Every prominent young man appreciates the wisdom of accumulating for his own benefit at least, and looks comfort and enjoyment relieved from want and worry. And every thoughtful man endowed with manhood feels that a duty rests upon him to make some provision for others dependent upon him.

The safest, simplest and most profitable way to accomplish all this, and to be sure of a snug competency by the year 1932, is by investing in a Canada Life Endowment Policy for \$5,000 or \$10,000, according to your means and requirements.
