FRENCH OFFICIAL STATEMENT SHOWS IMPORTANT GAINS

Germans Driven Back With Great Losses of Men and Material.

By Special Wire to the Courier.

Paris, Sept. 29.—French official statement issued to-day is as follows:

"The reports which are coming to hand make it possible to record each day more fully the importance of the successes obtained by our recent offensive movement in the Champagne district, combined with that of the allied troops in the Artois district."

"The Germans have only been compelled to abandon along an extended front certain position strongly entrenched in the defense of which they had been ordered to resist to the very end, but they have suffered losses the total of which in killed, wounded and prisoners amounts to more than the effective strength of three army corps (120,000 men). The total number of prisoners is at the present time in excess of 23,000 men; the number of cannon brought to our rear is 79. Seventeen thousand and five private soldiers and 316 officers, taken prisoner by us, already have gone through the town of Chalons on their way to the points where they are to be interned."

"Organized efforts are at present under way to clear up the field of battle and to take definite count of the arms of all kinds and of the war material which the enemy has been compelled to abandon to us."

"In the Artois district, the progress reported yesterday to the east of Souchez continued yesterday evening and in the course of last night, after a stubborn engagement Hill No. 140, the culminating point of the crests of Vimy and the orchards to the south of this point. The number of the town of Vimy, which was in the course of this fighting is more than 300, and the men belong mostly to the two divisions of The Guard."

"In the Champagne district, the fighting is going on without truce along the entire front in the region to the north of Massiges where groups of Germans have surrendered. In this sector alone the total of prisoners last evening reached 1,000. There has been no other important action on the remainder of the front."

"The enemy has bombarded violently our trenches to the north and to the south of the Aisne, in every case of the St. Mar forest; of Troyon and of Vailly. We responded to this fire with energy."
