

ASK FOR THE NEW PACKET

In future **BLUE RIBBON TEA** will reach the consumer in the new air-tight double package. This is far and away the most efficient method of packing tea. But only the largest packers can use it—as the process involves extremely costly apparatus.

In place of the old lead packet—easily punctured and liable to rust—a double thickness of absolutely dust-proof, air-tight, oiled parchment and stout cartridge paper is used. The combination makes a perfect preventive of the slightest deterioration.

In a word—a perfect wrapping for a perfect tea—
