NEW ORLEANS, August 3.

A sensation has been caused in

Latin-American revolutionary gov-

ernment circles by the arrest here of

Dr. Raymond Matthews, special agent

of the States Department of Justice;

J. L. Mott, assistant, and Ernesto

Fernandez, acting representative

here of the Constitutional party of

Mexico, on a charge of blackmail.

The arrests resulted from an appeal

to the local police by Emmanuel (Cas-

tillo) Butto, former Governor of the

State of Campeche in Mexico, who

stated he had been approached by

one of the three with a copy of a

telegram, which purported to have

come from Washington, signed Mr.

Reynolds, ordering Butto's arrest.

Butto says he was informed \$500

would extricate him from the situa-

tion. At this juncture he told local

detectives. All concerned met at

number 1223, St. Charles Avenue,

last night, where the arrests follow-

ed. Assistant Chief Detective Moon-

ey, who filed the charges, said that he

found \$500 in marked money on Mat-

thews.

LONDON, August 3.

The Chronicle's Vienna corres-

pondent wires: Optimistic, though

unconfirmed, news reaches me to-

day as to the Balkan situation. The

Bulgarian Premier declares that the

war may be considered finished, that

there is every prospect that peace

preliminaries will be signed within

five days, and that the settlement of

the Macedonian question would cause

no insurmountable difficulties, the

Powers having reserved to them-

selves the final decision. As to the

attitude of Turkey, it is asserted that

while the military party in Constan-

tinople persistently maintain that

Turkey will retire from Adrianople

only if overwhelmed by force, com-

pensations are indicated by the Porte

which would cause it to consider re-

tract.

LONDON, August 3.

The independent attitude adopted

by Joe Martin, M.P., for East St. Pan-

craz, in voting with the Opposition at

the close of the Marconi debate, has

brought its penalty. Martin has

been asked by the local association

not to seek re-election. He said he

will do nothing of the kind. Ru-

mors as to his resignation are un-

founded. It is understood that the

Legal Liberal Association is with-

drawing its support from Martin

who will probably start a new asso-

ciation in the interest of Liberal La-

bor.

ST. PETERSBURG, August 3.

The Russian Minister of the Inter-

ior is credited by the Novoye Vremya

with the question of permitting the

Holy Synod to proclaim that the

Baptists are a sect especially harmfu-

to the State, and, therefore, not eligi-

ble for registration, and not possess-

ing the status of liberty of worship.

ST. PETERSBURG, August 3.

Denials are given to sensational

reports spread abroad that the Rus-

sian Government has decided to take

warlike steps against Turkey. It is

stated that Russia has determined to

avoid isolated action. The present

trend of events rather favors a re-

approachment with Austria.

LONDON, To-day.

Bulgaria submitted counter pro-

posals to the demands of the allies

at the Bucharest Peace Conference.

Bulgarian proposals stipulated the

frontier line shall start at the old

Bulgarian boundary, run southwards

between Kumanovo and Teraplanika,

thence between Vele and Islep, across

Vardar River and Marichovo near

Monaster, then by way of Hogen

Goghed, Klish to West Sere, across

Etiruma River to Mulofani. Such a

frontier would give Bulgaria posses-

sion of Korchana, Islep, Strumitza,

Sere, Kavala. Bulgaria declined to

recognize the allies' claim for inde-

pendency or enter into any negotia-

tions concerning that subject.

BUCHAREST, To-day.

Bulgaria's counter proposals were

presented at the Balkan Peace Con-

ference here and are regarded as con-

stituting her maximum demands, con-

sequently their abatement to some ex-

tent is considered purely certain.

Peace will be signed according to the

opinions expressed in diplomatic cir-

cles on the basis that points relat-

ing on which an agreement cannot be

reached, shall be reserved for deci-

sion by the Great Powers.

TOWER CITY, Pa., To-day.

Nineteen men were killed and two

injured in an explosion at East Brook-

side Mine at the Philadelphia Reading

Iron Company near here. When a

rescue force explored an affected

section of the mine, they found most

of the mines alive although they were

in close proximity to the explosion.

From Labrador.

The S. S. Invermore, Capt. Jacob

Kean, arrived here at 7 p.m. Satur-

day from Labrador, and went to and

from Hopedale in 9 days, 5 hours, be-

ing a very quick run. She had fine

weather all through and brings a poor

report of the fishery on the coast from

Hopedale south. Unless a big voyage

is made from that point north the

voyage will be the poorest for years.

The following report was brought

along:

Belle Isle—Fish struck off.

Battle Hr.—Nothing for hook air-

line or traps.

Venison Island—Nothing doing.

American Tickle—No fish.

Flat Island—No fish.

Sandy Islands—A little doing.

Griffin's Harbour—No fish.

Spotted Islands—No fish.

Domino—No fish.

Indian Tickle—A blank.

Grady—No fish.

Grosbe Water Bay—Fishery here a

complete failure.

Macovic—Nothing doing.

At Macovic Islands Dunn's crew

of Harbour Grace, were getting from

80 to 90 qts. daily and would do much

better work but for the presence of

ice. Other people there were doing

fair.

At Sloop Cove the fishing was fair.

Robert Bert's schooner, of Westley's,

reported 500 qts., and Capt. A.

Kean's for 300. Pretty well all the

fleet has gone north with from 15

to 250 qts.

There is a possibility, however, that

on Northern Labrador the fishery will

compensate for the poor voyage on

the southern ports.

FISHERY NEWS.

The Portia fish plentiful along the South-

ern Shore. All the S.W. coast bank-

ers have used up their caplin bait-

ings, and returned to the home ports

with from 600 to 1,100 qts. of fish

each.

Tragedy at
Bell Island.

A sad drowning fatality occurred at

Bell Island on Saturday afternoon

the victim being George Muford,

aged 32, a native of Clarke's Beach.

The unfortunate young man was an

employee of the Nova Scotia mines.

He ceased work at three o'clock and

in company with his brother, Robert,

and another companion went swim-

ming in a pool which was formerly

used as an ore pit. Muford was a

good swimmer and it is thought took

cramps and sank. His companions

could not render aid as they were un-

able to swim. An alarm was given

and search for the body commenced.

After an hour's groping Mr. J. Fra-

ser, of No. 3 Scotia Slope, under whom

deceased worked, raised the body to

the surface; artificial respiration

proved unavailing. Dr. Ames held a

post mortem examination. The sad

happening has cast a gloom over Bell

Island. Deceased was married and is

survived by a wife and four children.
