## ANNUAL MEETING -OF-

# The Home Life Association of Canada

The Annual Meeting of the Home Life Association of Canada was held at the office of the Association, corner Victoria and Adelaide streets, Toronto, on Tuesday, Feb. 9, 1909.

There was a good attendance of the Shareholders and Policy-holders

There was a good attendance of the Shareholders and Policy-holders. The President, Hon. J. R. Stratton, occupied the chair, and Mr. A. J. Wal-ker, Secretary of the Association, acted as Secretary of the meeting. The statement submitted by the Directors showed that the total net Ledger Assets at the close of the year amounted to \$928,079.29, being an in-orease of \$118,523.15 over the figures of last year. Of the net Ledger Assets amounting to \$928,079.29, first mortgages amounting to \$323,887.19 represent thirty-five per cent. of the total; Deben-tures, Bonds and Stocks \$185,230.13 and Cash in Banks \$126,268.86 amount to twenty-five per cent.; Loans on Policies \$146,186.11, to sixteen per cent.; Home Life building \$145,000.00 to sixteen per cent.; the balance of the per-centage to make 100 being represented by Cash in Hand and Investments on Call Loans. It is to be seen, therefore, that the investments are not of a speculative character. The Assets of the Association, including outstanding or deferred premiums and Agents' Balances, total \$908,063.13. The cash premium income for the year amounted to \$199,789.12, an ad-vance over the amount of 1907. The interest earnings for the year 1908 amounted to \$46,761.48, being twenty-one per cent. over the previous year. The largel prevent per cent.

twenty-one per cent. over the previous year. The legal reserves on policies issued, provided for on the stringent Gov-ernment basis of valuation, total \$819, 90.31, an increase of more than \$100,000 over the fource of lowres of lowres of the stringent Govover the figures of 1907. The total assets for the protection of policy-holders now amount to

\$1,752,461.61.

The interest earnings of the Association, \$46,761.48, are now \$12,791.63 in excess of the amount required to satisfy the liabilities arising from policies be-coming claims. coming claims. The decrease in the amounts of payments in respect of cash surrenders was noted with satisfaction, and there was a gratifying lessening of lapses of poli-

The payments to policy holders during the year amounted to \$54,680.60; death claims comprised \$33,964.85; matured endowments and cash surrenders totalled \$20,715.15.

death claims The total insurance in force at the close of the year was \$5,548,258.00, un-der 4,408 policies.

The reduction in expenses of management, and the satisfactory surplus, are

regarded as two features of a gratifying character. The annual statement of assets and liabilities was satisfactory to Share-holders, and taken in connection with the other satisfactory aspects of the re-port, were considered evidences of general improvement in the condition and in-

terests of the Association. Taking this into account, and also the good results of last year, and, in ad-

Taking this into account, and also the good results of last year and, in ad-dition, having regard to what has been accomplished under the present Board, there is shown conservative and competent administration of the affairs of the Association. With this assured, and in view of the present satisfactory state, of its affairs, a continuation of prosperity may be anticipated with confiden

connence. After remarks expressing congratulations and explanations by the Presi-dent, Vice-President, Managing Director and Shareholders, the report was adopted unanimously. dent

heon, Managing Director. a lively debate to-night at the Board of Education meeting. Previous to 1903 the maximum for kindergartners was \$400. In 1903 the maximum was made \$450, the minimum being \$300, with an annual increase of \$25 for three years. In 1905 the Board provided for an ad-vance of \$25 yearly to the \$300 mini-mum, until the \$450 maximum was fixed at \$350, with an increase of \$25 each, year for two years, and \$50 each year, thereafter until the maximum of \$550 was reached. Last year the Board re-NEW INDUSTRY. three or four people and 3,000 square

three or four people and 3,000 square feet of space, every year since an ad-dition has been made to the building until it covers 240 x 120 ft., five stories high, making three acres of floor space. Four hundred persons are employed in the works and a corps of 250 salesmen to cover the United States Irom ocean to ocean. The company has 12 branch offices in the principal cities in the United States. The McCaskey Reg-jester is patented in Canada. The de-vice covers a one writing system for keeping credit accounts. It elimin-ates the bookkeeper, sales book, day book, cash book, ledger, etc. It is used in all retail stores which do a credit business and over 40,000 have been sold up to this time. The special committee appointed by was reached. Last year the Board re-commended this year's Board to fix the maximum at \$650.

