Tie not for us to trifle! Life is brief, And sin is here. Our age is but the falling of a leaf. A dropping tear : We have no time to sport away the hours, All should be earnest in a world like ours.

Not many lives, but only one have we,-How sacred should that one life ever be,-

That narrow span; Day after day fill'd up with blessed toil,
Hour after hour still bringing in new spoil!

- S. S. T. Magazine.

The Deformed Girl: A SKETCH FROM LIPE.

(From the French of Madame de Gasparin.) " So you will not come and see Marietta?" town held in charge by the old general, where I snuff-box. had gone with the baroness.

I followed him; and as he went he said, "So I could not speak, but pressed his hands you do not know Marietta? Well, then, you within my own.

chair, and come forward to meet us. I stopped heaven!"-Sunday-School Magazine. short, and, but for one of Master Schimp's quick keen glances, I think I should have screamed. How shall I describe this something, this poor, most in height, and with a head so out of all Hints on Starting Garden Plants strangely-deformed creature? Three feet at just proportion as to recall the pasteboard

the patrol. Come now, we are going to have a by all. And Master Schimp began to exhibit his dug and thoroughly drained, is in a condition to be comprised in one large royal 8vo volume. And Master Schimp began to exmost his dag and dolonging distinct, and the comprised in one large royal evo volume.

The authors bring to bear on the work all the prodigy. While he recounted, without sparing me a single date or incident, how, after having dinary soil, no matter how dry it may be. A free admixture of fermenting manure, like that perior to any extant of its class may be expected. taught her to read and write in German, and from the horse stable, also tends to warm the then to read and write in French; how he had soil. followed this up by arithmetic, the two gram- The smaller seeds, lettuce, cabbage, cauliflowmars, geography, and history; and how Ma- er, turnips, tomatoes, many of the flower seeds,

HOLLOWAY'S PILLS

Nervous Disorders. What is more fearful than a breaking down or the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, boer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids avoiding the mas of usual the Radway Pills and Ready Relief. Bud

these Fills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing da agerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always being about what is promised.

petite. These feelings which so sadden us, most frequen

r arise from annoyances or trouble, from obstruct o erspiration, or from eating and drinking what i unfit for us, thus disordering the liver and stomach These organs must be regulated if you wish to be well. The Pilis, it taken secording to the printed structions, will quickly restore a healthy action to instructions, wit quickly restore a nearrhy action to both liver and stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely and other medicine is ever used for these disorders.

Disorders of the Kidneys. In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pans settled in the loins over the regions of the kidneys, these Pills should be taken cording to the printed directions, and the Oint-ent should be well rubbed into the small of the ack at bed time. This treatment will give almost

mediate relief when all other means have failed The Stomachs out of order. No medicine will so effectually improve he tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or im-proper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curi ng all disorders of the liver and Stomach.

Hollowau's Pills are the best remedy known in the world for the following diseases: Dropsy, p aints. E ysipelas, Female Irregu-Lumbago, Rheumatism

Fevers of all kinds, plaints, Jolies, Gout, Constination of Head-ache, Stone and Gravel Indizestion, Consumption, Inflammation Weakness from whatever cause, &c. &c

Sarsaparilla FOR PURIFYING THE BLOOD.

ALFRED B. TALLET.

St. Anthony's Fire, Rose or Leysipelas.
Tetter and Sait Rheum, Scrid Head,
Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Proble wifes from Salem, N. Y., Inh. Sept., 1859, that he has cured an invoterate case of Dropsy, which threatened to terminate fatally, by the per-evering use of our Saraparitik, and also a dangerous Mulignant Ergsipelies by large doses of the same; says he cures the common Francisco in the case in the case of the same;

Zeistion Stonn of Prospect, Te cas, writes: "Three but less of your Sarsaparilla cured me from a *testre*—a hid-eus swelling on the neck, which I had suffered from two years."
Leucorrheen or Whites, Ovarian Tumor,
Uterine Ulceration, Female Discusses. Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Saraparilla a most eigellest alterative in the numerous complaints for which we employ such a remedy, but especially in Phase Disease of the Scrofulous disthesis. I have cared many juyetgrate cases of Lencorhea by it, and some where the comare cases of Lencorrhers by it, and some where the com-plaint was caused by alcration of the alcras. The alcor-ation itself was soon cured. Notiting within my knowl-edge equals it for these female derangements." Edward S. Marrow, of Newbury, Ala., writes, "A dan-gerous servicus tumor on one of the females in my family which had defied all the remedies we could employ, ha at length been completely cured by your Extract of Sa-saparilla. June physician thought nothing but extrap-tion could afford relief, but he advised the trial of your Sarasparilla as the last resort before cutting, and it proved effectual. After taking your cent. If yeight wests no symptom of the disease remains."

Syphitis and Mercurial Disease. New Obleans, 24th August, 1869.

In. J. C. Aten: Sir, I cheerfully couply with the squest of your agent, and report to you some of the effect I have realized with your Sarangarilla. I have realized with your Sarvaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Fenerul and Mecured Descript. One of my patients had Syphilitic ulers in his threat, which were consuming his paints and file top of his mouth. Your Sarvaparilla, steadily takes, cured him in fits weeks. Another was attacked by secondary automorphism, his home most the affection of the content of uncers heated, and he is well again, not of course without some disfiguration to his face. A woman vio had been freated for the same disorder by mercuny was suffering from this poteon in her bones. They had become so sub-sitive to the weather that on a damp day she suffered as cruciating pain in her joints and bones. She, too, was cured entirely by your Samaparitia in a few weeks. I know from its formula, which your agent gave me, that this Freperation from your islowadory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Rireumatism, Gout, Liver Complaint. Rireumatism, Gout, Liver Complaint.

Independence, Preston Co., Va., 6th July, 1859.

Dr. J. C. Aten: Sir, I have been affilted with a paleful chronic Rhemotion for a long time, which lattled the
skill of physicians, and stuck to me in spite of all the
remedies I could find, until I tried your Sarasparilla. On
bottle cured me in two weeks, and restored my general
health so much that I am far better than losion I was
attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writers, "I have been
afflicted for years with an affection of the Lover, which
destroyed my health. I tried every thing, and every thing
failed to relieve me; and I have been a broken done may
for some years from no other cause than afterongement of
the Liver. My beloved pustor, the Rev. Mr. Espy, advised
me to try your Sarasparilla, because he said he knew you,
and any thing you made was worth trying. By the bless
fing of 6od it has enred me, and has so purified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough."

Sch. hyrus. Cameer Tumora, Embargemeent.

Schirrns, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratie to all who call for them.

Dyspepsia, Heart Disease, Fita, Epilepay, Melancholy, Neuralgia
Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and the overcomes disorders which would be supposed beyond is reach. Such a remedy have long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do. Ayer's Cherry Pectoral

FOR THE RAPID CURE OF

This is a rossedy so universally known to surpass any other for the cure of throat and lung complaints, that is useless here to publish the evidence of its virtues. Its unrivalled excellence for rough and colds, and its thilly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the eatherent of the communities, or even families, among this who have not some personal experience of its effects some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all known the dreadful fatality of these disorders, sin as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the if
