

INTRODUCTORY.

THE Publishers take pleasure in presenting this, their second volume of the **ONTARIO GAZETTEER AND BUSINESS DIRECTORY**, to their patrons, and feel confident it will meet with the same appreciation as its former issue.

The information it contains has been obtained in all cases from original sources and great care has been taken to ensure accurate and comprehensive detail.

In the **GAZETTEER** part of the work will be found shipping directions, bank locations, railway connections, stage routes, etc.; in the classified portion, commencing at page 1233, will be found business firms classed under their respective headings, enabling the seeker to find a line of business at a glance.

It has been the aim of the publishers to make each division of the work as perfect as possible, and nothing has been left undone to attain this end.

Attention is directed to the advertisements, references to which have been made from the respective classified headings, purchasers seeking specific articles will thus be informed where such goods can be obtained.

For Index to contents of this book see pages 3 to 12.

The work will be issued promptly every two years, and corrections will be made from direct information obtained.

As many itinerant directory publishers mislead the public by misrepresentations, parties desiring to subscribe for a complete Provincial Gazetteer and Directory of Ontario should see that our name is on all orders they sign.

Respectfully,

R. L. POLK & CO.,

TORONTO, ONT.
