The woman who has a complexion that is naturally youthful and velvety is the envy of those who are not so fortunate. But a good or bad complexion usually indicates the amount of care you bestow on your skin. You cannot have a bright, clear skin unless you keep your skin clean—if you do not protect it from the ravages of cold winds and other enemies.

NYAL FACE CREAM

is a delightful preparation that will help you towards your aim of a beautiful complexion. It is pure, soothing and stimulating, giving a glow and pleasant sensation of health when applied to the skin. It helps nature overcome wrinkles, pimples, roughness and blotches and imparts that clear, velvety texture that you like to see and touch.

Price 25c. and 50c. a jar.

DRI-FOOT

Waterproofing

You do not need to wear heavy, uncomfortable rubbers if you treat your shoes with it. Dri-Foot is a liquid composition that waterproofs your shoes and gives them longer wear. It is invisible—does not prevent polishing, costs but a fraction as much as rubbers and one application lasts all season.

Children's shoes as well as yours should be treated with Dri-Foot.

TORIC LENSES

ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.
