has been moved to Moncton  
where we now have two-thirds of the  
adult membership of Western Canada  
Co., and two-thirds of the juvenile  
membership of the province. We would  
like to see steps taken at once to re-  
trieve all lost ground in St. John.

In temperance legislation it is a  
difficult matter to tell whether we have  
made much headway. The N. B. Tem-  
perance Federation, with which your  
officers have been actively identified,  
has not been idle but has kept the  
matter prominently before the powers  
that be and has made a request to the  
Government to grant us a prohibitory  
law but up to date have not received  
a very favorable response. The Government  
has promised to send a commission to  
P. E. I. to study the  
workings of the law and will ask us  
to name one man of the three on the  
commission. The Federation has re-  
plied that it does not see any necessity  
for the commission, nevertheless, so  
as not to be at any disadvantage in  
the matter we would appoint a man  
when invited to do so. It is only fair  
to our present Premier, Hon. Mr.  
Robinson, to say that he has had no  
hand in this matter up to time of  
writing this report. We are not with-  
out some good cause to hope that the  
Government as now constituted will be  
more favorable to us. Representation  
has also been made to the Government  
that several cases where ex-  
isting laws are openly violated.

Correspondence during the year had  
been very heavy. This could be seen  
from the fact that he had used 3,225  
sheets of official paper and about 500  
post cards. About half our indebtedness  
for the year has been caused by  
shortage in temper subscription.  
Last year a change had been made and  
the Templar this year had been issued  
every two weeks instead of every  
month and the price increased from

35c. to 50c., but for a while re-  
newals were accepted at the former  
price and practically every one that  
renewed during the year got the pa-  
per for 25c.

A great lot of official matter has  
been placed before the membership  
through the columns of the paper at a  
cheaper rate than could have been  
done by any other means. To give up  
the paper on account of one year's  
failure would be a backward step. I  
have every confidence that next year  
under arrangements similar to the  
last few months the paper can be  
made to pay its own way. I would  
therefore recommend that we continue  
to alter the By-laws a couple of years  
ago, a number of lodges and members  
have been carried forward which  
should have been taken off.

These have all been taken off this year  
as well as all members in lodges  
Gladstone, White Head, Grand Manan,  
King's Blues, Newcastle Bridge,  
Queens Co.

## THE FIGHTING BLOOD IS STILL IN HIS VEINS

Gerónimo, the Old Apache Warrior, Wanted  
to Join His People on the  
Warpath.

CHICAGO, July 9.—A despatch to  
the Tribune from Cacha, I. T., says:  
The old Apache warrior Gerónimo,  
who terrorized the southwest for many  
years with his bloodthirsty band, while  
attending a celebration at Cacha under  
parole as the guest of the Comanche  
Chief Quahah Parker, made an attempt  
to escape across the Texas Pan-  
handle into New Mexico. He was cap-  
tured several hours later. The old  
warrior had heard of the troubles of  
the Apaches in Arizona, who, accord-  
ing to reports, have threatened to go  
on the warpath. The old warrior  
wanted to go with his people and help  
them fight.

## ALL OF CHATHAM'S POLICE FORCE WILL BE DISMISSED

Marshall and Officers Given a Month's  
Notice—No Reason Given for  
the Sweep.

CHATHAM, N. B., July 9.—A sur-  
prise was sprung on the council last  
night when Ald. Mercereau, chairman  
of the police committee, reported a  
recommendation to give the town  
marshal and the whole police force  
one month's notice of dismissal. At  
marshall, policemen and Scott at in-  
spectors. Ald. Morris wanted to know  
the reason of such an action but be-  
yond stating that the council was  
to show it had the power of dis-  
missal, Ald. Mercereau would not  
discuss his hand. When a motion was  
passed, however, the council adopted the  
committee's report and the town will  
advise for applicants to fill the vac-  
ant positions.

## WHAT CONSERVATIVES ARE DO- ING.

(Toronto Globe.)

A Conservative paper gives currency  
to the rumor that Sir William Van  
Horne has been asked to lead the Con-  
servative party in succession to Mr.  
Borden, and that he has taken time to  
consider the proposal. The only sig-  
nificance in the rumor is the hint it af-  
fords of the feeling of dissatisfaction  
that prevails wherever two or three  
Conservatives are gathered together.  
The latest escapade is the issuance of  
a broadsheet containing G.  
W. Fowler's speeches delivered in par-  
liament during last session. So if any-  
one asks what the great Conservative  
party is doing he may be told that it  
is engaged in distributing the speeches  
of G. W. Fowler, and getting the bene-  
fit of his interesting researches among  
porters, bellboys, hotel registers, and  
other persons and things that have be-  
come of consequence as Conservative  
campaign material.

# BURNED MORTGAGE IN HAMPTON CHURCH

The Debt all Paid Off After Per-  
sistent Efforts.

