File 383

The Hon Arthur Meighan.
Leader of the Opposition,
House of Commons - Canada.
Ottawa.

Sir,

We regret that our business in Fertiliser is so small and of such a nature that our views regarding last Session's Tariff Reductions are not based on any knowledge or experience sufficient to enable us to reply to your letter of the 12th instant. We have referred your letter to The Triangle Chemical Company of New Westminster, B. C. from whom our fertiliser supplies are largely obtained.

Yours truly,

DAVID SPENCER LIMITED.
