

AMERICAN WHO LOST HYDRO-AEROPLANE CUP AND HIS FRENCH RIVAL

Philadelphia-New York Tie

New York, April 22. — The Giants and Philadelphiaans played a thrilling game here today, the score being 2 to 2. It was a wonderful pitching battle between Seaton and Wilson, who were the stars of the game. In the third, after Laderus hit Tetreau for a home run in the second, Wilson pitched the best ball, though Seaton did great work in the pinch. In the eleventh the Giants filled the bases with one out, but could not score. Seaton opened both the twelfth and thirteenth with a home run on tightened. Burns' work was the feature. He made four hits and saved the game for New York in the ninth when he threw Laderus out at the plate. Philadelphia. — 911000000000 — 2 7 2

St. Louis Shut Out.

St. Louis, Mo., April 22.—Although Perritt gave only two hits Pittsburgh today won the third successive game from the Cardinals by a score of 1 to 0. Slow fielding and the pitcher's own errors, followed by a single gave the visitors their lone tally. Pittsburgh got the lead in the seventh when Wilson scratched a single through the pitcher's box. Wilson moved to second and the Cardinals went to third on Perritt's poor throw. McCarthy's single scored Wilson.

## THIS DATE IN RING ANNALS

# Y COBB MAY PLAY FOR DETROIT

Augusta, Ga., April 22.—Ty Cobb here tonight for Detroit in response to a telegram Cobb said he received from President Navin of the Detroit Americans. Cobb said Navin's message expressed the belief that the differences between the player and the Detroit management can be satisfactorily adjusted.

The first run at Monte Carlo for the Coupe Internationale d'Aviation Maritime Jacques Schneider was won for France by Maurice Prevost, on a Deperdussin hydroaeroplane of 160 horse power, with a Gnome motor. The race, therefore, will be run in France again next year.

There were four competitors—Mr. Prevost, Roland Garros and Gabriel Espanet, representing France, and Charles T. Weymann the United States.

Mr. Weymann's failure was due to the fact that he did not carry sufficient lubricating oil and his tank was not filled before the start.

just how we should go about to break it up.

Seeing we were at sea, Duffy came running up, yelling for White, who had been running all back from Sullivan. I thought I would go to Sullivan, but to throw to me at the last moment, so I just in the nick of time, only to have Schaefer turn in his tracks and make a break for second base. I had the ball and was about to make pursuit but I could not catch him.

After I had gone almost down to the ground to attempt to catch Schaefer, Sullivan, whom I had seen at the corner of my eye, started for home. I turned and barely got him. Schaefer had played the plate. So Schaefer failed of pulling off. But play by the smallest of margins. But for a few minutes Schaefer certainly had.

Ty Cobb did a mighty quick bit of thinking in a game against Chicago, which probably exacerbated the noise of the crowd, and which was obscured by only a few men in the game. The trick he turned was a clever one, although possibly there is a question about its propriety.

Cobb was at first base, and Sam Crawford was at bat, in a close game, and one in which one run meant a lot. Crawford had just swung and missed in the field. Bode, getting the ball clean and near enough to second base for it to appear that Cobb would not take the chance, threw to him.

Bode saw Cobb stop, and hesitated as he started to throw the ball back to first infield. Then Cobb, who was watching Bode, was off for third base like a streak.

Cobb, in making his slide, noticed the ball drop well off the bag, and then, with a quick change of mind, swung his legs around with his hand on the base and kicked the ball with

one back of his heel, sending it almost over to the Detroit bench, and then proceeding to score the run which eventually proved the one needed to win the game.

**CHAMPION  
ANDERSON  
WON MATCH**

Over a thousand people were comfortably seated in the Queen's rink last night and witnessed two wrestling matches. The crowd was a most orderly one and every minute of the athletic exhibition was interesting. The wrestling mat was placed in the centre of the rink and around this were about four rows of chairs. At either end of the rink were bleachers and in addition to these seats there was a standing room on the promenade. The affair was conducted in excellent style and all present appeared pleased. There was abundance of applause.

as the wrestlers would gain an advantage over each other. The first match was won in two straight falls by Sam Anderson, the champion middleweight of the world, and he did not have things any too easy with Joe Strong of Pittsburg. Strong made hosts of friends during the match and appeared to be the favorite as he was repeatedly cheered after the match although he lost it.

Anderson and his opponent struggled in a lively manner for 39 minutes before the champion gained the first fall.

After five minutes' rest the two boys fellows went at it again and the champion won the match in 29 minutes. A number of times during the first bout Strongly heard Anderson's shout, "That's the way, champion!" The clever enough to get clear.

It was a great novelty in the athletic line when Miss Cora Livingstone, the champion female wrestler of the championship, appeared on the scene. Nellie Lewis, a wrestling companion. The match was a good exhibition in the eyes of the crowd. The champion showed the clever points in wrestling. Miss Lewis was stronger, larger and more clever at the game than her opponent and at little difficulty in winning the match. The match was an exceptionally interesting match with

A baseball record that is likely to stand a long time was made at Batty Creek, Mich., two years ago tomorrow when the local team of the South Michigan team pulled off two triple plays in the course of a game with Grand Rapids. One triple was made when the catcher caught a bunt, threw to second and first, and the other was started by the shortstop on the "walk."

## THE NON-SKID

for Safe Speeding

It had to come—a Goodyear Bicycle Tire, built like our famous Non-Skid Auto Tire,—a Non-Skid Bicycle Tire with a grip that makes speeding safe even on a slippery road. ¶ These diamond-shaped blocks of white tough rubber have a gripping surface that no other tire has equalled. ¶ You can see it for yourself. The angles and edges prevent slipping and accidents—give the rider greater traction power on wet and greasy streets. Here is confidence that makes wheeling a pleasure. ¶ And the extra thickness of white rubber—the hardest wearing rubber—gives longer wear and fewer punctures.

*NOTE the diamond-shaped blocks.*

**BEAVER BOARD** makes durable artistic  
sanitary walls and ceilings. It is a pure  
wood fibre wall board and is put up in  
panels nailed directly to studs and joists  
for new work, or over old lath and plaster for remodeling. It is never painted  
over; its beautiful pebbled surface takes artistic decoration by paint—oil or  
watercolor.

**Beaver Board** takes the place of lath and plaster; it never cracks and never needs re-  
taping. Makes a house warmer in winter and cooler in summer.
