ADMIRAL BEREFSFORD Hero of Alexandria Will Open Canadian National Exhibition at Toronto. Admiral Lord Charles Berefsford, who has accepted an invitation to visit Canada to open the Canadian National Exposition at Toronto, is known to fame as the great leader in the national defence movement now agitating the whole empire. Lord Charles, who is the second son of the Marquis of Waterford, first became known to fame at the bombardment of Alexandria, when he sailed the little Condor into water too shallow for the big battleships and silenced a battery that was doing great damage to the British fleets. "Well done, Condor," was the signal that floated from the flagship after the battle, and the young Lord was known as "Condor Charlie" till more dignified titles crowded the name into comparative obscurity. Admiral Berefsford can do other things besides fighting. He has three medals for life-saving, has written a Life of Nelson and several treatises on naval matters, is an all-round sporting man, and is known all over Britain as a warm-hearted Irishman. The flow of sand through tubes has been studied by C. E. S. Phillips. It seems, says the Scientific American, that the rate at which the free surface of a column of sand descends in a powder from an orifice at the lower vertical tube, owing to the escape of powder from an orifice at the lower end, is independent of the head of sand above the opening. These experiments are intended to throw light upon the manner in which this result is brought about. By placing the powder in a D-section tube faced with glass, and arranging dark layers at regular intervals, the relative motion of the particles at various places is rendered visible as the column diminishes. The "gurgling" tube indicates, by the curious sound it emits, that the flow of sand takes place through it intermittently.

CADET CAMP. Collegiate Boys Had a Glorious Week of It.

The first annual camp of the Hamilton Collegiate Institute Cadet Corps is now an event of the past. The week's outing certainly was a pronounced success. It was, to say the least, a grand closing for the successful work in drill during the past term. Probably this is the last time that many of the cadets will don a soldier's uniform during their school life, but one fact may be stated, that, as now they go out to travel life's way, the thought of the pleasant hours spent in drill on the Collegiate campus under the faithful guidance of Instructor Syme, the strict military discipline of camp life, and the jolly tales told round the camp fires on Carpenter's beach will never leave their memories. From the time the boys pitched camp on the 10th inst. until it was struck on the 17th inst. every minute was occupied in some profitable, or enjoyable, way, planned by the staff. Not one accident or mishap of any nature occurred to mar the pleasure, while the meals served were A-1, and as the fellows said, "they lived like princes." A great deal of the success of the camp must be attributed to Color-Sergt. J. J. Syme, the instructor. It was mainly his good general management and forethought that brought the camp through without a hitch, and the Collegiate is very proud of having such an able man as its drill instructor. In making the arrangements Instructor Syme was greatly assisted by Cadet Sergt.-Major Stevens, who spent a special portion of his time in this work, especially arranging the programme for field day. The thought of extending the camp had to be abandoned principally because a large number of the boys had to return to the city to take up business positions, while at the same time the camp fund was rather low. The cadets desire to heartily thank Ben. J. M. Gibson, Mayor McLaren, Mr. Henderson, Major Bruce, W. H. McLaren, Lumsden Bros., Mr. J. McLaren and all their friends for the assistance they have rendered, both financially and in donating supplies, also those who put up prizes for field day. The watermelons which Mr. F. Cloke sent down on Friday were greatly appreciated by all, and took a prominent part in Friday night's celebration. On Thursday the corps visited the Brantford cadets, who are at present camping at Grimsby Park. A baseball game was played, which resulted in a victory for the Brantford boys by a score of 12-4, though the game was much closer than the score indicates. In the evening the two corps attended the Grimsby roller rink with their lady friends, and a most enjoyable time was put in. On Friday the Brantford cadets sent up a team to shoot off a rifle match with the Hamilton boys. The Hamilton team, consisting of Sergt. Collier, Ptes. Jarvis, Whitehead and Lumsden, completely defeated the Brantford team by the score of 125-84. The happenings of Friday evening, the last night of camp, will never be forgotten. After a monstrous camp fire was built and the fatigue work finished, the boys started out to have a good time after every face in camp, with the exception of the instructor, had been gaily decorated with shoe blacking, water, snuff, foot tack, etc., took a prominent part in the pranks of the boys. On Saturday morning reveille sounded at 4 o'clock, and at 7 o'clock the tents were all down, and all the baggage was packed ready for shipment. It was a tired and weary bunch of cadets that arrived in Hamilton some hours later. They lost no time in departing to their homes to make up for the sleep lost during the week.

INSULTING WOMEN.

To the Editor of the Times: Sir—Will you be so kind as to allow me a space in your paper with regard to the insults heaped upon the Hamilton women. (Is something to be done to stop these men? What are the Police doing? It is the worst thing that has ever happened in Hamilton. And can the newspaper have the power to do the sort of thing. I hope the council will pass a by-law to put an end to this sort of thing, and I hope the Chief of Police will look after these men. Now, Mr. Editor, in thanking you for space, yours truly and against these hold-up men. BEN SMITH, City Hospital.

REGAL SHIRT

Employees Had a Fine Time at Mohawk Park. A very enjoyable picnic took place on Saturday, when the employees of the Regal Shirt Co., Limited, were entertained by the management at Mohawk Park, Brantford. The party went by special cars over the Brantford & Hamilton line, and after a record run reached Mohawk Park, where the fun began. After two very exciting games of baseball a programme of athletic sports was carried out. The following is a list of the winners: Ladies' 75 yard race—Miss Hunter, Miss Viedenhimer, Miss McGowan. Potato race—Miss Bowman, Miss Theoret, Miss Brunt. Needle threading race—Miss Moriarty, Miss Hunter, Miss Cliff. Girls' race—Miss Moriarty, Miss Laundry, Miss Hickey. Men's 100 yards race—B. In addition to the entertainment afforded by the athletic programme there was also a beauty contest, which was won by Miss Smith, one of the company's genial travellers. The pie-eating contest was won by "Doc" Heuser, with Chester Walters a close second. Following the sports the party sat down to a beautiful repast, and after partaking of supper speeches were made by Mr. R. B. McGregor, the popular manager of the company, for his thoughtfulness in providing the outing for the employees. The speeches were as spicy and entertaining. The following committee was responsible for the arrangement of the programme, which contributed largely to the success of the affair: Misses Bowman, McKim, Fools, Hornby, Hunter, and Cline, Messrs. Kennedy, Elms and Patterson.

HELP AND ENCOURAGE BANDS.

To the Editor of the Times: Sir—In the Times of July 16th, a new article on "Band Night" refers to two or three little things that could be done to enhance the pleasure of the citizens who attend these open air concerts. The suggestions offered are timely and certainly much needed, but something further than that to which the article alludes is urgently needed to make our summer concerts worthy, or anything like in keeping with the oft vaunted status of an "Ambitious City." In this one particular matter, I think, that as a municipality, the keenly suggested lines of Burns are strikingly applicable to us. "Oh would some power
