You May Pay When You are Cured.
A Detroit Specialist who has 14 diplomas and certificates from medical colleges and state boards of medical examiners, and who has a vast experience in doctoring diseases of men, is positive he can cure a great many so-called incurable cases.

DR. S. GOLDBERG.
The possessor of 14 diplomas and certificates, who wants no money that he does not earn. In order to convince patients that he has the ability to do as he says, Dr. Goldberg will accept your case for treatment, and you need not pay one penny until a complete cure has been made. He wants to hear from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and skin diseases, which he accepts for treatment. He not only cures the condition itself, but likewise all the complications, such as rheumatism, bladder or kidney troubles, blood poison, physical and nervous debility, lack of vitality, stomach trouble, etc. He is a doctor who realizes that it is nothing to make claims and another thing to back them up, so he has made it a rule not to ask for money unless he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. It seems, therefore, that it is to the best interests of everyone who suffers to write the doctor confidentially and lay your case before him, which will result in a cure and a correct diagnosis of your case will be made free of charge. If you have lost faith write him, as you have everything to gain and nothing to lose. You must remember, not one penny need be paid until you are cured. All medicines for patients are prepared in his own laboratory to meet the requirements of each individual case. Goldberg, 80 Woodward Ave., Room 202, Detroit, Michigan.** Medicine for Canadian patients, sent from Windsor, Ont., consequently there is no duty to be paid.

Suffered Intense Pain Around The Heart For Four Years.

Was Very Dizzy.

Four Boxes of Milburn's Heart and Nerve Pills Effected a Complete Cure.

For troubles such as Palpitation of the Heart, Sleeplessness, Nervousness, Pain or Dizziness, Spells, Shortness of Breath, Starting in the Sleep, Cold, Clammy Hands or Feet, Brain Fag, etc., we would strongly advise the early use of Milburn's Heart and Nerve Pills, as this remedy, taken in time, has been the means of saving many a life, and restoring strength to those who were weak, nervous, health-shattered invalids.
Mrs. E. Kilmer, Humberstone, Ont., writes:—"Allow me to tell you of the great results I have derived from Milburn's Heart and Nerve Pills. For four years I suffered intense pain around the heart, and was very dizzy. After using four boxes of Milburn's Heart and Nerve Pills, I was completely cured."

THE SCENE PAINTER.

He Plays an Important Part in Staging a Modern Play.
When a play has been accepted for production it is sent to the scene painter, who goes over it carefully, taking note of all details to be reproduced. Then, if the subject is difficult, he makes a sketch of it in the flat. If this proves satisfactory to manager, actor and author, he builds it up in a miniature model on the scale of half an inch to the foot as perfect in proportion and exquisite in detail as the finished scene. An old gentleman lately, looking over a collection of models in one of the New York studios, remarked that his granddaughter would be delighted to have them for doll houses. The proprietor of the studio smiled to himself. The models for a single play cost well up toward a thousand dollars. For an ordinary four act comedy the models, scenes, properties and costumes cost, let us say, five or six thousand dollars. The cost of the great scenic productions is never as much as the press agent says, but has been known to exceed \$100,000.
When the model is approved, the stage carpenter takes measurements for such framework as may be necessary. The clumsy construction of the old days has given way to the solid sort of building. Windows slide in their sashes; doors slam, shut and lock. Staircases are solid to the tread. Trees are built up in the round, and columns are turned out of solid wood. But as every show is intended to travel among all the great cities of the continent the heaviest scene must be made up of pieces short enough to be packed in a freight car.
The scene painter marks out the pieces of his model in tiny squares and then hangs a huge canvas beside the stage bridge with corresponding squares in scale. The draftsman stands on the bridge with a piece of charcoal on a stick like a billiard cue and square by square copies the lines of the model, while an assistant raises and lowers the cloth with tackle. Then the body paint is put on, and the details are added until the cloth is complete.—John Corbin in Scribner's.

A WOMAN'S PHILOSOPHY.

There ain't no possible good 's c'n come o' lendin' money to them 's ain't able to pay it back.
'S far 's my observation 's extended, it's always folks a long ways off 's it's wisest to lay all faults to.
No woman as 's goin' to fall in love ever ought to begin by marryin' another man first. It mixes things all up.
'S far 's my observation 's extended, no one don't ask for advice 'ness they've pretty well made up their mind not to take it.
It's better for you to learn the lesson 's 's in vanity now than to wait 'till you fall on your head like a unexpected pickle jar.
I didn't get my trunk down 'cause I'll have Friday to pack anyhow, 't' any one c'n slide a trunk down a ladder any time, but nobody can't never slide nothin' up nowhere.—Susan, Clegg and Her Friend, Mrs. Lathrop, by Anne Warner.

Vivisection.
There is a knowledge which is heavenly, a knowledge which is human and a knowledge which is diabolic; there is a knowledge which is blessed and a knowledge which is accursed. The first is ennobling and elevating and lifts man toward God. The second is degrading, degrading and drags man toward the pit. The knowledge gained by rooting amid the groans and agonies of living creatures, whom their Maker and ours put into our power, to teach us mercy, as he gives mercy to us, is such an accursed knowledge that only demons could seek for it, and it can turn to no human good. "Science" so gained is not for men, but for devils.—Bishop Hugh Miller Thompson in Success.

Constipation

Fruit is nature's laxative. Plenty of fruit will prevent Constipation, but you can't cure it. Why? Because the laxative principles of fruit are held in peculiar combination and are very mild.

After years of labor, an Ottawa physician accidentally discovered the secret process by which

Fruit-a-tives

or Fruit Liver Tablets

are made. He used fruit juices, but by combining them in a peculiar way, their action on the liver, kidneys, stomach and skin is increased many times.

"FRUIT-A-TIVES" TABLETS contain all the medical properties of fruit—are a mild and gentle laxative—and the only permanent cure for Constipation, Torpid Liver, Sick Headaches, Bad Stomach and Kidney Troubles.

All druggists have them. 50 cents a box.

Free, to any Woman who bakes her own Bread

Thousands of women are writing in every week for the "Royal Household" Recipes—they explain the new and easier way of making bread. Make a trial with the new Royal Household Flour, which is purified by electricity—you would not believe there could be such a difference in flour—these recipes are certainly worth asking for. Send a postal card to-day.

HERE IS JUST ONE TESTIMONIAL OUT OF MANY THOUSANDS RECEIVED.

I have been using your flour exclusively since I came to Canada, fourteen years ago, and have been using "Royal Household" since its introduction. To show you how I value it, my grocer lately could not supply me with it, and rather than use another brand, even temporarily, I sent to Kamloops, twenty-five miles away, and paid the freight to me, preferring to pay the freight charges rather than use an inferior brand. In fact, if I could not get it otherwise, I would ship it direct from the mills. I can always rely on having good bread when using it, and nothing tends more to keep harmony in a home.