Second Meeting in the Silver Jubilee  
Celebration of the Hampton Methodist  
Church—Garden Party Today.

HAMPTON, July 8.—The second  
meeting in the silver jubilee celebration  
of the Hampton Methodist church was  
held this evening and drew a crowded  
audience, who showed their apprecia-  
tion of its many excellent features by  
repeated applause. Of the nine pastors  
who have ministered to the church  
since 1852 there were present Revs.  
Samuel Howard of Exmouth street  
church, St. John; George M. Young of  
St. Stephen, and the present pastor,  
George A. Ross, the latter presiding,  
and all delivered addresses generally  
reminiscent in character and eulogistic  
of the faithfulness of those who have  
passed away as well as of the men and  
women who still are carrying on the  
work. There was also a fine address  
by the Rev. Charles Comben, one of  
the pioneers of Methodism in this com-  
munity. Almost all the speakers re-  
ferred to the harmony which has al-  
ways existed between the several de-  
nominations and the help which the  
Methodist pastors and people had re-  
ceived therefrom. Two of the former  
pastors, the Rev. D. D. Moore and Rev.  
W. Tippett are living in other lands,  
but from the rest, Rev. Charles H.  
Paisley of Sackville, Rev. Thos. Steb-  
bings of Tryon, P. E. I.; Rev. W. W.  
Cash Propagation Committee, 706.06  
Cash I. S. Lodge ..... 48.48  
Cash J. E. West, Co. .... 7.00  
Cash G. S. J. W. .... 8.80

At the close of the address Mr. Ross  
lighted a taper, placed it on a metal  
stand and called upon Mrs. Wm. Lang-  
stroth, president of the aid society, to  
produce the cancelled mortgage, and  
upon Mrs. Amelia Robinson of St. John,  
the first president of the society to ap-  
ply the torch to it. Both ladies quickly  
responded and in a few seconds the  
document was reduced to ashes.  
As the flame died down the choir sang,  
with splendid effect, the anthem, "Rejoice  
in the Lord." Other anthems and hymns  
were sung, both choir and congregation  
fully entering into the spirit of the oc-  
casion and producing most excellent  
harmony. The Rev. J. A. Duke, a resi-  
dent supernumerary, was asked to  
speak, but as the hour was late said  
the Rev. Mr. Lodge had made his  
speech for him, and so pronounced the  
benediction after the final hymn, "Blest  
be the tie that binds," had been sung.  
Tomorrow, with fine weather, an en-  
joyable afternoon and evening will be  
spent at the garden party.

## MISAPPREHENSION IN REGARD TO CAUSE OF ACCIDENT ON C. P. R.

(C. P. R. Press.)

TORONTO, Ont., July 8.—With re-  
gard to the accident on the C. P. R. on  
the twenty-ninth of April, it is stated  
that the cause of the accident was not  
the fault of the bridge, but of a mis-  
apprehension. The man who was in-  
jured before the court at Ottawa merely  
by way of a motion to apportion among  
the family of the deceased employee the  
amount of compensation voluntarily  
paid by the company, and no evidence  
was taken with regard to the cause  
of the accident. Under these circum-  
stances caused for the C. P. R. stated  
that the supposed liability was admit-  
ted on the ground of a "defect in the  
condition of the ways, works or pre-  
mises," using the technical words used  
in the workman's compensation for in-  
jury act, but there was no admission  
that the bridge had in the ordinary  
sense fallen into decay or become de-  
fective. The bridge in question was a  
small wooden trestle bridge fifty-feet  
in length, situated in a lonely dis-  
trict north of Lake Superior, and it ap-  
pears to have been burned just prior  
to the passage of the train on which  
the deceased was a brakeman. The  
last train which crossed the bridge on  
the day of the accident passed over at  
about five p. m., the train on which  
Villeneuve was employed reaching this  
point at about 10.50, or six hours later,  
and the bridge was burned in the in-  
terval, the fire not having been noticed  
by any of the employees. The accident  
appears not to have been due to neg-  
ligence on the part of the company or  
its servants, the bridge having been  
inspected by the company's engineers  
on the third of April, and by the sec-  
tion men on the day of the accident,  
and found to be in good condition. On  
the attention of Mr. Justice Riddell  
being called to the misapprehension un-  
der which he proceeded in giving judg-  
ment he immediately commended the  
verdict of the jury, and the attorney  
general, advising him of the explanation  
made by counsel for the C. P. R.

## THE WAY IT ACTED.

Mrs. A.—You say brandy is a good  
remedy for cold, but I don't agree with  
you. Mrs. B.—What do you know  
about it? Mrs. A.—A great deal. Be-  
fore I had brandy in the house my  
husband never had cold more than  
once or twice a year, but as soon as  
I kept a supply he had cold almost  
every day.
