SHERATON'S

CARPET

Warehouses!

GERMAIN STREET.

New Market Hall,

ST. JOHN, N. B.

HAVE had a great run ever since the season opened. Here Mr. A. B. SHERATON has one of the finest warehouses in Canada—certainly the most spacious and convenient of any in the Maritime Provinces. The building is 80x20 feet, with a 12 ft. gallery all around, and is lighted by 50 large windows, forming a most cheerful, airy and pleasant place wherein to spend an hour in the deliberate performance of an important household duty at this season of the year—the study and selection of new carpet outfits. The stock of carpets here offered to intending purchasers is quite bewildering, as regards variety of makes, patterns and styles, but while many may be in doubt as to the best selection to make where so many new and beautiful designs are offered in Brussels, Tapestry (Crosley's choice), All-wool Scotch, Union, etc., there is not the slightest doubt in regard to quality, which all agree in regarding as hitherto unprecedented in cheapness in this city. The hall and stair carpeting, the felt draughts and squares, the coons and manilla matting, the mats, rugs, and stair coverings, are presented in great variety and at prices which place first-class goods within the reach of all. There is also a great display of floor oil cloths, in all widths up to 20 ft., and of the latest designs in English and American goods: Curtains Materials in every variety and fashion; gilt and walnut Corbels and handsome gilt cornice Foles; as well as mattresses, pillows, bolsters and other necessary household articles. The establishment is complete in all its departments, and the rush of business which has rendered work necessary far into the night attests to the satisfaction which buyers have received at Mr. Sheraton's hands. Carpet cleaning, by steam, is also connected with this establishment; the charge is only four cents per yard. Mr. Sheraton has been fortunate in securing the services of Mr. J. W. Lingley (formerly of Sheraton, Son and Skinner) as buyer and book keeper, and in the labor of attending to customers, he has also the able assistance of Mr. Robert Thompson (from the same house)—both well known and highly respected in this line of business. Altogether, the new firm has made a most judicious opening and enters upon its campaign cheered by the patronage and practical favors of a host of friends. [June 21]

PARRISBORO' ITEMS.—Suits were recently brought against Parrisboro' mill owners, by a gentleman acting as agent for the Clerk of License; but it was discovered that the latter person had not given the required bonds, and therefore the prosecution was illegal. Two of the cases were dismissed. The third party was found guilty of selling without license and fined sixty dollars.—W. Flinn, Esq., has refitted his lannery on Spring street, adding thereto an engine and boiler. This establishment lately received four car-loads of tanbark by rail from Southampton.—Shortly after the St. John fire the... sailed up the river and broke bulk without entering—thus becoming amenable to a fine of \$400. The vessel being seized found that the furniture, &c., of which the cargo consisted, had been in use and was therefore exempt from duty. A fine of \$200 was however imposed and the furniture, which had been stolen from St. John, was seized and returned to that city. It was suspected at the time that a quantity had been removed from the vessel during the night; last week these suspicions were confirmed by a detective from St. John, ferreting out a number of handsome mahogany chairs, mirrors, a sewing machine, a child's carriage, &c. A costly piano is still missing but there is no proof that it was brought to Parrisboro'.—The crew of the "Gladolia" has left, giving as their reason the conduct of the first mate.—A school picnic on Friday, next, and also an excursion to Spring Hill at one fare.

A WOULD-BE MURDERER.—A terrible case of brutality occurred at Port Greville, N. S., on Friday, 24th inst. Some years ago, a widower named James Welsh married a young woman in St. John and brought her to his home at Port Greville. They lived together, not very happy, until a few days ago, when Welsh's son, who was a tall man, the other being his father that a young man was in the habit of visiting the house quite frequently during his absence. This enraged Welsh, who hurried home with a determination to avenge his supposed wrongs. With his eldest son, he went to the house, and in the face, falling her to the ground. A year ago Welsh lost three fingers by frost bite, and the stumps, two of which were knocked out of joint, broke the force of the blow. Seeing this, the brute again struck the woman, and this time in the abdomen, with such force as to render her completely insensible. Then, as she lay before him on the floor, he sprang with all his weight and force upon her breast, and turning, fled to the woods. The half-murdered woman was placed in bed by the neighbors, and lied profusely to the man, indicating severe internal injuries. On Saturday, Welsh returned to the house, and with fearful oaths and threats ordered his wife to rise. She being unable to comply, he dragged her by the head and beat her in the most brutal manner. Leaving her for dead he again fled to the woods, where he is still hiding in terror of the law, and only coming forth to speak with particular friends. The poor woman is now expected to recover. She is a very highly spoken of in the neighborhood, and it is to be hoped that every effort will be made to bring the fiend calling himself her husband to justice.

