The Work on the Placentia Road

Those who were familiar with the road as it was formerly from Holyrood to Placentia and who have passed over it recently canlight, collars, etc., all to the value of tour of the various centres of the presented, and even those who were a tour of the various centres of the presented, and even those who were work which has been and is being performed by the Highbeing performed by the Highavidence submitted the blankets. roads Commission under the direction of Mr. Cochius. And it is ond hand store on Water Street West. Grand Falls in the evening, they were not only the actual layout of the work and the other details of construction by which a track has been turned into a highway that is noticeable, but in particular the splendid spirit which seems to prevail among the workmen and the keen interest have been a burden on the country they are showing in the whole undertaking.

From St. John's to within a short distance of the Halfway House a splendid surface has been made, the old wooden "bridges" replaced by iron or concrete culverts, and the dangerous corners removed, and while work of a durable nature has been the main object of the operations, those in charge have never lost sight of the importance of preserving and giving full expression to the natural beauty of the route.

Placentia has been brought into within less than five hours of on my good humour, and do then on my good humour, and do then hold discourse with me of the procountry which has endless attractions both for the tourists where, he tells me, they did meet with D. Baird (Sr. and Jr.), V. S. Bennett, tal as a result of what was being done at the end of the route is a place historic interest that it cannot fail to prove a centre of attraction for visitors in the future.

To the Third

To-day the firm of Ayre & Sons passes another milestone in its history with the entry into the business of the oldest son of Mr. James S. Ayre, the oldest son of Mr. Fred W. Ayre, the senior director of the firm. Thus the three generations are represented in the establishment, a gangway and in some unaccountable prove the beginning of a new era in manner tripped. Besides having a Placentia's history, and be the means record which, to our knowledge, has not previously been made scalp wounds. A doctor was called of uniting even more closely the An-

John, the youngest member of the family, takes his place in the firm after a successful career at Bishop Feild College and The Leys School, Cambridge, and in wishing him success in his new undertaking, we extend to the Senior Director and the firm our congratulations, and trust that Leys School, Cambridge, and in will long be preserved.

The New Taxi Service

"New" Taxi, although in reality a tes new service, has a staff of experienced drivers, who are always on the job. In all, the New Taxi has Entertained at six cars (open and closed) and we bespeak for them a liberal share of patronage. Their telephone number

MINARD'S LINMENT FOR RHEU-MATISM.

Magistrate's Court

Two drunks were each fined \$1.00 A 27-year-old laborer was arraign ed and stood charged with assaulting and beating a workman named John udlow, an employee of the Dry ock. The assault took place on Monday night. By the evidence sub-mitted the accused who was also a workman on the same premises, go intoxicated and fell asleep, with the sult that he received orders that his services were no longer required

The accused became enraged over this, and without any further provocation he attacked the man Ludlow who was operating the lever in the man while he was in the act of working the derrick, and to escape rom being hit, he was obliged to seen to more wonderful effect.
ake one hand from the lever and In the Parliamentary party his head, to allow the missile to pass. At the same time a num of men were working the buckets, and if anything had happened in the control room their lives would have been endangered. Judge Morris in summing up spoke strongly on the conduct of accused in the case.

Dock, and such actions would not be tolerated in the future. The cused was fined \$10.00 or in default 30 days' imprisonment.

and stood charged with stealing 18 blankets, and one set of binoculars, from the steamer Terra Nova, the property of Messrs. Bowring Bros., also the larceny of two tified the stolen property. Upon conviction, Judge Morris sentenced the support them. Both men deserted their vessel last spring, and they

PEPYS BEHIND THE SCENES

Aug. 31st-Comes a letter to me this morning, which do give me the greatsigned "An Appreciative Admirer, and do extel my poor journal beyond all that I did ever think of. Indeed, the writer do make it his only complaint that my writings are all too short, and, moreover, he do tell me how he may never thank me enough filled with joy that my poor work is so highly thought of, and methinks will soon require a larger size in hats Meeting Povey, he do congratulate me gramme for the Parliamentary delein search of sport, or for those pleased with all they did see.