# **MONOPOLY OR NO HYDRO POWER**

## (Continued from Page 1.)

was going to be at Dundas. Now Ham-ilton, the most favorably situated of Beach, that the inter-switching station any of the municipalities, is asked to pay the cost of transmission from Dun-das. Experts say that a large percent-age of the power will be lost between there and the Beach in stepping down and transmission.

day alternoon in the Mayor's office, and talked the matter over. John Patter-son, who has done so much to build up. Hamilton, and W. B. Champ, President of the Board of Trade, were present. It was decided to inaugurate an active campaign for a greater Hamilton. The personnel of the industrial committee hear not hear definition, deaided yet. It there and the Beach in stepping down and transmission. Another important question was an-swered by Mr. Beck yesterday. The Mayor wanted to know if the city at the end of five years should desire to continue the lighting contract with the Cataract, could it do so or make a con-tract with some other company. "It is lights we are taking and not power," was the way he placed it before the power Minister. Mr. Beck said em-phatically the city could not make a contract with the Cataract or any other company for lights. It must take all its power, no matter what for, from the commission for thirty years if it enters the contract. campaign for a greater Hamilton. The personnel of the industrial committee has not been definitely decided yet. It will consist of twelve members, six re-presentatives from the Council. The Council men will be Mayor McLaren, Ald. Cooper, Peregrine, Allan, Lees and Guy. The names mentioned for the other six include Paul J. Myler, John Patterson, W. B. Champ, John Hoodless, Robert Hobson and A. Hatch. The spe-cial committee will have a report ready for the next Council meeting. s, six ncil. Th. McLaren, J Tees and th

west Land Regulations. A NY person who is the sole head of a fam-lity, or any male over 18 years old may homestead a quarter-section of available Ditition Ind in Manitowi, Schwarewan or son at the Dominion Lands Agency or Sub-Agency for the disrict. Eatry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties-Six months' recidence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acress solely owned and occupied by him or by his father, mother, son, daughter, brother or sis-tin, certain conditions a homesteader in sond

father, mother, son, daughter, brother or eis-ter. In certain conditions a homesteader in good stading may pre-empt a quarter-section alongaide his homestead. Price \$3.00 per acre. Dutice-Must redied six months in each of six years from date of homestead entry including the time requires to earn home-stad right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties-Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00. W. W. CORY.

W. W. CORY, Deputy of the Minister of the Interior. N B -- Unauthorized publication of this ad-tertisement will not be paid for.

Chambers-Ferland-200 at 83 1-2, 100 at 82 1-2, 100 at 82 1-2, 500 at 82. WALL STREET NEWS. Copper on hand ready for delivery is actually 144,000,000 pounds. Rock Island will pay off in cash its \$6,000,000 maturing in April without further resort to financing. Independent producers say steel or ders are at low mark, but indications of an increase in near future. Attempts to check copper production meet with no satisfactory results. London market generally firm, with strength in consols on King Edward's favorable reception at Berlin. People's Gas earnings for the year ended Dec. 31, 1908, were \$2,755,000, a decrease of \$606,000, equal to 8.66 per cent. on the capital stock. stock was very scarce, and the best sold at 6 to 61-4c, and sheep at 33-4c to 4c per lb. The demand for calves was acper lb. The demand for calves was de-tive and prices for all good to choice stock show an advance. One calf weigh-ing 625 lbs., sold for \$32, and the others at from \$3 to \$15 each, as to size and quality. Owing to a more liberal sup-ply of hogs an easier feeling developed in the market and prices declined 12 1-2c to 15c per event, but at this reduction the

COBALT MINING STOCKS.

**COBALT MINING STOCKS.** A more buoyant tone is characterizing the Toronto mining market, and even the more conservative brokers see indications of a steady advance in prices in the near future. Buying orders are coming in very steadily and on the exchange almost all stocks show continued strength. Silver Queen took an unexplained drop, selling as low as 68 after touching 80 on the previous day. It recovered, however, and sold as high as 71 in the afternoon. The announcement that the Privy Council had decided against the T. and N. O. Commission had no effect on the stock, which sold at 6.50 all day. Beaver continued strong, going to 28 1-2, but rumors of another strike could not be confirmed. There was also a movement in Otisse, which touched 51 1-2, due to reports of completion of the mining plant and preparations being made for active work.
