GERMAN PAPER TELLS THE KAISER TO MAKE FOR PEACE UNEQUIVOCALLY

AMSTERDAM, Sept. 30.—The Frankfort Zeitung expresses regret that the government fails to impress on friend and foe with truth that Germany did not go into the war out of lust for power. This newspaper freely admits that the Bulgarians are justified in feeling war tired, and thinks the Bulgarian people will stand by Premier Malinoff. Finally the Frankfort Zeitung begs the government to make for peace unequivocally and sincerely.

The Dusseldorf Nachrichten bewails the fact that troops will have to be sent to Macedonia from the west front where they are so badly needed. Its sister publication, the Essen Allgemeine Zeitung speaks of bad news coming thick and fast and repeats its previous assertion that Germans must be strong. Later on in its editorial the Essen Journal falls into bitter abuse of blaming Wilson and his mob of henchmen.

FRENCH OFFICIAL BESPEAKS SUCCESS

PARIS, Sept. 29. (Delayed)—The text of the official statement issued by the War Office to-night says: "South of St. Quentin our troops have attacked on the front from Urvillers to Cerisy. The enemy who made an energetic resistance was ejected from these two villages which are in our possession. We have crossed the St. Quentin-Lafere road and five hundred new prisoners have been actually counted. Between the Ailette and the Aisne we to-day realized an advance of about two kilometres along the Chemin Des Dames and have occupied Pargny, Filain and Sotel. On the Champagne front our troops have continued attacks and have obtained important results. Upon the right we have passed the village of Bouconville and hold the positions north of this village. Further west we have taken Mont Cuvelot which was strongly defended. Our troops have taken the village of Schault, progressing about two kilometres in the direction of Chalange. Further west we have taken Ardeuil et Montfauxelles and Bieux and carried our lines toward Aure. Upon our left we have penetrated the village of St. Marrie, Apy.

GALLANT BELGIAN ARMY'S SUCCESS

WITH THE BRITISH FORCES IN FRANCE AND BELGIUM, Sept. 30.—The advance along the British front from St. Quentin north continued throughout last night and this morning, despite the fact that a heavy rain was falling. It was in Flanders, however, that the most important of the battle seemed to have shifted for the moment. This area gained the distinction because of the fact that the gallant little Belgian army, assisted by the British, is driving ahead in such a manner as to menace the German hold on the entire Belgian coast as far as Ostend. From Dixmude southeastward a wide wedge has been driven into the enemy positions, and at last reports, the Allied force were within less than two miles of the important railway junction point of Roulers.

THE EASTERN THEATRE

EASTERN THEATRE, Sept. 28.—During the course of the day the left wing of the Allied armies in the east continued their advance toward Kichev. The enemy rear guards have retreated to the heights north of Resna and the village of Ochrid. The Serbian army has gained ground to the north and to the northeast of Veles and Kochana. They have also advanced toward Uskub and Kumandovo. Serbian cavalry have reached the Bulgarian frontier. The Anglo-Greek forces are moving forward north of Strumitza in the direction of Pascevo. They are advancing toward Patrich.

AUSTRIA STILL IS TRYING FOR PEACE

AMSTERDAM, Sept. 30.—A proposition that the Presidents and Vice-Presidents of the Parliaments of Belgium and neutral states shall be invited to meet for an unbinding discussion of the basis of peace has been introduced in the Lower House of the Austrian parliament. The motion says the Vienna message was invitation to the parliaments of the belligerents and of neutral states. The meeting would be held at a place agreed upon.

AN OPTIMIST!

LONDON, Sept. 30.—Emperor William according to an Exchange Telegraph despatch from Amsterdam has sent the following telegram to the Westphalian Patriotic Society: "Germany is decided to utilize all force to fight this enforced defensive war until a victorious end is secured and the Fatherland protected for all time against foreign oppression. A glance at the magnificent successes of her heroic sons and their genial leaders ought to protect the German people even in the changeable fortunes of war against unworthy discouragement and unjustified doubt."

ENEMY RIGHT FLANK IS NOW WEAKENING

WITH THE FRENCH ARMY IN CHAMPAGNE, Sept. 29.—The capture of Mont Cuvelot and Bouconville by the French is most important and has already borne fruit. These heights permit the French to overlook the valley of the Aisne and the important railway junction of Charlerange. They also can see the mouth of the valley through which flows the river Aire. Along this river a railway runs eastward from Mouron to Grand Pre. It is the only route possible for troops passing through the Argonne forest. South of the Aire the forest is a mass of impassable swamps. The railway at Charlerange is under fire and the Americans on the other side of the forest are steadily approaching Grand Pre. Yesterday's fighting was not in vain. The enemy right flank in the Champagne is weakening.

ROULERS CAPTURED

LONDON, Sept. 30.—Roulers is in peril, and the whole of the enemy's communications in Belgium and Flanders, particularly on the Belgian coast, is threatened.

