"The only ammunition entirely made in Canada."

Fills the bag with fewer shots

Accuracy does it. Accuracy in every detail of workmanship—in the apportioning of powder, shot and wads—in the charging and fitting of primers—in the loading and crimping-in the close inspection that follows every process of making—accuracy proven in the final shooting tests that bring out the qualities with unerring exactness. And ammunition accuracy is as important as that of your gun.

Dominion accuracy is guaranteed

In Dominion Ammunition, the primers are sensitive and sure fire. The flash passage is unusually large, causing instantaneous combustion. The shot is double chilled and the powders are selected from the world's best mills.

Try the speedy "Canuck," a new Dominion shell. It's a bag filler and a trophy winner. Other popular shot shells: Imperial, Regal, Sovereign and Crown. Sold everywhere.

"About what?" Here Miss Felicia's eyes were suddenly diverted, and became fastened on the short figure of Mr. Isaac Cohen, who had risen to his feet and stood talking in the most confidential way with Morris-Peter listening intently. Such Mirases as "Better make the columns of marble," from Morris, and, "Well, I will talk it over with the Rabbi," from the tailor reached his ears. Further relief came when Miss Felicia rose from her chair with her hand extended to Morris, who was already taking leave of Peter, and all danger was passed when host and hostess conducted the tailor and the architect to the door, Morris bending over Miss Felicia's hand and kissing it with the air of a courtier suddenly aroused by the appearance of royalty Cohen's talk), and the tailor bowing to much as touching the tips of her
