

309220.

Ottawa, August 22nd., 1908.

Sir,-

With reference to previous correspondence regarding Dr. McFullough's account for professional services rendered to the Indian Joseph Peters, I have to say that the Department has decided to re-consider the question of payment. The Doctor has been told that he should send his account, rendered in duplicate, to you and also that he should forward to you the account from the Hospital for the nursing etc. of this man. When you receive these accounts kindly certify thereto and forward them in the usual way to the Department. The Hospital account should, of course, be attached to regular voucher forms.

Your obedient servant,

L. A. Lewis

Secretary.

D. J. McPhoe, Esq.,
Indian Agent,
Orillia, Ont.
