Howard Arthur Meighen
Toronto

Dear Mr Meighen

I am enclosing you a letter I received from J. A. Lombr of Palmerston who says he has an application in Hydro office for a position on some Construction work. I know the family very well and they are a splendid family, and good friends of ours. The Town of Palmerston has become hard hit on account of Railway situation and it's almost impossible for the young men to get work of any kind, I will appreciate it very much if you can place Mr Lombr on staff somewhere.

Yours very Truly
