

Woman's Welfare.

PAIN'S CELERY COMPOUND Gives and Maintains a Perfect Condition of Bodily Health.

The susceptibility of women to nervousness and worry is heightened by the fact that in the majority of cases they lead confined and monotonous lives, narrowed down to the four walls of home the greater part of the day.

Pain's Celery Compound is just what such nervous and depressed women need to restore their nerves to energy and to lift them out of their constipated, dyspeptic habit of body.

No other remedy known to medical men is so rich in flesh forming and energy-producing constituents for women as Pain's Celery Compound.

First officer—Any sign of the enemy weakening? Second officer—Well, yes. He has just sent word that he will fight to the bitter end.

You Must Die,

SAID HIS PHYSICIAN. SOUTH AMERICAN KIDNEY CURE GAVE THE DOCTOR THE LIE. IT CURED BRIGGS' DISEASE.

La Grippe will leave its brand on the weakened spot. A bright young man in a Western Ontario city, son of a well-known lumberman, found that the influenza epidemic had developed in him that most fatal of all kidney troubles—Bright's Disease.

ing and all too this spirit that are farmers anywhere. It is the arrayed against. Not long ago talk wherever nery was first a few farmers

STRATHCONA'S CUT RAILWAY

Canadians Again Make History in South African War.

The Horse Blew Up the Railway Bridge at Komati Poort, on the Railway Between That Point and Pretoria—Boers Are Now Bottled Up Inland and Cannot Reach the Sea—What the Coup Means.

Pretoria, June 25.—(Montreal, June 27.—Star Special.)—Strathcona's Horse has done one of the great deeds of the war.

Leaving Cape Town a month ago they went to Durban by water, and then proceeded up the country, reaching General Buller's force in time to do splendid service in the advance from Newcastle to towards Standerton and Pretoria, service for which they received special mention in Gen. Buller's despatches to the War Office.

Now they have done a deed which will live in history. They have blown up the railway bridge at Komati Poort, on the railway between Pretoria and Komati Poort, and have cut off all communication of the Boers with the sea.

AM the Delorain Bay Railway rolling stock, the Boer artillery and the whole Boer army, including the gold taken by President Kruger from the mint here, are west of that break and must now inevitably fall into our hands.

Strathcona's Horse has effectually bottled up the Boers.

Another Canadian Dead. Ottawa, June 27.—Lord Minto received the following cable yesterday from Sir Alfred Milner.

Cape Town, June 25.—Regret to report the death of No. 7,818, Pte. Larne, R.C.R., Quebec, of enteric fever, at Wynberg Hospital, on June 24. (Signed) Milner.

Larne was an officer of the 87th Battalion, and resigned his commission to enlist in the first contingent. He was wounded on Feb. 18 at Paardeberg. He was a son of Dr. Larne, Quebec.

More Invaded Canucks. Ottawa, June 27.—The following non-commissioned officers and men of the Canadian special service forces have been invaded from South Africa to England:

No. 12, Corp. Grey, Brigade Division Field Artillery. No. 321, Pte. J. Wood, 1st Batt. Canadian Mounted Rifles.

No. 56, Pte. G. Ferguson, 2nd Batt., Canadian Mounted Rifles.

BOERS GUERRILLAS NOW.

Commandant De Wet Has Broken Up His Forces Into Small Bands, Who Are Harassing the British.

London, June 27.—(3.20 a.m.)—The Boer commandoes in the eastern part of the Orange River Colony appear to have broken up by their leaders for a time into small parties that harass large columns of the British incessantly, cutting off scouts, sniping pickets, and making a show of force here and there.

Lord Roberts' columns are steadily contracting the circle of their advance.

President Kruger will probably retire to Watervalder or Nelspruit. His physician thinks his condition of health will not allow him to go on the high veldt.

Commandant-Gen. Botha is uncommonly active east of Pretoria. The Canadians are doing splendid outpost work.

Convoy and Highlanders Captured. The official report of the capture of a convoy of 50 wagons escorted by Highlanders between Renoster and Heilbron, June 4, was only received yesterday.

Lord Roberts reports that the rebels in Cape Colony, north of the Orange River, is now over the last formidable body, under Commandant De Villiers, surrendered on June 29, consisting of about 220 men, 280 horses, 18 wagons, 230 rifles and 100,000 rounds of ammunition.

