

# MELOTTE CREAM SEPARATORS, LISTER GASOLINE ENGINES

**"LISTER" Gasoline and Kerosene Engines**

The Simplicity of the "Lister" Gasoline and Kerosene Engine means fewer parts to get out of order or to adjust. It is designed for general utility work on the farm, and its quality means long service and minimum repairs.

**The "Avery" Tractor**

The Motor of the "Avery" Tractor is built particularly for tractor use. It has all the power that is required for severe farm use and much to spare for emergencies. The Construction is Simple. The owner can easily make his own adjustments or repairs. The "Avery" motor is powerful, easy to operate, and economical.

**The "LISTER" Milker**

**Follows Nature.**  
The gentle reciprocating action closely resembles that of the tongue and mouth of the calf.

The natural action on the cow's teat causes the cow to remain in milk longer and prevents inflammation.

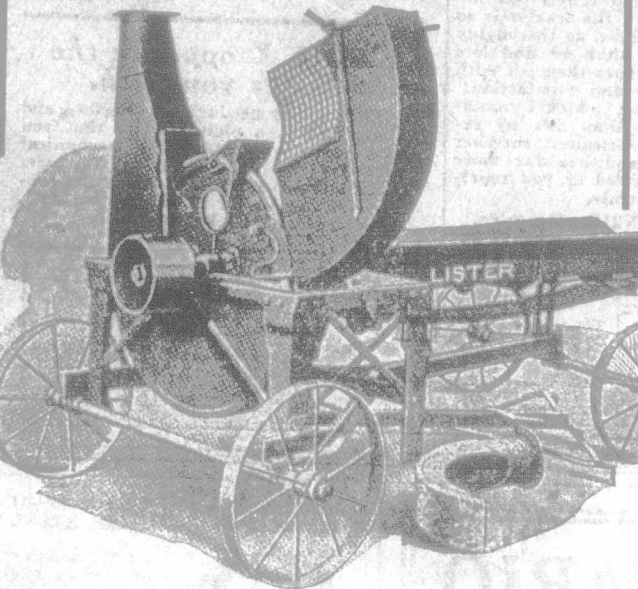

Instal a Lister Milker now, and **SAVE MONEY, TIME AND LABOR**

*"The cows like it"*

**The "LISTER" Ensilage Cutter**

The service of this machine plays an important part in upholding the good name of "Lister" Products.

Lister Ensilage Cutters are noted for their easy operation, capacity, durability and safety. Are ideal machines for the individual farmer's use.
