FOR AULD LANG SYNE.

"Should old acquaintances be forgot?"

The answer comes mechanically from every Britisher. Nor should new acquaintance be forgot. Remember that on the bloody fields of South Africa your brave soldier boys were on the firing line flanked by loyal British subjects from Ceylon and India. In the midst of danger lasting friendships were formed, and you, ladies of Canada have it in your power to cement those bonds. The Green teas of Ceylon and India appeal to you from sentiment. By using them you not only aid your brother colonists, but you get absolutely the best tea. Those of you who drink Green Japan teas have a revelation in store if you make the change. Blue Ribbon, Salada and Mosson packets may be had from your grocer.—Colonist.

Young Swamproot.—Mr. Hayrake, I live bin a-courtin' your darter Hanner for fifteen years, and—Old Hayrake—Wal, what d'ye want? Spit it out! Young Swamproot.—I want Hanner. Old Hayrake—Wal, I'll be digged! I reckoney ye was expectin' a pension or something.

A Poor Millionaire

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by J. E. Richards, druggist.

Dillidally (a chronic procrastinator)—I dreamed last night that I—er—ah!—proposed to you. I wonder what that is a sign of? Miss Lingerin' (desperately)—It is a sign that you have got more sense when you are asleep than when you are wide awake!

The Cause of Nervous Headache.

This most distressing and common malady doubtless has its origin in some unbalanced condition of the nervous system. Probably the simplest, safest and most efficient remedy is Polson's Nervine. Twenty drops in sweetened water gives immediate relief, and this treatment should be supplemented by bathing the region of pain with Nervine. To say it acts quickly fails to express the result. Sold everywhere in large 25 cent bottles.

Sold by J. E. Richards.

Mr. Johnson—Want my daughter, eh? Have you prepared a home for her? Young Jackson—Surely! I helped her and her mother do de spring housecleanin' here while yo' sneaked away on a dahnin' trip one day!

White man Turned Yellow.

Great constipation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes and he suffered terribly. His malady was yellow jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful stomach and liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its worth: merit for all stomach, liver and kidney troubles. Only 25c. Sold J. E. Richards, druggist.

Jimmy—Scientists predict dat in two million years da world will be nothin' but a vast ball of ice! Johnny—Dem scientists is foky! Yer notice dey never predict nothin' on a dog-fight er a prize fight er a election; it's allus authin' yer can't nail 'em wid a bet on!

Special From Newcastle, Ont.

Newcastle, July 4th. Mr. Thos. Hays is again a well man and says: "As one who for ten years suffered from asthma, I recommend Catarhoxone as a positive sure cure; three bottles cured me perfectly." Catarhoxone has never yet failed. Even cases of twenty years standing that have baffled the skill of specialists have been cured by Catarhoxone. It cures by inhalation, pleasant to use, no danger or risk. The worst cases of asthma can be cured by Catarhoxone in two to five weeks. Instant relief and ultimate cure guaranteed if Catarhoxone is used. Give it a trial. Price \$1.00; small size 25 cents. Druggists or Polson & Co., Kingston, Ont. Sold by J. E. Richards.

Mrs. Flatter (reading)—A bed of quicksand is the most treacherous and deadly thing on earth. Mr. Fitter—Guess the chump who wrote that never saw our folding-bed!

It Dazzles the World.

No discovery in medicine has ever created so quarter of the excitement that has been used by Dr. King's New Discovery for Consumption. Its severest tests have been hopeless victims of consumption, pneumonia, hemorrhage, pleurisy and bronchitis, thousands of whom it has restored to perfect health. For coughs, colds, asthma, croup, hoarseness and whooping cough it is the quickest, surest cure in the world. It is sold by J. E. Richards, who guarantees satisfaction or refunds money. Large bottles 50c and \$1. Trial bottles free.

Ed—I have named my dolly Doty Dimpl Ethel—But what a name for her to call through life when she grows up and has or eight children! Parents should think of these things!