Gen. Baden-Powell reports that pacification is going on satisfactorily in the Rustenberg district.

A DELIBERATE SUICIDE. William Armstrong Tried Bug Poison, Which Failed—Then a Knife.

HOOD'S PILLS

Rouse the torpid liver, and cure biliousness, sick headache, jaundice, nausea, indigestion, etc. They are invaluable to prevent a cold or break up a fever. Mild, gentle, certain, they are worthy your confidence. Purely vegetable, they can be taken by children or delicate women. Price, 25c. at all medicine dealers or by mail of C. I. Hood & Co., Lowell, Mass.

First freak—Yes; the manager has discharged the two-headed girl. Second freak—Why, he engaged her only last week! First freak—Yes; she was just a nine-days' wonder.

He Fooled The Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Recital Fistula, he would die unless a costly operation was performed; but he cured himself with Bucklen's Arnica Salve, the best in the world. Surest Pile cure on earth. 25 cents a box. Sold by J. E. Richards, druggist.

"Has your furnace been satisfactory this winter?" "I don't know how the rest of the family feel about it, but I've kept warm when I'm at home, chasing down cellar to see what was the matter with it."

He is a Wonder.

All who see Mr. C. F. Collier, of Cherokee Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped till he used Electric Bitters and was wholly cured by three bottles. Positively cures Backache, Nervousness, Loss of Appetite, all Kidney troubles. Only 50c at J. E. Richards' drug store.

FROM THE PHILIPPINES.

AN INTERESTING LETTER WRITTEN BY CORPORAL T. W. MICHAEL TO W. SECOND, BOTH FORMERLY OF THE EXPRESS OFFICE.

Lucena, Luzon, P. I., May 8th, 1900.

DEAR FRIEND BILLY,—You will be more than surprised to hear from me, and more so to note the date and place of writing.

Billy, I am a soldier, or as we call ourselves "Old Soldiers," for I have, indeed, won that honorable name. In 1898 I served as a private in Co. "C," 34th Michigan Infantry through the Spanish American war, and was in the battle of San Juan Hill, Santiago de Cuba and Camaguey covered with honors.

On my return to the States the war broke out in the Philippine Islands, and the fever again struck me and I re-enlisted in Co. "C," 30th U. S. Infantry, which organization I am now a member of, and sailed for Manila, P. I.

We have been on these islands for over a year and will remain here until the United States to do garrison duty. We have been fighting steady since our arrival here and have seen some good hard fighting and we will be more than pleased when the cruel war is over.

Billy, "war is h—" You have no idea what a soldier has to contend with. Not alone do the bullets and shells bursting over your heads keep you guessing, but it is the hard marches we are forced to take, over mountain trails and some of the roughest trails a person can imagine without food or shelter, and sleeping in mud and water. It is hotter than hades ever thought of being in these tropical countries. Six months of the year it never rains, and "Oh! how hot, and then the remaining six months it rains all the time, and you wade in water up to your hips all the time. The houses here are built up in the air twenty feet, because if they did not build them that high they would be flooded out. In our regiment we have lost about 460 killed and about 80 taken prisoners, besides a very large number wounded. I was shot through the hip last January in a hot fight at Santa Cruz, which was one of the warmest fights we have had, but I am again back with my company and ready for another wound if necessary.

Billy, I like soldiering. There is just enough danger attached to this life to make one feel excitement. The niggers here do not "saby" our mode of fighting. When we encounter a number of them, no matter how strong they are entrenched behind breastworks our officers throw us into a skirmish line and give the command "To the charge" and away we go on the run, firing lead into them all the time and each man hollering at the top of his voice, and "Oh! Ted" you should see the niggers "vamoose," leaving their dead and wounded behind them. I tell you, Billy, that is excitement, and then you can lay down at night and dream of home, friends and sweethearts. Well, Billy, I must close. Write me often, because I would like to hear all about Aylmer and the people there.

Give my regards to all my friends. If I have any "Is Levi" airbanks in the EXPRESS office yet? Tell him to write. Billy, tell me all the news possible. Will look for a letter from you. Yours truly, TOM MICHAEL, Address. CORP. TROS. W. MICHAEL, Manila, Philippine Islands, Care Co. "C" 30th U. S. Infantry.

