

CHAPTER VIII

Faradism—Therapeutic faradic coils—Therapeutic action—Faradic stimulation—Bergonié's chair—Indications - - - - -	50-62
--	-------

CHAPTER IX

High frequency—Method of production—Method of application, general and local—Therapeutic action—Measurement of current—Indications - - -	63-75
--	-------

CHAPTER X

Diathermy—Relation between ordinary high frequency and diathermy—Method of production—Methods of application, therapeutic action—Indications - - -	76-82
--	-------

CHAPTER XI

Radiant heat—Therapeutic action—Ultra-violet rays—Methods of application—Indications - - -	83-90
--	-------

CHAPTER XII

X-rays—Method of production—Physical properties—Therapeutic action—Methods of application—Indications—Dangers - - - - -	91-137
---	--------

CHAPTER XIII

Radium—Methods of application—Indications - - -	138-143
---	---------

CHAPTER XIV

Electrodiagnosis of nerve lesions and myopathies - - -	144-160
--	---------

INDEX OF TREATMENT - - - - -	161-193
------------------------------	---------

INDEX - - - - -	194
-----------------	-----