CASTORIA For Infants and Children. The only safe and reliable purgative. Sold by J. E. Richards.

ROME-GROWN BEEF FOR NAVY

Such Will Soon Be Stipulated by the British Admiralty.

Discrimination Against American Canned Meat Has Now Been Extended by the British Government to the Naval Army of Service—Americans Have Been Investigating—They State an Alleged Cause For Complaints Made.

London, June 29.—The Secretary of the Admiralty, H. O. Arnold-Forster, intimated in the House of Commons yesterday that the Admiralty contemplated stipulating that the navy be supplied with home-grown beef, wherever proper slaughter arrangements were possible.

Investigations Made. Washington, June 29.—In view of the temporary prohibition of American meat for military purposes in South Africa by the British Government, the Consul-General at Cape Town has been making investigations with regard to the cause of the restriction, and has submitted the results to the State Department. The British minister, when questioned, pronounced the American article very satisfactory, and their officers stated that in many cases the men preferred the tinned meat to the poorer fresh article.

At Pretoria a large stock of American meat was at hand, and no store or shop complained of it. In fact, the only complaints made of the American article arose from improper care of it after it had reached the Transvaal. It was found to be the practice at British military bases to use a layer of corned beef cases as a floor, and pile on top flour, meal and other commodities, to protect the latter from ground moisture. But the cases of beef themselves suffered from the exposure, the tins becoming rusty and small holes letting in the air. In some cases, after three months exposure of this sort, the meat would be sent out to the troops, necessitating the return of the soldiers. Most beef tins were found to be in this condition.

London, June 29.—During the debate on the army re-organization bill, in the House of Lords yesterday, Lord Wolseley, the former Commander-in-Chief of the forces, declared the United States army was the finest of its size in the world. He said its superiority was due to good wages. Great Britain must face the alternative of conscription or L. S. D. (ground, shillings and pence) to secure recruits.

Shipload of Boers

Hamilton, Bermuda, June 29.—The British transport ship "Hesperus" having on board the first shipload of Boer prisoners to be quartered on Darrell's and Tucker's Islands here, arrived in these waters yesterday. The health officers only are allowed to visit the ship at present. It is rumored that there is much sickness on board.

The Armenians had a good passage

of 11 days from the island of St. Vincent. The prisoners seemed to be in good spirits, though rather ragged in appearance. The prisoners were a mixed lot of native Dutch and Europeans.

Fear Renewal of Massacres.

St. Petersburg, June 29.—Despatches from Erzerum state that great consternation prevails throughout Armenia on account of the recently reported seizure of a quantity of cartridges consigned to a well-known Armenian. The seizure was ordered by the customs authorities of Constantinople. The action is regarded as a mere pretext for murderous assaults on the Armenians by the Sultan's soldiery. Previous massacres have been foreshadowed by similar events.

Four Men Badly Injured.

London, Ont., June 29.—While engaged raising a barn for Mr. Christopher Robinson of the sixth concession of West Nissouri, on Wednesday, four men met with serious accidents, some of which may prove fatal. The men had just succeeded in raising a beam to its place, when those on the ropes pulled too far and brought down the whole side. Four men were badly hurt. They are John Walkem, George Macdonald, Roy Skinner and James Woods.

Cruel Case of Stabbing.

Ottawa, June 29.—Howard Turner, a youngster who resides with his mother at 90 Connor street, was stabbed yesterday morning in the leg while sitting in front of The Citizen office on Sparks street. An artery was cut, and but for prompt help the boy might have bled to death. Young Turner does not know who stabbed him. He was sitting over a grating and did not notice anything until he felt a sharp pain in the leg.

Part of His Skel. Removed.

Toronto, June 29.—William Macdonald, J. P., postmaster of North Bay, underwent a critical operation yesterday in St. Michael's Hospital. A portion of his skull, which had become thickened and was pressing on the brain, was removed. It is thought that the bone had thickened as a result of a blow on the head Mr. Macdonald had received when a boy. He is on a fair way to recovery.

No New Developments.