DOMINION HOUSE.

Day Spent Mostly in Passing the Militia Department Estimates.

Ottawa, June 27.—At the morning session of the House yesterday the report of the committee on printing, recommending the purchase of 300 copies of the Bank Act of 1890 and 1900, was presented. In answer to Mr. McNeill, Dr. Borden said all who had been made honorary Lieutenant-Colonels has been so on Gen. Hutton's recommendation. Mr. Maxwell read a telegram from Mr. Charles de la Roche, Sir Hibbert Tupper's charges against him, and after two militia items had been passed in supply the chairman left the chair at 1 o'clock.

Militia Estimates.

At 3 o'clock \$55,000 for militia stores at Ottawa was passed, as was the item, \$110,000 for clothing and necessaries.

During the discussion, Dr. Borden stated that another Maxim gun had been bought and that grants would be made to encourage rifle clubs.

After recess, the item, \$240,000 for arms, ammunition and defenses was discussed. Dr. Borden, in reply to Mr. Foster, said \$150,000 of this would be used on equipping three new batteries of artillery and \$90,000 would be spent in getting the best rifle possible to be furnished to the rifle clubs of Canada that may be formed.

The Railways and Canals. Mr. Blair spent two hours in explaining his policy in regard to the department. He declared \$80,000,000 had been spent unprofitably upon Canada's canals, but very little money was expended upon the L.C.R. Mr. Blair's aim had been to put the railway upon a paying basis, and bring in an era of surplus rather than deficit. He declared the former Government had tried to make a showing of a surplus by neglecting to properly care for the road-bed and rolling stock. This was not a legitimate means. Now the road was maintained on a proper basis and paid. Mr. Blair estimates that it will cost \$3,500,000 to complete the Trent Valley Canal, according to the present route. This will be included in the supplementary estimates.

The House adjourned at 12.40.

The Senate. Ottawa, June 27.—In the Senate yesterday the bill respecting grain inspection in Manitoba was read three times, and passed. When the Schomberg and Aurora Railway bill came up for a second reading, which was given it, Senator McCallum denounced the bill because it gave the company forever in which to build the road.

Premier Ross at Ottawa. Ottawa, June 27.—Hon. G. W. Ross was in the city yesterday to see Hon. Sidney Fisher, regarding the copyright amendments and the Author's Society. He spent the whole afternoon at Ottawa, and was at times in close and earnest conversation with Sir Wilfrid and other Cabinet Ministers. He left for home last night.

A press despatch from London states that the Imperial Government looks with favor upon the amended Canadian copyright bill now before the House. Hon. Mr. Fisher, asked last night concerning this said: "The Imperial Government has never been consulted as to my copyright bill. I haven't anything about their opinion of it."

McInnes Justifies His course. Vancouver, B.C., June 27.—Ex-Lieutenant-Governor McInnes, in a statement of his case in The World last night, justifies his course and says the metallic influence, apparently all-potent at Ottawa, did not affect him. He says he expected his political assassination, but that he acted under orders from Ottawa, the Secretary of State having written him letters of instruction and told him to destroy them when read. He has the letters, but, as they were marked confidential, cannot disclose their contents.

Bleeding Piles

A Prominent Business Man Testifies to His Cure by Using Dr. Chase's Ointment.

Not a day passes but many people volunteer recommendations of Dr. Chase's Ointment as an absolute cure for every form of piles.

Mr. Jas. Jackson, of the Laurie Spool Company, St. Alexis des Monts, Que., writes:—"You may put my name to any praise you can give to Dr. Chase's Ointment, for it has done me more good than any medicine I ever used."

I was troubled for two years with that cruel disease, bleeding piles, and after using Dr. Chase's Ointment, I can say I am entirely rid of it. It is a treasure to all suffering from piles."

WHAT IS

CASTORIA

Castoria is for Infants and Children. It is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other Narcotic substance. It is Pleasant. It cures Diarrhoea. It relieves Teething Troubles, cures Constipation and Flatulency. It regulates the Stomach and Bowels. The Children's Panacea—The Mother's Friend.

EVERY WRAPPER BEARS THE SIGNATURE OF
