Re: Damage by Fire to Aircraft CF-BRW
Compl. of L. ALSOP, Cold Lake, Alta.

1. With reference to the above and previous correspondence in this connection, please be advised of the following.
12-9-50
2. L. ALSOP was interviewed this date regarding Certificate of Registration #3424, and Certificate of Airworthiness #1014 for his aircraft CF-BRW.
3. ALSOP stated he did not wish to return these Certificates to the Department of Transport, therefore he was advised that a Search Warrant would be obtained and his personal effects etc. would be checked. ALSOP immediately stated he would turn over the Certificates in question as he did not wish this action taken.
4. ALSOP advised the writer the Certificates are presently in Cold Lake, Alta. and he would forward them to the Dept. of Transport Edmonton, Alta. immediately on his return to that point in approximately a week or two. ALSOP further stated he would write to his wife and advise her to release the Certificates should she be requested to do so by a member of the local Police Detachment.
5. ALSOP stated he would appreciate obtaining correspondence from the Dept. of Transport advising him the Certificates in question were previously cancelled, as he advises he has no record of this action.
6. It is thought advisable to have a member of our Bonneyville Detachment contact Mrs. ALSOP and obtain the Certificates.
7. This file is being held open at this Detachment until advised the Certificates are turned over to the Dept. of Transport.
