To Canadian Forestry Association: I have just been looking over a copy of the "Illustrated Canadian Forestry Magazine" for January, 1922, and I have noticed, with real satisfaction, the many improvements that you have made, both in variety and form of treatment. Will you be so good as to accept my sincere congratulations.

CHARLES LATHROP PACK

Canadian Forestry Association: It is with great pleasure that I enclose five dollars as a contributing member; my chief regret is that I am unable to make it five thousand.

In connection with your educa-tional work would it not be worth more publicity in the general press.

Yours for success,

CHARLES J. HERRIOT.
