Before you buy a Mower, ask about this up-to-date

You will find it built just like you know a mowing machine ought to be built—simple, strong, easy running, convenient to handle and positively no side draft or neck weight. Ask your dealer to show you the Dain Vertical Lift Mower. You will see in a minute it has more good points than all the rest of the Mowers put together that you ever looked at. The practical, common sense way it works and handles is why you will want one.

When you begin haying you want machines you can rely on. That's the only kind we build. No trappy complications but the good substantial stand up-to-the-work variety. No matter where you live, or the kind of grass you grow you can save time, work, money, hay and delay when cutting, curing, stacking or loading hay by using
