FLYING BOAT AMERICA.

Hammondport, N. Y., July 25.—Announcement was made today that the oversea flight of the Wanamaker flying boat "America" had been postponed until October. It was seen this morning that even working day and night the "America" could not be made ready to ship from New York to Newfoundland on Aug. 1 as had been planned.

In the two flights made yesterday one in the morning and one in the evening—the flying boat suffered mishaps.

In the morning part of the copper covering of one of the propellers flew off and tore a slice about a foot square from one of her wings. The propellers were removed and taken to the factory, where they were repaired.

In the night flight a water pipe leading to the carburetor loosened from vibration. In this flight but two motors were used and the force of the air turned the tractor screw attached to the third motor.

Postpone Police Enquiry

The enquiry into the charges preferred against Chief Clark by the city council has been again postponed till Wednesday. The postponement was made at the instance of Mr. Chandler of Moncton who was appointed commissioner to conduct the enquiry, as he is engaged in law business at Richibucto.

RESULTS OF MOOSEPATH HORSE RACES

Ozen D. again a winner in the Class A mixed trot and pace. Margaret Chimes captures the Class B mixed trot and pace. The third meeting of the Park Matinee Driving Club was held Saturday afternoon at Moosepath Park and two good cards were on the programme both classes being mixed trot and pace. Ozen D. took the Class A trot and pace in straight heats with Iowa Parole second and Billey Miller third. Best time being 1.13. The Class B trot and pace having more entries than the former furnished some good horse racing this also being taken in straight heats by Margaret Chimes with the West Side stallion, Ed. C., second and Nelida R., third, Shamrock fourth and Lou Rexall fifth. The best time made in this class being 1.15.

BROCKTON WON AGAIN.

There was a fair attendance at the Marathon grounds Saturday afternoon when the Brockton Blues played and defeated a picked team called the All Stars. The score was 13 to 5 and the visitors played by far the best baseball. Hanson, Lawlor and Thompson were used in the box for the locals. The Brockton team left for Moncton yesterday and will play the railway town team this afternoon.

COMMISSION MAY GO IN TWO SECTIONS

Ottawa, July 26—A suggestion which may be adopted in order to prevent the upsetting of the whole pre-arranged programme for the Dominion's Royal Commission owing to their being delayed several days on the steamer Alsatian which was fog-bound is that the commission divide into two sections for the first few days or a week. In this way they could cover all the important appointments for the first part of the trip and then they could re-unite and carry out the remainder of the programme as arranged. Otherwise a great deal of work would be involved in changing the dates for meetings and for special trains and boats, and the men whose evidence on trade and other matters is desired would all have to be advised of the change.

MAY YET BE CHANCE OF RAISING EMPRESS

Montreal, July 26—The report that the sunken Empress of Ireland is slowly rising herself from the bed of the river where she lies, off Father Point, is exciting keen interest in marine circles here again in the problem of raising her. At the time of the disaster it was frequently said that the liner could be brought to the surface again if she was resting on her keel instead of her side. If on the keel it would be possible to seal the wound in her side, and close the decks to permit of her being pumped full of air to raise her for towing inshore. While on her side such operations were impossible. Now she has righted herself, partly at least, so interest in her raising is revived. The problem, however, is one for the underwriters to decide, as the ship is in their hands now.
