LOCAL MATTERS.

CIRCUIT COURT adjourned Monday.

MOUNT ALLISON institutions reopened on the first of September.

HAYMAKING on the marshes has commenced in earnest. The weather this week has been remarkably favorable.

THE OPEN AIR FESTIVAL at West-cock yesterday was well attended, considering the busy season, and netted over thirty dollars.

SINGULAR ACCIDENT.—A cow belonging to Mr. A. Snowdon, of Wood Point, broke her neck on Monday while hooking a bank of earth.

BAPTIST ASSOCIATION.—The Nova Scotia Eastern Association will meet at Little River, Cumberland Co., on the 10th of September.

KENT ELECTION.—A despatch from Kent announces that Mr. LeBlanc and Johnson were elected to the Local House yesterday by about 200 voter majority.

THE ANNUAL MEETING of the Baptist Convention of the Maritime Provinces will be held in the Charlottetown Church, commencing on the 20th inst.

THE GOLD MEDAL presented by Mr. Philip Palmer to the Sackville Rifle Club is on exhibition in the window of Capt. Moore's bookstore. It is a handsome and expensive piece of workmanship.

AN OCTOGENARIAN KILLED.—Mr. Moses Jones, an aged and respected citizen of Moncton, was accidentally killed last Friday. He was on a load of hay which he was helping to bind, when the binding pole broke and he fell to the ground, breaking his neck. He was in his eighty-first year.

FIRE.—The dwelling house of Mr. George W. Towse, Aboussang Road, caught fire Monday morning from a defective fire and was burned to the ground. The greater part of the furniture was saved, as were also the barns, which however were badly scorched. The loss is estimated at \$2,500. Insurance 1,000.

AUCTION SALES.—On Saturday, 25th inst., there will be sold by public auction, at the residence of late Harmon Humphrey, all the personal property, consisting of Household Furniture, Farming Utensils, Cattle, 60 acres of Broadleaf Grass, Growing Crops, &c. For further and fuller particulars see posters.

MINERAL PAINT.—Sackville has a mineral paint industry. It is yet only a small affair, but is full of promise. The mineral is ground by F. H. Morice. He sold last year only 50 barrels, but it goes, wherever used, the most unqualified satisfaction. It is the cheapest thing in the market, easy enduring, and used with kerosene and paint oil combined, is capital for outbuildings, roofs, &c.

FOR PARRBORO.—Those wishing to get a view of the beautiful Minas Basin scenery in and around Parrboro, Partridge Island, Blomidon and vicinity can now have an opportunity for one dollar, but is full of promise. The mineral is ground by F. H. Morice. He sold last year only 50 barrels, but it goes, wherever used, the most unqualified satisfaction. It is the cheapest thing in the market, easy enduring, and used with kerosene and paint oil combined, is capital for outbuildings, roofs, &c.

EXCURSION.—Sackville people will have a special opportunity of spending a pleasant day at the Cape by taking advantage of the grand excursion to be held Wednesday, 17th inst., by the Amherst Cornet Band and Methodist Church Sunday School. The Band as lately constituted numbers 25 pieces and is preparing a special programme for the occasion. Everything will be done to make an enjoyable day. Refreshments will be provided at the residence of the Amherst Cornet Band. Return tickets for one dollar. This promises to be the excursion of the season.

UNSUCCESSFUL DEAD-BEAT.—A young man named Seman, who has been to the "States," arrived here last Sunday morning with his bride, whom he said was his sister, and bargained with the proprietors of the Brunswick House to be driven to Timber River. They were driven by the junior partner and when they reached their destination the young man paid him one dollar, which he said was all the money he had. As the luggage of the travellers had been left at the Station, the proprietors of the Brunswick House managed to get control of it and held it till the balance of the bill (\$4) was forthcoming. Mr. Seman's attempt at dead-beating was a conspicuous failure and he is probably sorry that he tried it on.

PRaiseworthy.—Last summer I was entirely laid up with liver complaint, a friend advised me to use Burdock Blood Purifier, I did so, and four bottles cured me. I cannot praise this remedy too much. John H. Rivers, Orr Lake, Ont.

LOCAL MATTERS.

WRECK OF THE ARADIAN.—The Norwegian bark Aradian, Capt. Wright, which sailed from Sackville last Wednesday and anchored off Wood Point, dragged her anchors Thursday night and struck on Black Point reef, on the Cumberland shore, at an early hour Friday morning, and filled with water. One of her masts broke when she struck, and she received other serious damage, including loss of keel, etc. Next day the vessel drifted on the Minnie Point, where she now lies a total wreck. The Aradian was about 300 tons register, and was loaded with deals by Mr. J. L. Black for Conway, Wales. She was insured in the Norwegian Insurance Company, of which the Board of Works for Monday, and received from Capt. Wright the formal abandonment of the vessel on behalf of the owners. An attempt will be made to save the cargo, which is also insured.

Rockland Station.

—James Buek has made quite an improvement around his place this season, and has added a new barn for carriage and general use. It adds much to the appearance of the place.

—One of the spans of Rockland bridge has given out, and is now being repaired by Mr. Harris, who is sent by the Board of Works for the purpose of securing the bridge before fall sets in and ice makes the river.

—Farmers have all struck out hay-making, but the weather has been so good, that they have been getting along very slowly. Hay and all other crops are good, all above an average crop.

—Rockland post office is to change hands in a few days, and is to be removed from the building owned by Hiram Hicks, at the corner of Taylor Village road, to William H. Black's carriage shop, some distance out of its natural position, which will place the office where it will be very inconvenient for the inhabitants here.

—William Crowson, who sold his farm to Hennig Black some time ago, is now under way trying to cancel the bargain, saying that he was a little mystified at the time, being in pursuit of another object, which caused him to make the mistake he did, but he has good hopes that he will yet get satisfaction. The Crowson farm has since been sold to one Mr. Buck, who is trying to purchase another farm from Charles McManus.

Dorchester.

—A Guelph furniture firm and a Guelph saddler each made a shipment of their goods to Australia last week. The former an elegantly appointed book-case and the latter a fine set of neocline mounted harness.

—The schooner Ida A. Thurtout took the largest shipment of smoked herring, to Gloucester from Grand Maun, ever discharged there 19,000 boxes.

—The Merchants' Bank of Halifax has decided to open a branch office at Fredericton, with Mr. A. S. Murray as manager.

—The Maple Leaf says it is estimated that 20,000,000 feet of lumber have been cut in Albert Co. during the past season.

—About eighty tons of straw berries have been exported from Madawaska to the United States this season.

—A marine ship is proposed to be built at Shelburne, N. S., by Mr. H. J. Crandall.

Praseworthy.

LOCAL MATTERS.

HARRY WILKES, the celebrated Government stiltion, arrived at Sackville Saturday night, and has attracted much attention from horse fanciers, by whom he is greatly admired. The Government made a good speculation in buying him, and could easily dispose of him for more than double what he cost.

FATAL ACCIDENT AT PARRBORO.

Another very sad accident occurred on the I. C. R. near Pains Junction last Thursday, the victim being the little son of Thomas King, section foreman. The little fellow, who was only about two years old, strayed on to a track when a special train was coming along. The driver saw him and the brakes were at once applied, but there was not time to stop the train, and the child was struck by the engine and thrown from the track, receiving injuries from which he died next day.
