Here is the Average Man's Ideal Car—

The happy medium between the monster car that is purchased to impress people—and the cramping conveyance used merely to get from place to place, irrespective of comfort.

Nothing mysterious about its wonderful success—just a common-sense car of proved capability.

More power with less weight—better performance with less running cost—smoother action with less need of attention.

By huge production, we are able to offer it at a price that fits any ordinary-sized income.

After August 1st, \$685 f.o.b. Oshawa. Now obtainable, a few at the old price, \$675.

AGRICULTURAL LIME

From the celebrated Beachville Quarries. Highest testing and purest lime in Canada. Why pay \$20 to \$35 per ton for your fall wheat fertilizer when we can give Ontario farmers the highest testing Phosphate and Lime ingredients to make two tons for \$20, analyzing 14.87% Phosphoric Acid and 50% Lime? Progressive farmers by thousands are using these high-grade materials for profitable, permanent agriculture. No high-priced soil stimulants for them. Our traveller will call if you are interested. Agents wanted in unrepresented districts.

Years from now the Bissell Silo will be giving good service. It is built of selected timber, treated with wood preservatives, that prevent decay. It has strong, rigid walls, airtight doors, and hoops of heavy steel.

Therefore it lasts, simply because it can't very well do anything else. Our folder explains more fully—write Dept. W.
