FEES OF DOCTORS.

The fee of doctors is an item that very many persons are intarested in. We believe the schedule for visits is \$3.00, which would tax a man confined to his bed for a year, and in need of a daily visit, over \$1.000 a year for medical attendance a one. And one sincle bottle of Hop Bitters taken in time would save the \$1,000 and all the year, sickness the \$1,000 and all the year, sickness.
