CO-OPERATIVE — SCIENTIFIC — SUCCESSFUL

"How did the Mutual Life of Canada succeed in attaining its present impregnable position in the financial world?" It may be replied that the promoters of the Company did not organize it as a commercial undertaking, but that it might serve as a public benefactor giving the largest amount of genuine Life Insurance for the least possible outlay. A spirit of devotion to the success of the enterprise supplied the place of capital. Although strictly co-operative or mutual, yet the Company has been built up on a scientific basis as an old line, Legal Reserve Life Insurance Company. The Mutual Life of Canada is a beneficent idea worked out on scientific lines—that is the secret of its popularity. The Mutual being essentially a Company of policyholders, conducted by policyholders, in the interests of policyholders, naturally became a great success.