LONDON, Sept. 30.—Roulers, a Belgian town 13 miles northeast of Ypres, was captured to-day by Belgian troops, according to a despatch received by the Evening Standard from the Belgian front, this morning.

BELGIAN SUCCESS

WITH THE BRITISH FORCES IN FRANCE AND BELGIUM, Sept. 30.—Belgian troops in their drive north and east of Ypres have captured three hundred German guns. British troops in the same area yesterday took ninety-seven guns.

BRITISH REVERSE

LONDON, Sept. 30.—(British Official) On the front north west of La Catelet German counter attacks pressed the British back to the outskirts of Villers Guislain while to the southwest of La Catelet similar pressure sent Field Marshal Haig's troops back to the edge of the village of Bouy.

TURKISH FORCE OF 1000 GIVE UP

LONDON, Sept. 30.—A Turkish force of one thousand men has surrendered to the British in Palestine, according to an official announcement made this evening.

CLEARING CAMBRAI

LONDON, Sept. 30.—Fighting is going on in Cambrai. The northeastern and southwestern suburbs have been captured, and the town probably will clear up the enemy shortly.

"MINNESOTA" SAFE

WASHINGTON, Sept. 30.—The battleship Minnesota which struck a mine yesterday off the Atlantic Coast, has arrived safely at a naval station and is now in dry dock, the naval department announced today.

MORE CAPTURES

LONDON, Sept. 30.—British troops have crossed the Scheldt Canal and captured Chevecoen, south of Cambrai. Half of the Chemin des Dames, from which the enemy is retiring, has been captured by the French.

BRITISH FORCED TO WITHDRAW ON FRONT

LONDON, Sept. 30.—On the front south east of Douai the British have withdrawn from Arleux and Aubenchel Aubec.

SERBIAN SUCCESS

LONDON, Sept. 30.—In the heavy fighting around St. Nicholas in Serbia near the Bulgarian frontier, east of Veles, the Serbians have compelled the Bulgars to retire, according to a Serbian official statement received here.

FOCH'S NEW BLOW.

The capture of Vailly on the Aisne brings the French again in reach of the Chemin des Dames (the Ladies' Walk). A little more will bring them to the heights of the Aisne and they will secure ground from which Laon can be successfully attacked and captured. The broken line shows the French advance.

FALL OF CAMBRAI AND ST. QUENTIN A MATTER OF ONLY A FEW HOURS

PARIS, Sept. 30.—An examination of one section of the twenty-two mile front on which General Gouraud is attacking in the Champagne will give an idea of the German wastage. On the eve of the attack General Ludendorff feeling uneasy reinforced the defenders with two or three divisions. After the day's fighting he threw in ten divisions. Thus twelve or thirteen divisions have been used upon a front of twenty-two miles only. From this the speed at which the Germans' strength is being whittled away may be easily calculated. The soberest and most conservative observers here consider that yesterday marked the first step in the decisive phase of the war.

Von Hertling and Hintze Resign

And the Kaiser Accepts Their Resignation

AMSTERDAM, Sept. 30.—Emperor William has accepted the resignation of Count Von Hertling and Admiral Von Hintze, according to the Zeitung Am Mittag of Berlin. No official announcement on the subject has been received.

BRITISH ADVANCE

LONDON, Sept. 30.—British troops advanced in Belgium today, captured Ghelwe and are now about 2 miles outside of the Belgian railroad junction of Menin.

SOLDIERS MARRYING OVERSEAS

(From the Toronto Star.) When Aunt Susan read in the papers the statement attributed to Sir Edward Kemp that "Canadian soldiers overseas are marrying English girls at the rate of one thousand a month," she took off her spectacles and made a few remarks. She said she did not suppose the Daughters of the Empire would have anything to say about this, as it was out of their line, nor the W.C.T.U. because they were busy trying to prevent the sending of cigarettes to soldiers, but she thought the daughter of Ontario ought to have something to say about it. It is not possible to reproduce Aunt Susan's remarks just as she made them because she speaks more rapidly than she thinks, and is forced at intervals to go back over what she says and shake things into place. But the gist of her views may be given his way: Thousands of Canadian boys went overseas at an age when they had not begun to think of marriage, and they have become marriageable while abroad. They get leave to England, but not to Canada, and on visits to England after the hardships of the field they are particularly susceptible to womanly influence and the charms of domestic life. If they are marrying over there at the rate of a thousand a month the girls here at home who look askance at slackers are going to find the marriage market queered when the war ends. True, quite a few of the boys who were getting married in England had been born there, but there were a great many girls here who had been born there also, and they were as much interested in this question as any others. Her opinion is that any Canadian soldier who desires to return to Canada to get married ought to be granted three months' leave this winter, and be facilitated by the Government in every way in doing so. Aunt Susan says the question seems much more important than any she has come across since she was granted the right to vote.
