Word has been received of the death in England on July 6th of Major-General Sir George Arthur French, H. C. N. G., first Commissioner and organizer of the R. N. W. M. P. He was decorated for his work in leading a party of Mounted Police across the Rocky Mountains in 1874.

The Ontario Government has awarded a contract for the manufacture of 166,000 sets of Motor Car Markers for the year 1922. The contractors are McDonald Manufacturing Company of Toronto and the price is fourteen cents per set. This year's revenue from Auto Licenses brought the Ontario Government about \$3,000,000.

A Reuters Cable from Melbourne to Montreal says that the entire State of Victoria Australia has been experiencing very heavy weather recently with considerable snow-fall followed by a great deal of rain. Even at Melbourne such conditions are unusual. Several Ocean vessels are overdue. There is some anxiety on account of Coastal traffic.

In the vicinity of Suffield, Conn., more than 1000 acres of standing tobacco was ruined by a terrible hail and wind storm on July 28. The property loss is estimated between \$800,000 and \$1,000,000. Trees were uprooted in many places blocking the highways and the hail fell to a depth of six to eight inches in spots.

The one hundred and fiftieth anniversary of the birth of Sir Walter Scott occurs within a few weeks, according to London advice, and is to be made, the occasion of a series of notable celebrations in memory of the Author of "Waverley." Among other things a special edition of Scott's works is to be brought out in commemoration of the centenary.

Information regarding the Census of Canada, which has been made public by the Dominion Statistician, shows that of sixteen Cities named all have increased in population with the exception of Brockville, Ont., whose population has decreased within the last ten years slightly over 300. Charlottetown's population has increased from 11,203 to 12,329, that is a little over an average increase of 100 per year for the ten years. The population of Ottawa is 107,137, an increase of 23.1 per cent. since 1911. The population of Hull across the Ottawa River is given as 23,867, an increase of 31 per cent.

Between Forest and Sea

Sydney, N.S., July 28.—Sweeping down on the coast under the impetus of a fresh southwesterly breeze, a gigantic forest fire this evening wiped out Newhaven, a hamlet of 500 people, and for several hours menaced with destruction the village of Neil's Harbor, about sixty miles north of Sydney.

Latest information indicates that New Haven is a solid mass of flames, but that the fire is dying down, and Neil's Harbor is believed to be no longer in danger. Some four hundred people reported in early advices to have been trapped between the burning forest and the sea, and to be suffering intensely from smoke, have all escaped in motor boats or aboard the revenue cutter Gribb, which with other vessels started to their rescue immediately upon receipt of the news of the fire.

Oxford, N. S., July 28.—Forest fires, cutting a swath six miles in length and one mile wide, threatened the town of Oxford today. Thunder showers this afternoon helped to check the sweep of the conflagration and gave some relief to scores of men who were fighting for the preservation of the town by cutting timber along railway sidings. At Oxford and Oxford Junction tonight men are on guard over seven million feet of lumber piled for shipment.

Fredricton, N. B., July 28.—A forest fire today destroyed several houses at Nelson, on the Miramichi River, and \$1,000,000 worth of sawn lumber at the Fraser Company's Limited, mill. For a time the whole plant was threatened.

Prime Minister Returns

Halifax, N. S., Aug. 7.—I will give you one thought—that the experience of the past few weeks has impressed upon my mind the real value of the undoubted necessity of these conferences and is not a mere platitude, much less an empty patriotic boast to say that Great Britain is the greatest factor in the world today for preserving peace. It is a practical and solemn vital truth. In the very nature of things she is the daysman among the nations of Europe, and you cannot in these days have peace anywhere unless you have at least substantial peace in Europe. The influence of the British statesman in the councils of the world is greater because the Dominions and India are within the Empire and because she reflects or wants to reflect their views as well as her own.

It was the Right Hon. Arthur Meighen, premier of Canada who after several weeks sojourn in London in consultation with the Prime Minister of various sections of the British Empire, expressed this sentiment to a crowd of Canadians gathered at the pier head on Saturday evening to welcome him home.

Browned by the Atlantic sun and with an eye sparkling with pleasure as he stepped from the gangplank of the steamer Carmania. The premier replied to the address presented to him on behalf of the city of Halifax by Major John H. Parker. He was reticent however in touching on the proceedings of the Imperial Conferences with regard to Canadian affairs. Mr. Meighen was optimistic.

I know there is much to be done, and I have been impatient to get back to take a hand in the work, he told the crowd on the pier, but those who lament about Canada have not seen much of other countries in these times. We have our troubles here in Canada—the disturbance of trade, the restlessness and disorder that seems epidemic in these times have not left us unmolested. But as we are in a sound position and a comparatively strong position, let us take courage and confidence and let every class be reasonable, and there will soon be work for all who are ready to work, and ten years from now this country will be the envy of the world.
