with the Canadian Expeditionary Force until 1916 when I was discharged to finish my medical studies.

From 1922 to 1931 I was president of the Brome County Conservative Association and I am since 1930 joint-president of the body shown in this letter head.

I know that I cannot get this position without any help from powerful personalities. That is why I respectfully request your aid to attain this end trusting that I will find a benevolent response as I have received in the past.

The districts of Hull, Quebec and Montreal have been given high patronage lately and we believe that the Eastern Townships of Quebec should be treated alike by choosing from that section the French Canadian member for that commission.

Hoping that you will consider this demand favorably, I have the honor to be,

Yours respectfully,

Joseph Boulay M.D.

Sutton P. Q.
Feb. 5-1933.
