New Pastorate in Carleton Yesterday-Other Methodist Changes.

The police are looking for Frederick Goss, aged about 60 years, a carpenter, residing in High street. North End, who is charged by his wife with adultery. His niece, Bessie Patience Hutchings, aged 34 with whom it is charged Goss has been living for five or six years, has been arrested and remanded to the county, jail pending further investigation. Goss has not been located by the police.

The present proceedings are taken by the legal wife of Goss, who arrived from Boston a a few days ago, accompanied by her daughter and swore out the warrants for the arrest of her husband and his neice.

An interesting event took place Tuesday evening after the prayer meeting in Court-enay Bay dethodist church. Rev. H. D. Marr, who has had charge of that circuit for the last three years, has been transferred to Carleton, and before his departure the members of Courtenay Bay circuit presented to him a purse and an address appreciative of his services among them. James Keyes, superintendent of the Sunday school, presided and Mrs. E. J. Young, president of the Epworth League read the address. Rev. Mr. Marr in an appropriate and feeling manner acknowledged the gifts. The following is the address:—

Rev. and Dear Sir and Brother,—We feel that we cannot allow your pastorate over the Courtenay Bay circuit to end without expressing to you our high appreciation of your unstinted efforts for the welfare of the circuit ever since you came among us, and our sincere regret at the severance of the pastoral tie. Your three years of pleasant intercourse with us, unbroken by any unfriendly word or deed, has won you an enduring place in the affection of your parishoners. There is no department of the church's work here which has not been benefited by your wise counsels and energetic work. In the Sunday school, the Epworth League meetings and the prayer services, as well as in your pulpit ministrations we have felt that the divine blessing rested on your services, and that all who have come within the range of your influence must have been helped spiritually and inspired with a more earnest desire to live useful, Christian lives.

We will remember with pleasure your intercourse with us as a guest in our houses. The parsonage at Silver Falls as well as the improvements in the church property generally, declare your administrative skill and energy and will, we doubt not, long continue memorials of your pastorate.

You may be assured that you have won the respect of young and old of the communities included in the circuit. We can only regret your departure from among us. We will remember you and Mrs. Marr and the children with sincerest friendship, and with our best wishes for your success and happiness.

We trust you will accept the accompanying as a small token of our good will.
