Breakfast—Err's Cocoa — Grateful and Comforting.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctor bills.—Civil Scrvice Gazette. Made simply with boiling water or milk. Each packet is babelled "James Epps & Co., Homcopa thic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condemsed Milk.)

We understand that the whooping-cough is quite prevalent in the towns around us; but that no cases have proved fatal. Some families use nothing but "Johnson's Anoydne Liniment. Our Doctor, however, says a little ipecac, to produce vomiting, would be an advantage.

produce vomiting, would be an advantage.

There are more than one thousand different kinds of pills in the United States. Some of them are worthless and injurious, others are good and beneficial. Old Dr. Parsons invented the best antibilious pill we ever saw or heard of. They are now sold under the name of "Parsons' Purgative Pills."

"Time tries all Things," and has proved that "Dr. Wistar's Balsam of Wild. Cherry" is the remedy par excellence for the cure of coughs, colds, croup, whooping-cough, bronchitis, asthma, phthisic, sore throat, and influenza. It cures coughs and colds instanter! *It cures coughs and colds instanter! *It couches the irritated parts; it heals the inflammation; and even consumption itself yields to its magic influence.

BRONGHITTIS.—Freeport, Duby County, M. S., January, 1868.—M. James I. Fellows.—Sir:—In the winter of 1866 I was afflicted with a severe attack of Bronchitis, and although our doctors were very attentive, and used all the means in their power, they ailed to afford me much re, lief. I obtained your Compound Syrup of Hypophosphites, and took it until it made a permanent cure. I am now in perfect health and free from Bronchitis. Respectfully yours, MENDALL CROCKER.
