BE A STRONG MAN.
Increase your vitality and nerve energy, restore vim and force to your overworked body. Ferrozone will do this as it did for Walter Word of Beauport, N. B., who writes: "I can say Ferrozone has given me a new lease of life. A year ago I suffered from nervous exhaustion. I was scarcely able to drag myself around. My appetite was gone, I had no color or ambition and felt used up. One box of Ferrozone started me back to health. I took a number of boxes and my health was completely restored." For men who are tired, pale, nervous and thin-blooded nothing compares with Ferrozone, 50c. per box at all dealers.

Started by Toothlight.
Allerton Hall was upward of four centuries the property and residence of the Kitchingman family. It was the largest and most ancient mansion in Chapeleau, consisting of about sixty rooms, with gardens and pleasure grounds. The Kitchingman family for upward of 400 years were carried from this hall by torchlight to be interred in the choir of St. Peter's church in Leeds. At the interment of any of the family the great chandelier, consisting of thirty-six branches, was always lighted. In the year 1716 Robert Kitchingman died May 7, aged 100 years. He ordered his body to be buried with torchlight at Chapel Allerton. He was interred on May 16, when 100 torches were carried. The room where the body was laid was hung with black, and a velvet pall, with escutcheons, was born by the chief gentry. The pallbearers had all scarfs, biscuits and sack; the whole company had gloves. Fifty pounds were given among the poor in the chapel yard on the day of his interment. Mary, his wife, died July 28, 1716, aged ninety-seven years. She was interred precisely in the same way—"Annals of Yorkshire."

For Black Eyes.
It is often the case that people meet with accidents and bruises, from which they suffer not a little embarrassment and annoyance. It is worth while to know that there is a simple remedy and allow us to dry, then put on the second or third coat as soon as the first is entirely absorbed. A medical journal is authority for the statement that if this course is pursued immediately after the injury discoloration of the bruised tissue will be wholly prevented. It is also said that this remedy is unequalled as a cure for rheumatism or stiffness of the neck.

The President for a Day Story.
The story that David R. Atchison of Missouri was president for a day started as a joke. Atchison was president of the senate at the expiration of President Polk's term, and the law at that time provided that that official should succeed to the presidency in default of both president and vice president. March 4, 1849, was Sunday, and President Zachary Taylor did not take the oath of office until Monday, March 5. Somebody thereupon started the joke that neither Polk nor Taylor was president during the odd day and that Atchison must have been. But if Taylor could not under the constitution be president until he had taken the oath of office how could Atchison? He did not take the oath either.

The Word "Tariff."
The word tariff has an interesting origin. It is derived from the Arabic to "riff," meaning an inventory of fees payable on demand, and became current in the following way: A certain Moorish general, by name Tarifa, seized in the year 710 upon a small seaport some twenty miles from what is now Gibraltar and the southernmost town in Europe. Here he founded a station for levying toll on all craft trading in the neighborhood and bestowed his name upon the place, after the manner of Constantine, Alexander and others. The word came eventually to signify a schedule of charges assessed upon the French, Italian and English.

Weird Story of a Chair.
In the museum at Cape Town is shown an old fashioned, high backed wooden chair, to which attaches a weird story. It is related that the chair is the one in which the Dutch governor was found sitting dead a few moments after the execution of a soldier whom he had sentenced to be hanged, and who on his doom being pronounced solemnly called upon his conqueror to accompany him to the throne of the Supreme Judge.

"On Satan's Knees."
A little girl of five or so was much puzzled on hearing the lines of the old hymn:

And Satan trembles when he sees
The weakest saint upon his knees.
"Whatever," she asked, "did they want to sit on Satan's knees for? I'm sure I should not like to sit on Satan's knees at all, and why should he tremble if they were so little?"

From the Irish.
First Citizen—I beg your pardon, sir, but I am a stranger in Dublin. Can you direct me to Grifon street? Second Ditto—With pleasure. Sure it's the second turn to the right. First Ditto—Thank you, sir. (Walks off.) Second Ditto (calling after him)—Eh! If you're a left handed man it's the other way entirely.—London Globe.

Your P's and Q's.
All little girls and little boys should mind their P's and Q's. Or else so many, many things of value they will lose. For, while P stands for prompt and peace, and Q for quietness and quiescence, and politeness and propriety and praise. It also stands for pinch and pry and plague and pester; you will see it heads perversity and pert and painful too. Then, for Q, it stands for quick and quietness and queen, Delicious quince and quarts and quill And Quaker so serene, Yet still it's at the head of quail And quarrel, quip and quack And quackand, quincy, quils and quabs And querulous, alack!

"Money Back"
means merit. No house would offer to refund money, unless they were sure you would not want to have it refunded. When a house with a well-earned reputation says, "your money back if you are not satisfied with our goods," you may be sure the goods are right. We have such implicit confidence in the virtues of

CIN PILLS
that we authorize druggists to refund the money if they fail to cure. We know they WILL CURE all Kidney Troubles—strengthen weak Kidneys, and relieve pain in the back, dull headaches and all other distressing symptoms of Kidney Disease. That is why we make this emphatic offer. It's worth a try to be relieved of the agonizing pains—its worth \$5 or even \$10 to be completely cured. And we refund the price if they fail. You certainly get your money's worth either way. Get now, 2 for \$1.00, at druggists or direct from THE SOLE DRUG CO., WINDSOR, CAN.

Crows are hardy birds," remarked the boarder who is always delving in ornithology. "In cold weather I have known them to go five days without food."

"That's nothing, chicked the comedian boarder. "I have known crows to go five days without anything to eat."

Great Scott! What kind of rows were they?"

Why scarecrows?"

And the landlady was so tickled over the joke that she put sugar in the coffee instead of coffee.

Minard's Liniment Cures Diphtheria.

"So you don't care for Boston girls?" interrogated the windmill drummer.

"No, by heck," drawled old Farmer Hardapple. "They put on too many frills with their words. For instance, my niece came from Boston and one day she told me to 'occlude' the door. By the time I got the dictionary out of the garret and found out what 'occlude' meant the drafts had given the old woman the neuralgia, started up grandpa's rheumatism and laid up all the children with the whooping cough. No, mister, I don't believe in unnecessary words."

Stubb—What is the matter with this book? I can't shut it up.

Penn—No wonder. It is called "Woman's Talks."

Talk about amiable dispositions! Why, it is all humbug. There was never a man living but what got hot under the collar sometimes.

You are mistaken old chap. Adam was an exception.

How do you know?

Because he never wore collars.

Your Doctor

Can cure your Cough or Cold, no question about that, but why go to all the trouble and inconvenience of looking him up, and then of having him prescribe a medicine, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter.

Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly?

I don't know much about that, drawled the mayor of Eagle Eye with a twinkle. We ran six out of our own yesterday.

Yes I shall never forget our experience in Holland," related the man who had just returned from abroad. One night while sleeping at a farmhouse there was a terrible earthquake that almost threw me out of bed."

What? Didn't I get up and see, and the building was shaking?

Oh that was caused by the other dropping their wooden shoes.
