### NORMAN RANKIN, NOW THE MAN WITH THE SHOVEL, IS DOING THINGS

DVICES received from Norman S. Rankin, permanent secretary of the Western Canada Irrigation association, indicate that the convention of that body at Kelowna, B.C., August 13 to 66, will be one of the greatest gatherings of irrigationists yet held n Western Canada. Mr. Rankin is at present on a trip through the Northwest States getting in touch with numerous experts who will address the convention and reports that his trip is proving extremesuccessful and that the representation from the districts in the States where irrigation is practised will be greater than ever.

Full arrangements are being made at Kelwona for the housng of all delegates and the officers are urging all bodies entitled to send a full compliment of representatives. All agricultural societies norticultural, forestry and live stocks associations, and all municipal, rillage and rural organizations in Alberta, Saskatchewan and Briish Columbia are entitled to two delegates each, while all boards of trade, chambers of commerce and kindred organizations are entitled to three each. As the convention next year is to be held at some prairie point it is urged that Alberta and Saskatchewan organizations should send strong delegations.

ent time, the party will arrive in Cal-