Toronto, July 2.—There are no new developments in the C.P.R. strike. Both sides are encouraged by the prospects and confident of winning.

The King's Coronation Proclamation.

London, June 29.—The royal proclamation announcing that the coronation of King Edward is to take place in June next, the exact day not yet being determined upon, was read yesterday morning in St. James' Palace, Temple Bar, and the Royal Exchange, with all the quaint, mediaeval scenes which marked the occasion of the proclaiming of the accession of the King.

Will Not Hang.

Ottawa, June 29.—Fred Collins, who killed Banjo Kid at Peterboro, B. C., will not hang. His sentence has been commuted to life imprisonment.

Scrofula

What is commonly inherited is not scrofula but the scrofulous disposition.

This is generally and chiefly indicated by cutaneous eruptions; and sometimes by paleness, nervousness and general debility.

The disease afflicted Mrs. K. T. Snyder, Union St., Troy, Ohio, when she was eighteen years old, manifesting itself by a bunch in her neck, which caused great pain, was lanced, and became a running sore.

It afflicted the daughter of Mrs. J. H. Jones, Parker City, Ind., when 18 years old, and developed so rapidly that when she was 18 she had eleven running sores on her neck and about her ears.

These sufferers were not benefited by professional treatment, but, as they voluntarily say, were completely cured by Hood's Sarsaparilla.

Hood's Sarsaparilla

This peculiar medicine positively corrects the scrofulous disposition and radically and permanently cures the disease.

AGAINST U. S. STEEL TRUST.

The Strike Will Be Most Formidable in August Next.

At the outset, however, President Sherman will have at his nod and beck 35,000 workmen—in accordance with his Order 16 Furnaces at Allegheny Are Closed For Want of Workmen—Other Strike News.

Pittsburg, July 1.—As a result of the refusal of the representatives of the American Sheet Steel Company and the American Steel Hoop Company, subsidiary companies of the great United States Steel Corporation, to sign the workers' new scale at Saturday's conference, circulars were sent out from the national headquarters of the Amalgamated Association of Iron, Steel and Tin Workers yesterday and today, declaring a strike at all the plants of the two combines. The great strike is now on, but it will be several days before its actual extent is known. At the outset, however, over 35,000 men will be involved.

Real Battle Aug. 1.

For the first few weeks the situation will not show the strength of the association. Union and non-union alike are demanding a short vacation, and the operation is made that the companies will be unable to keep any one at work for two or three days after tomorrow. The heat is in tense and the most violent outburst to-day, are almost in a state of revolt. It will be after, perhaps, the first of August, when the combine makes a serious attempt to start up the mills, that the real battle will begin, if no settlement has been reached at that time.

Furnace Crews Out.

In accordance with the demand of the orders of the crews of 16 furnaces in the Lindsay and McCutcheon mills, Allegheny, Pa., the men at the four other crews are expected to quit to-day. The men say they will remain out until the scale is signed.

At the Lockhart Iron Works, McKees Rocks, Pa., the men at the four other crews are expected to quit to-day. The men say they will remain out until the scale is signed.

At the Isabella furnace of the American Steel Hoop Company at Etna, it was stated to-day that the strike would not affect it. There are 800 employees, 700 of whom are Italians. The remaining 100 are machinists, and are satisfied with their scale.

Signatures Received.

Signatures to the amalgamated scales from the following concerns received at the headquarters this morning: Lockhart Iron Works, McKees Rocks, Pa.; Sharon Steel Company, South Sharon, Pa.; Stewart Iron Company, Limited, Sharon, Pa.; N. & G. Taylor & Sons, McKeesport, Pa.; American Rolling Mill Company, Muskegon, Mich.; Southern Iron and Steel Company, Anderson, Ala.; Bessemer Rolling Mill Company, Bessemer, Ala. A telegram from Canton, Ohio, stating the Canton Rolling Mill of the American Steel Hoop Company closed down.

Work Side By Side.

