Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:—

For **Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers**, they should be judiciously taken for each case, to correct the disordered action or remove the obstructions which cause it.

For **Dysentery or Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a **Dinner Pill**, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

LEGISLATURE OF NEW BRUNSWICK.

HOUSE OF ASSEMBLY.

(Special Telegram to the Tribune.)

FREDERICTON, March 13.

Mr. Phillips thought provisions should be made in all Highway Acts by which populated districts should be required to support their own roads, so that Government aid should go entirely to thinly settled parts of the country. The bill was agreed to.

Hon. Mr. McQueen introduced a bill to authorize the Justices of Westmorland to sell certain School lands in the Parish of Westmorland; Mr. Keans, a bill to authorize the Corporation of St. John to widen a part of Smyth street in said city.

Dr. Dow presented the petition of the Fredericton City Council in favor of their Sewerage and Water Supply bill.

Mr. Blanchard stated that he had received a letter from Caraquet stating that small-pox was on the increase there and he asked if the Government intended taking any steps to arrest its progress.

The Attorney General said the Government regretted that small-pox had been allowed to spread at Caraquet, and the Government would take the necessary steps to arrest its progress. An erroneous impression had gone abroad in reference to the matter owing to some statements in certain papers not noted for truthfulness.

The Speaker ruled further reference to the matter out of order.

The rule relating to the reception of private bills was extended to Wednesday next.

Mr. Theriault obtained leave of absence until next Saturday, and the House adjourned till Monday at 2 o'clock.

THE PARLIAMENT OF CANADA.

(Special Telegram to the Tribune.)

The Georgian Bay Subsidy--Appointments.

OTTAWA, March 13.

A deputation from Western Ontario and the Pacific Railway had an interview with the Premier to day, and requested that the lines, connecting with Georgian Bay should be subsidized.

Premier refused to comply. He said if the proposed line was diverted from its course along any portion of the Georgian Bay Branch, it would pass through 500 miles of country unfit for agricultural purposes and which would only be passable one half the year. If he acceded to the proposition of this deputation it would show a partiality to the Province of Ontario and would be treating disrespectfully the Manitoba deputation which lately requested a change of route in that Province.

After recess last night, an interesting debate followed on the Canada Pacific Rem. The question was postponed until this afternoon, when Mr. Tupper will speak.

The *Canada Gazette* contains the appointment of Mr. McGill, of Yarmouth, landing waiter and searcher in the Customs; Jacob B. Starret Harbor Master of Annapolis; and George Snicker Harbor Master at Getson's Cove.

Shipping Items.

The Brig Alice, Miller master, at New York 10th inst., from Cardenas 18 days, reports having been 14 days south of Hatteras, with strong N. E. and N. W. gales, during which split and lost sails, and had crew badly frost-bitten.

Point Lepreaux, March 13, 9 a. m.—Wind N. W., strong, clear. A three masted schooner loaded with timber, showing a No. 2 Pilot flag, passing inward. Steamer New Brunswick off Chance Harbor outward. There is a great quantity of ice, but considerable open water.

11.15 a. m.—American schooner Fanny Flint passing inward.

The bark Ada Barton, McGrath master, at New York 10th inst., from Cardenas, 14 days, reports having been 9 days north of Hatteras, with strong variable gales, during which lost and split sails.

The bark Maggie Chapman, Dernier, master, which arrived at New York on 10th inst, from Antwerp, reports, 3rd inst., in lat 36.56, lon 62.11, spoke the brig Elizabeth Thompson, for Liverpool, with mainmast gone by the deck, and fore topmast at the cap; they would not need assistance.

The brig Florence, Woods, master, during a thick snow storm on the 7th inst., in Vineyard Sound, parted both chains and lost anchors and seventy fathoms chain; also hedge and sixty fathoms of hawser, drifting astern in the ice; she was got off on the night of the 8th, leaking about 150 strokes per hour; also lost foretopsail. She arrived at Vineyard Haven on the 9th.

Another St. John Vessel abandoned.—The schooner Louisa D., Wagner master, hence for Havana with shooks, before reported lost, was abandoned on the 5th inst., waterlogged, and in a sinking condition. The crew were rescued and landed at Philadelphia by the steamer Nederland. The L. D. registered 158 tons, was built at Buck River in 1868, and owned by Mr. James Dunlop and others. Captain James of the Nederland makes the following report:—

Before entering the capes saw a vessel flying a signal of distress; bore down to the rescue and a boat's crew volunteered to board her, but this was found impossible on account of the tremendous sea. Capt. James laid to during the night and on the succeeding morning searched for and finally sighted the vessel and found her waterlogged and sinking. The captain and five men were found clinging to the rigging, where they had been all night. One of the officers, the first mate, had been washed overboard and lost. The vessel was found to be the schr Louisa D., from St. John, N. B., for Havana, with lumber. Capt. James took the survivors on board the Nederland and gave them kind treatment.

Abandoned.—The brigt. Nereus, Allen, from New York for this port with coal (before reported), was abandoned on the 9th inst., full of water, her foremast gone, and on her beam ends off Cape Ann. The captain and crew, rescued by the schooner Marion Grimes, were landed at Gloucester on the 10th. The N. registered 210 tons, was nearly five years old, and was owned by Mr. Geo. F. Smith. Vessel and freight are both insured.

Joshua Jailed.

Joseph Joshua, charged with receiving stolen goods, was brought before the Magistrate this morning and the deposition having been read over he pleaded not guilty. He was then committed to jail to await his trial at the County Court.

No Bid.

Messrs. Lockhart & Chipman were to offer at auction, to day, the cottage and outbuildings formerly occupied by the late Dr. Harding, and situate at Negro Town Point; but so very few persons assembled at Chubb's Corner at noon, it was deemed advisable to postpone the sale until Tuesday.

Death of Charles Whittaker, Esq.

The announcement of the death of Charles Whittaker, Esq., a well known resident of this city, was received with surprise this morning, for although Mr. Whittaker has been in feeble health for some time past his death was not expected by the public. Mr. Whittaker was advanced in years and unmarried. He was possessed of shrewd business qualities and will leave considerable real and personal property.

About Raw Hides.

By the general Inspection Act of 1874, inspectors of raw hides are constituted, with certain powers necessary to their office; and by the same act a penalty of $1 per hide is fixed, to be collected before Justices, from each person exposing uninspected hides for sale. The city of St. John being a district under the act, has two inspectors, Messrs. W. W. Emslie and Chas. Clerke, who have had much trouble in preventing the evasion of the law by butchers and others. This morning Mr. Clerke appeared at the Police Office and made information against James Scullion for violation of the law, and the case will probably be heard on Monday.
