A fresh lot just in from Quebec. On account of the very cool summers down in that province, the maple syrup keeps perfectly. It is just as fresh as when it was made, and the flavor is delicious. What about a gallon for the winter?

# A Hot Water Cure.

We all know what pain is—and yet we don't. We know what its sensations are, and that it can be cured by two agents—drugs and heat. If heat will answer it is the better, of course. Drugging pain may be temporary relief only. If heat helps at all it is also curing.

# HOT WATER BAGS

Are a potent aid in a hundred ills. Emergencies and pain will come where nothing will answer so well. Can be applied anywhere. We have all sizes of the best kinds at prices just as comfortable as the bags.

## THE MARKET REPORTS.

### Grain is Firmer—Live Stock Trade—Cheese Markets.

Saturday, Eve., Oct. 31.

Saturday Eve., Oct. 31.

Receipts in all lines were heavy at St. Lawrence Market this morning and trade was generally brisk. The feature of the market was the heavy receipts of poultry in nearly all lines and the consequent tone in prices. Eggs continued to hold their firm position. The grain receipts amounted to 2,100 bushels.

Wheat—Three hundred bushels of white and 200 of red sold at 82 1/2c per bushel, and 200 of inferior grade spring sold at 75c.

Barley—Five hundred bushels sold at 46c to 50 1/2c per bushel.

Oats—Were about steady. Seven hundred bushels sold at 38 1/2c to 39 1/2c per bushel.

Rye—One hundred bushels sold at 65 1/2c per bushel.

Dressed Hogs—There is a fair number of hogs coming forward and the market continues steady at \$7.50 to \$7.75 for lights, \$7 to \$7.50 for heavies and \$4.75 to \$5.25 for sows.

Butter—Fair lots were offering and prices were about steady at 20c to 22c per pound.

Poultry—Receipts in all lines were large and in some cases they were sufficiently so to cause something of a glut, and prices were lower. There was a good demand for chickens and quotations are about steady at 12c to 13c per lb. Geese were plentiful and sold at 7c to 8c, ducks ran at 8c to 10c, and turkeys at 12c to 14c. There was a fairly large offering of old hens and they were easier at 5c to 6c per pound.

Hay—The threatening look of the weather had the effect of lessening the receipts and only about twenty loads were offering. Prices were about steady. No. 1 timothy sold at \$10 to \$11.50 per ton and mixed or clover at \$8 to \$9.

Straw—One load of sheet sold at \$10 per ton.