PROPHET AND SILVER DISCOVERY.—Mr. Vennor and his staff, who have been engaged in surveying the Upper Gattineau, report that the discovery of a huge mountain of pure crystalline phosphate of lime, showing a surface deposit of hundreds of thousands of tons, is claimed by an avowed prospector on an average of ninety per cent. of the salt. Mr. Vennor also expresses his belief that the Lake Superior silver-bearing rocks run across the head waters of the Gattineau.

Burgess," McBride, went outside on Sunday morning. The barque "Peter Clear," Whalen, sailed on Wednesday last for G. B. Two large vessels (one towed by a steamer) passed the entrance of the harbor on Sunday morning evidently bound to Shunness.—Father Chiquigny lectured here on Friday evening last to a crowded house. The Roman Catholics displayed their good sense and allowed him to come, and go, without the slightest molestation. No person came to hear their particular belief assailed, and Rev. Chiquigny's appearance is generally a signal of religious, or religious excitement. The good his mission will accomplish remains to be seen.—Dr. Tupper, C. B., passed through here on Friday night last remaining about two hours. He expects to return in November in company with several political friends, to address his constituents.—The new Post Office was opened on the 25th. It is fitted up neatly and conveniently.—Another shop is being built by Messrs. Eaton & Foster, for harness making, above, and tin shop below.

ROBBERY AND ATTEMPTED INCEST.—On Tuesday morning, Mr. Chambers watchmaker, on going to his shop discovered the door had been forced in and his stock of watches taken. Forty watches were missing, amongst them a valuable gold one belonging to Senator McFarlane. The same morning Mr. Wm. Scott, who keeps a general store at Wallace Bridge, found his premises had been entered, a quantity of goods stolen. The depredators had also set fire to goods on the shelves, which had happily gone out, or the damage might have been serious. Mr. Scott had the day before remitted \$700, so they found no money. The parties suspected are two strangers, who were seen lurking around the day previous, who had come apparently from Pictou way. They were a tall man, the other being a young man. They fitted themselves out with clothes at Mr. Scott's, and provided themselves with a Smith & Wesson revolver. They left a piece of paper that had come from Mr. McElmiston's store, from which it was suspected they had obtained the money of his jewelry establishment at Londonderry some time ago.

A LOT OF MONEY.—For many years there has been a tradition in Burford, Ont., that a keg of silver was buried along the highway many years ago by a Government treasurer who was to deliver it at London for the payment of the Militia. The keg and the treasurer disappeared together; the last seen of him was his horse headed for Detroit.

This month a man named Anderson from Burford, from United States, who brought with him a description of the spot where it was buried, obtained from his father, to whom it had been given many years ago, by the dying teamster. Anderson found no trouble in finding the spot. He dug till he came to a stone, as described. He rolled the stone away and the keg came in view. Opening the keg, there was just two American half dollars of the coinage of 1828. Anderson left in a rage—his belief being that the younger brother to whom also the secret had been committed, had had secured the treasure.

DISTRESSING CALAMITY.—A most distressing calamity occurred at Lochaber on Thursday last week. As Mr. Peter Stewart was coming out of his own stable he was met at the door by a bull belonging to one of his neighbors. He passed the gate without thought of fear, when the furious beast dashed at him in the most terrible manner and would have torn him to shreds on the spot had not two young men been near at hand with great difficulty succeeded in driving off the enraged animal. Mr. Stewart was an elder in Lochaber congregation and a very useful and most respected man in the community. He has left in the old home to mourn their irreparable loss the father of a wife and one daughter, and aged father and two sisters.

COSTLY OSCULATION.—A Botsford man who formerly held Her Majesty's Commission of the Peace, has proved himself as amorous as the month of May. A few days since he proceeded to slip the nectar from the lips of a fair Botsford Venus, without leave or licence previously obtained. Her coy protestations only strengthened his ardor, and he continued to kiss her. She immediately visited a Magistrate, and the gallant ex-J. P., following, was glad to hand over twenty dollars, as a bail to keep the blundered lips and to keep the affair quiet.

ARREST OF A POST OFFICE THEFT.—W. H. Clarke, a clerk in the Post Office, was arrested on Monday at St. John, for stealing a letter containing four dollars. It appears that for some time the postal authorities have been greatly bothered by complaints of missing letters. Clarke was searched and several letters were found upon him, together with money. It appears that Clarke's principal mode of operation was to steal letters addressed to women, there being now a considerable quantity of money passing through the office from working to their wives.