At Scotland, Pa., the millwrights plant is idle on account of repairs to the engine, but the Scotland plant of the same company is working full. So far as can be learned, orders at the mill are not to stop work, and union and non-union men are working side by side.

One Strike Settled.

Binghamton, N.Y., July 1.—The strike of Erie hotel amateurs, which has lasted six months, has been settled. The men, who number about 500, will return to work Monday, July 3. All the demands of the strikers, with the exception of abolition of the piecework system, have been granted.

Strike Settled in Half an Hour.

Hamilton, July 2.—There was a short-lived strike on the Hamilton, Grimsby and Beamsville Electric Railway on Saturday. The conductors and motormen, about 15 or 16 in number, went on strike for higher pay.

No New Developments.

Toronto, July 2.—There are no new developments in the C.P.R. strike. Both sides are encouraged by the prospects and confident of winning.

Will Not Hang.

Ottawa, June 29.—Fred Collins, who killed Banjo Kid at Peterboro, B. C., will not hang. His sentence has been commuted to life imprisonment.

FREIGHTS MEET HEAD-ON.

Causing Over \$30,000 Damage to Grand Trunk Ry. Co.

Nine Cars Rolled Down the Embankment at Bowmanville and Were Burnt Up—Both Engines Demolished—Bridge Smashed—Fireman Breaks a Leg—Traffic Delayed For Hours—No Lives Were Lost.

Bowmanville, July 1.—Domination Day was marked in this town by a serious railway accident at the G.T.R. station. About 3.30 this afternoon two freight trains collided head-on on the bridge, just west of the station, wrecking the engines and tenders and destroying 9 or 10 cars laden with flour, wool, hay, meat, machinery, etc.

The train from the west in charge of Conductor Michael Murray and Engineer Charles Blaylock had been given three orders and was traveling about 25 miles an hour. The train from the east in charge of Conductor Joseph Mitchell, Toronto, and Engineer R. Milne, Belleville, stood on the main track, preparing to start at 3 o'clock on the way south, but did not get out of the way soon enough. The other train crashed into it with tremendous force.

The cars on the east train were only slightly damaged, but 8 or 9 cars on the thru freight were thrown off the track and several of them down the embankment to the creek below. The contents quickly took fire, and a mass of burning ruins now lies piled up on the north side of the bridge. The town fire brigade was quickly on hand and made every effort to put out the fire, working faithfully till after dark.

The bridge, which is an iron one, is considerably damaged, but the wrecking train gangs were quickly on hand clearing up the debris and relaying the rails, so that by 9 o'clock the trains from each direction were enabled to pass in safety.

No lives were lost, but the fireman on the thru train, James H. McManis, of Bowmanville, leaped from the engine to the creek below and escaped with a broken leg. Prompt medical attendance was given him and he was removed to his home here.

Big Fire at Elora.

Elora, July 1.—A disastrous fire occurred here Sunday morning, which destroyed 100,000 lbs. of wool. The wool was in a shed, and the fire was caused by a gas stove. The fire was extinguished by the Elora fire department. The loss is estimated at \$30,000.

The Accession Oath.

London, July 2.—The modifications suggested by the Parliamentary Committee in the accession oath are generally approved by moderate men in the Commons, but the Irish Nationalists are not likely to accept them as satisfactory, and there will be objections from ultra-Protestants to this reasonable measure of avoiding offence to the sovereign's Catholic subjects.

Killed Eleven at a Blow.

Chicago, July 2.—Eleven boys were killed and another probably fatally injured yesterday afternoon by a single bolt of lightning. The victims were fishing in Lake Michigan at the foot of the Montrose boulevard on the north side. The fatal bolt struck the pier where they were seated, and all were thrown into the lake. Only one boy has been so far recovered.

Increased British Revenue.

London, July 2.—The revenue returns for the United Kingdom for the quarter ended June 30, show an increase from all sources of £5,481,105 and a net increase of £3,086,105 over the returns of the corresponding quarter of 1900. Of the increase £2,440,000 is derived from the income tax and £272,000 from the customs.
